

# Testimony of Christ Prisoners

He loves me and gives himself up for me. (Galah 2:20.)

I plead with you, as prisoners, that when you are called, you must be called and you are to be called. Well proportioned. (Eph. 4:1)

Paul, who was imprisoned for Jesus Christ, and his brother Timothy, wrote to our parents. Philemon, fellow laborer of love, (Domen 1:1)

You must not be ashamed of the testimony of our Lord, nor shall I be imprisoned for me. The shame of shame; always suffer from God's power and suffering for the gospel. (2:1)

## Preface

"I would like to praise God the Father of our Lord Jesus Christ. He gave us all the spiritual blessings of heaven in Christ Jesus. Just as God chose us in Christ before we created the world, and made us We are holy before us, and we have no blasphemy. And because we love us, we are pleasing to Him according to His own will, and we are scheduled to receive the Son's name through Jesus Christ." (Eph. 1:3-5)

With dead myrrh, resurrection of frankincense, to smoke me through, to give him appreciation.

Before we met the Lord, God gave each of us twelve months of preparation, six months with myrrh oil and six months with spices and cleansing. Whether or not we can accept the Lord when we meet the Lord accepts the Lord to be pleased. It depends on whether or not our life today is witnessed by the aroma and frankincense of myrrh.

Thank God! In the way of life, God specially arranged for me some environment and suffering, but He also held it up with a powerful hand and brought me to the realm of resurrection - Frankincense.

As a result, many brothers and sisters once advised me to write out the wonderful leads and powerful works of the Lord on me, as well as signs and wonders. At the age of 76, I never dared to write because I was really afraid of the corrupt nature of Adam and I was so proud of my exaltation that I was terribly depraved. What a terrible aspect! The tongue man fears that the description of God's strange love will be messy.

Until May 28th, 2014, "In Zhaoyuan City, Shandong Province, the omnipotent deities cult's incident" shocked my heart. The truth did not spread the word, and evil religions had already become a disaster.

The thief came here as a cult who steals, kills, and destroys....

The thief comes only to steal, kill, destroy. I have come to make sheep (or human beings) have life, and to obtain more abundant. (About 10:10)

When Jesus came, it was a new life of true and beautiful people, a living sacred virtue of Christ's truth, goodness, and beauty.

There is no rescue other than him, because there is no other name in the world, and we can be saved. (Acts 4:12)

Because of the evils of this cult, the brothers and sisters cried louder and louder. At the party, the adults and children unanimously demanded that I should write the Lord on my body and how to bless the family until the present day. Our entire family does not forget the Lord's grace. After praying again and again, the Lord gave this sentence: "God, I will not forsake me when I am old, and I will give your power to the next generation, and show your power to the future. "(Psalm 71:18)" Therefore, I have today written by the Lord's grace to testify that all the wonderful guidance and power of the Lord in me is to be truly witnessed.

Yao gave all to God! He pleaded with the Lord to use the precious blood to cleanse my mind and thoughts. He also wished that the Lord would use the Holy Spirit to govern me so that my actions and words would not go beyond the specifications of the Holy Spirit. May the Lord hold my handwriting on this resume well so that all the glory will be given to the Lord Jesus Christ forever and ever, Amen.

Prisoner of Jesus Christ: Hoan Yu, Sabbath, May 31, 2014, prayed to begin writing  
Monday morning, July 7

## 1.Introduction

### The first love life

Psalm 103:1-3, 10-13 1 Bless you, my heart. All who are in me will also praise his holy name. 2 Blessed Jehovah, my heart, do not forget all his grace. 3 He forgave all your sins and healed all your diseases. 10 He did not treat us according to our sins, and did not repay us according to our sins. How great is the height of the earth in 11 days, and how great is his love for those who fear him. 12 How far is the east from the west, he called our guilty and how far away we are. 13 The father has compassion on his children, and the LORD is merciful to those who fear him. Psalm 30:5 For his anger is but an instant. His grace is a lifetime. Although weeping in the night, we will cheer in the morning. I am only a sinner of grace. After decades of God's love and salvation, I can experience many hardships and I am still alive. Because of God's unparalleled love and God's great grace, I can shine in His Willing to serve. Many brethren and sisters asked me to tell some past history. I feel that there is nothing to say in front of God. There is nothing like boasting. To say it is to say that God's unparalleled love and unrelenting love are evident in me. The greatness of grace is so great. To exaggerate is only to boast about their weakness. I am convinced that the path of one's life is in God's hands. Therefore whether we are willing to suffer from bitterness, or whether it is good or bad, we should all know God's good intentions and achieve God's purpose. In order to witness God's laws and acts, God's grace, and God's glory, the following statements are based on what I can remember.

The Father is the Savior of the world. This is what we see and testify. (Joel 4:16)

Love is God Himself, and living in love is the habit of using this love to love other people's lives, so that God can be shown in our body.

It is not that we love God, but that God loves us and sends him to be saved for our sins.

This is love. (John 4:10)

We love because God loves us first. (Joel 4:19)

God loves us first, injects His love into us, and produces love in us so that we can love with this love.

God loves brothers. You see how kindly the Father has given us, so that we may be called children of God. We are also really his children. World Institute

We do not know us because we did not know him. (1 John 3:1, 16) The Lord gave His life for us, and we know from this that what we love. We should also lay down our lives for our brethren. (Joel 3:16) I have been crucified with Christ. It is no longer me who lives now, but Christ lives in me. And I'm like

Living in the flesh today lived by believing in the Son of God. He loved me and gave himself up for me. (Gal. 2:20) Jesus was harmed by our original sins and our sins, and became the scapegoat for the Lambs. On the cross, we suffered all kinds of torture. But Jesus will never want us who are hurting Him to leave Him. If we believe and be baptized, we will be saved. He is willing to leave us in the wounds of blasphemy, and wrap us in His holy life that is crucified and resurrected. Therefore, the Lord Jesus was changed with us to become the entrance to the new Jerusalem, "The Gate of Pearls" (Rev. 21:21).

Everyone who believes in Jesus is free to enter through these twelve doors. The Lord has prepared for the people who love Him the new heavens, the new earth, the new Jerusalem, and the sacred, the eternal.

Far, glorious life, over the kind of God, the person is tuned into a spirit, superb excellence, a happy life. The pearl symbolizes the salvation of Jesus Christ and the release of the death of life and His resurrection.

The twelve doors were given to those who believed in Jesus.

So Jesus said to them again, "I tell you the truth, I am the gate of the sheep." (John 10:7) My sheep hear my voice. I also know them, and they follow me. I gave them eternal life. They will never die, and no one can take them from my hand. (John 10:27-28)

God loved the world, and even gave his only begotten Son, that whoever believes in him should not perish but have eternal life. (John 3:16) Jesus loved me and gave himself up for me. It is to carry out the will of God and make God and man have a personal, intimate and affectionate relationship.

And live in harmony with the most beautiful Jesus.

---

## 2.Be blessed by a misfortune

Hu Jiazeng had numerous generations of talented people working for his country. The Sino-British Opium War and the Qing Dynasty ended in failure. Because the Qing government was incompetent, there was no ban. Drugs had spread all over the country and ravaged millions of households.

I was born in Hu Village, which is located in the mountainous area of Dongyang County, Zhejiang Province. The traffic was blocked. Because of immediate interests, peasants, regardless of the national ban, planted opium as a means of profit. In order to ban opiate cultivation, the county government appointed Hu Guangxun (my father-in-law) as a non-smoking investigator. Later, because of its high age, Hu Wensong was replaced by his fourth son. According to the requirements of the county government, Hu Wensong posted notices and read the rules in villages in the township to persuade the smokers to eradicate the field's opium and stop the poisoning operation. This is a good thing for the benefit of the country and the people. However, smoking can directly harm the immediate interests of smokers and cause some people to hate it. With the help of bullies, on May 25th of the 1912 Lunar New Year, more than a thousand drug growers gathered and destroyed 17 of my family's homes. They also murdered my uncle (Wenwu Quanquan) and other six people and burned the ash into the pond. I also took away my father, who was only 12 years old, and so on. (My father was redeemed by his friends and relatives with two hundred silver dollars) and caused a shocking "no-smoking tragedy." Hu Wensong survived due to going to the county government. After the incident, government officials from the RSD to the county to Fucheng (area) provinces sent troops to the frontier many times. The smokers relied on their favorable terrain to fight stubbornly and the government forces failed to succeed. The smokers are indulging in the protection of evil forces. Hu Wensong thus appeared on the shoulders of the Yellow List, and travelled to Beijing to reach the Presidential Office.

Hu Wensong met with American missionaries in Beijing, Van Keli, and Miss Luo. She preached that Jehovah was aggrieved and pleaded (Psalm 146). Hu heard immediate acceptance of salvation. After receiving the support of American missionaries, Beijing sent a document to the provincial and county governments. The provincial and county security forces attacked Hu village with a powerful firepower. They completely destroyed this kind of drug depot and quelled this civil unrest.

Due to the superior's orders, the county officials were responsible for snowwashing this huge case. The species of drug addicts knew that the case was serious, the consequences were serious and there was a sign of regret. On the initiative to invite famous people to come forward to mediate. They voluntarily compensate for the loss and guarantee that they will not be changed before. Then the words of the Lord Jesus appeared in Hu Wensong's eyes and said, "Because if you forgive people's transgressions, your heavenly Father will also forgive you. If you do not forgive people's transgressions, your heavenly Father will not forgive yours. (6:14-15.) So Hu Wensong

accepts the mediation and will not pursue it. Since then, between the two sides, old grudges have been eliminated, remarks have been made, and exchanges have been made as usual. Opened the door for evangelism. "Because God sent His Son to the world not to commit the sins of the world, but to let the world be saved by Him." (John 3:17) Since then, the gospel has taken root in the village of Hu and gradually spread, attracting many people to convert and become God's children.

The father-in-law was named Hu Yintian and Hu Zhenghui was born on April 12, 1901, and in 1914, he became the first church elder in the county in 1927. He made unremitting efforts to spread the gospel and the venue of church activities. And the price.

Her mother Zhao Xiangying was born on the 19th of the first month of 1905, and was born smart and beautiful. After the Lord's blessing, he cooperated with his father to spread Jesus' work to save the Gospel. She can sing pleasant poetry and attract numerous gospel friends. My family received American missionaries

Brother Brockley, Miss Love, they were inspired by the love of the Lord. They were desperate. They spread all over the village, from village to village, from house to house, from mountain to house, and they were known throughout the county for the virtue of living Christ.

Soon my parents invested in the construction of a church but they were forced by the tribe and the villagers. They made it difficult to do so, even to the point where they forced their excrement. In the end, after many parties negotiated and used the stage, banquets, and banquets for all the villagers and people, until they were satisfied, we were allowed to build a church. This shows the hardships of the gospel.

In 1941-1942, the Ningbo defense line passed through the village. A large number of Japanese aircraft carried out carpet bombings. The parents called the believers to pray and asked the Lord to preserve the church. Sure enough, the owner listened to prayer. Wonderfully, the houses near the church were destroyed, but the church was intact. Just like there are chariots around Elisha. Many people were also surprised that they fled to church to escape. The mouth shouted: "Jesus saves." The helpless people got peace here. Since then, many people have thus miraculously believed that Jesus Christ is the only true God and Saviour in the universe. The number of people listening to the meeting increased greatly, bringing a revival to the church. Later, both the Kuomintang army and the Japanese army had visited this place, but after the negotiations, they did not stay in the church.

In 1949, Dongyang was liberated and the People's Liberation Army was to enter the church. But after negotiations with my father did not live in the church. Nine people died

as a result of the KLA's local army's sneak attack on the People's Liberation Army, and the Nationalist Army killed 11 people. They blamed my father for not succeeding in stealing from church. My father was sentenced to five years' imprisonment and lived in misery since then. In the 1952 Land Reform, the chapel was occupied by primary schools until now. But no matter how the environment changes, my family never stopped family gatherings and evangelism.

Jesus said that I am the way, the truth, and the life. If not through me. No one can go to the Father. (John 14:6)

The way to enter into God is the Lord Himself. This road is not only a living place, so the place where the people are mainly led is also a person. It is the Father himself. The Lord Himself is the path of living, and he brings people into the living place of the Father God. The road needs to be practical and actually requires life. The Lord Himself is our life to us. This life will be brought to us in reality. This reality has become a way to allow us to enter into the enjoyment of God the Father!

---

### 3.Reverse child rebirth

Jesus answered and said, "I tell you the truth, if a man is not born again, he cannot see the kingdom of God." (John 3:3) Jesus said, Truly I say to you, if a man is not born of water and the Spirit, he cannot enter the kingdom of God. (John 3:5) When you are close to God, God will draw you near. For sinners, cleanse your hands. Whoever wants to be second thought

Clean your heart. (James 4:8) Under the teaching of atheism, I became a complete atheist, and all my thoughts all day long were evil. The heart is full of brutality and evil Evil and adultery... As long as there is no God, there is no retribution for good and evil. Therefore, as an atheist, there is no morality at all. There is no truth. Their logic is gangster logic. How much you can be greedy, and how much you can sin, today you have the right to use it today because there is no life after this life. So you can live a life of dreams. I also became the chief culprit in sin, and I was an enemy of the atheists, who was an enemy of God and claimed to be God. For this reason, my parents pray for me fast, and one day my intuition tells me that I have God and that God has life. There are only gods, and there are gods and humans. It is this God who is pushing everything, managing everything, and repaying everything that man cannot resist. If one can resist God, one cannot die. If people can resist God, there will be no natural disaster... If people can resist God, there will be no retribution for good and evil, and there will be retribution of good and evil cause

and effect, or the universe will not exist. The world will be a dark and unpredictable mess. There is order in God. God can only stay up late during the day and will not be turned upside down. God, there must be karma. My heart, lungs, and brains were poisoned by atheism and became sinful sins. Even though these sins have not yet been sinned, they have become pregnant in me. If you let me do it, you must shock the world and shock me. How can you be so vicious?

If God repay me according to what I did, then I will not go to hell, and who will go to hell? This "I" is terrible. Under the guidance of my parents, I pleaded confessed with God and repented and begged Jesus to open my knife to my brain. In the mind, in the heart, the liver, the belly, the lungs, all the filthy and terrible evil thoughts in the blood, and all the roots of sin. Give me new life, give me new heart and new spirit. Give life to the sacred and beautiful life. That night, I dreamed of the Lord Jesus using a skin-knife, opened my belly, and surgery on me. My heart, liver, belly, and lungs were all scrupulous. The Lord changed me to a new one. This is what I ask for. My life has been wonderfully changed. Everything needs Jesus and begins to miss what is missing in Jesus Christ.

Our God is like a prodigal son, full of love. No matter where we fall, if we are willing to return to the Lord, He will accept it. The Lord Jesus was the good shepherd who gave His life for me. He took ninety-nine sheep and took pains to seek out this lost sheep. (Mt 18:12)

---

## 4.Healed

And he said, If you pay attention to the words of the Lord your God, and do what is right in my eyes, and listen carefully to my commandments and keep all my statutes, I will not add to you the sickness of the Egyptians. It is because I, Jehovah, heal you. (Ex. 15:26) Many illnesses are caused by our lack of attention to God's Word. At that time, under the education of atheism, I became a complete atheist. Together with the atheists, I wanted to rebel against the existence of God. This is really the culprit in sinners. Therefore, in a sudden startle, I dared to break my nerves. Since then, I have been suffering from mental intimidation. Since then, I have been suffering from colon cancer and psoriasis. The doctor has sentenced me to death and cannot be treated. Because my parents have been intercessing for my culprit, I have entered advanced cancer pain. In the extremely unbearable pain, I often see the devil's cheeks and teeth. The image is terrible, and I brutally tormented me and asked me to die very miserably. I was terribly afraid of death because I knew that I was in the hands of the devil and I was always afflicted by it. I was

seventeen that year and I was not willing to be so young. I hadn't married yet. It was so sad and sad to leave. My parents urged me to believe in Jesus and call upon the name of the Lord Jesus in an emergency. You will forgive your opposition to Him and your enemies against your sin. God will move you with compassion to save you from the devil's whole body and give you I promised to try to overcome the sacred life of the enemy and helplessness. I followed my mother and began to pray: "Lord Jesus! If you have truly saved me from these evil spirits and healed me, I will be your witness forever. I will testify that you have Jesus, and that you are true and living. God,

One day I saw the devil come to end my life. I was so slammed that I could not shout. I shouted to the Lord Jesus, saved me, and saved me. My parents suddenly saw me faint and died. He shouted for Jesus and saved Jesus... Suddenly there was a white light in the sky. All the demons fled and Jesus personally cured my rectal cancer, mental illness and psoriasis, until today.

James 5:15-16 15 For prayers of faith to save the sick, the Lord will raise him up. If he has sinned, he will also be forgiven. 16 Therefore, you must confess your sins to each other and pray for each other so that you may be healed. The power of the righteous prayer is great

Effective.

---

## 5. Friendship with the world

Whose these lecherous people, who do not know to be friends with the world, are enemies with God? Therefore, anyone who wants to be friends with the world is an enemy of God. (James 4:4)

God took me with a rope to love!

God loves us in a threefold way, as the father of love, the mother of lactation, and the husband who loves his wife. God treats His chosen children with His love. God does what He does to man according to what He is. In God's full salvation, not only does He forgive our sins, it saves us from the penalty of sin, removes our crimes before Him, and also weers away the traces in us. Make us white like snow and white like wool. Snow and wool are all white in nature. Therefore, the result of our God's cleansing is not only to become white, but also to be white in nature, as if it had not been defiled. The baptism that made us white as snow is the baptism of the status quo outside by the blood of Jesus Christ. And the baptism that made us white like wool was through the Spirit of God and through the metabolic baptism of His life in nature.

Because I am an unscrupulous person and live in an unclean country, my actions are no different from the world. When I was a young man, I fell in love with a foreign woman, and when she talked about a place where everyone was unfazed by her, she also said that the seas and rocks would not change their hearts.

An unprecedented cultural revolution began. The government has ordered the elimination of our beliefs, the elimination of all religions, and making China a godless country. The chapels in all parts of the country are closed. Believers have retired and some have even deserted against the church. The devil attacked God's children with fierce power and dark clouds shrouded the entire land of China.

The church suffered a great persecution. They claimed to make China a godless country. Many Christians were shot and shot, jailed, and entered the study class.

The people of our faith in Jesus are crushed and beaten as the ghosts and zombies.

Because my father was an elder of the county church and critically believes in Jesus' large-character newspaper, he said that we are American foreigners and traitors. We are fighting every day and are often confessed. My family has suffered unprecedented persecution...

At that time, the environment was very serious. The rich peasants had already been regarded as inferior people. Together with Jesus, the people of the world saw my home as filthy. The scum of everything was neglected and looked down upon.

I want to propose her to her at this time, and I also know if she really loves me. Who knows the sea is not dry, her love has dried up, the stone is not bad, her love has been rotted. I thought that people's appearance could be so beautiful, but their hearts were so unreliable. I was frustrated and repeatedly forced to flee to Huangshan City in Anhui Province and began to study as a dentist. Nor did they ask God to prepare to fall in love with unbelief again. Soon there was a woman who could talk about marriage and I was ready

Just married in Anhui. At this time, the Holy Spirit has always touched me. We should dedicate the major events of marriage to the Lord. We should not make our own mastery, otherwise we will regret it. I prayed to the Lord, saying that I had decided to marry her this time, asking the Lord not to interfere with me. Suddenly there was a voice answering me and saying, If you take this woman as a wife, you will die in this marriage. I looked around to find out who was talking to me but couldn't find it. I know it is the Lord. But I am a stubborn person. I think people are married and old. In the end, they are all dead. And my marriage can also breathe my former lover. So I still continue to prepare for the wedding and I will marry her when it is ready. Whoever knows that God loves Himself loves us.

He created a large environment. The Chinese Red government ordered the nation to start three investigations. It was to check whether the history of three generations of each ancestor was red or black. The red is the working class, the poor and middle-income, and the people who participated in the revolution. The black ones are capitalists, landowners, rich peasants, counter-revolutionaries, bad elements, rightists, and ghosts and zombies (people who believe in Jesus), commonly known as the black seven categories. If it is red, it will go back to the local revolution, fight against the seven categories of the black and the authority at that time. It is the black seven classes that are sent back to the local authorities for approval. At this time, I learned that the world is so evil, unreliable, and not cute. It really depends on the mountains to fall, relying on everyone to be old, and the front desk is paralyzed. Only Christ is our high platform and our rock. There is no saving besides Him, because there is no other name given in the world, and we can be saved (Acts 4:12). My pain was telling nothing but to cry and come to the Lord to confess and repent and beg for salvation.

---

## 6. Fall in love with the Lord

May he kiss me with his mouth. Because your love is more beautiful than wine. Your scent is fragrant. Your name is like an ointment poured out, so all the virgins love you. May you attract me and we will run to follow you. The king took me into the inner room, and we will rejoice in your joy. We want to praise your love more than we praise wine. They love you for granted. (Song 1:2-4)

Without God, I have no hope. Without God, my heart is not satisfied. Without God, I have no joy in my heart. Without God, I live empty and bored. My voice is: Oh, Lord Jesus! I can't live without you. Everything can be discarded and I love my Lord. Without you and me, there is no rest or satisfaction. Oh Lord, I really need you, I need you all the time; in all circumstances

In all, I gave you love. How sweet do you like to be, always full of my whole person.

Regardless of bitterness and happiness, I will love you, only

May God's will succeed in me. Only wish I could glorify the most beautiful name of Jesus in my lifetime!

In this turbulent period of unrest, the Lord prepared a small penthouse for me so that I was no longer afraid of being checked and sent back to my hometown. I could not think of a small "Bible" in the small garret.

"Bible" This is a love letter that God wrote to me. In the Bible, there are infinite treasures and the power of mysteries; they can touch people's hearts and they can comfort the soul.

Because the Bible is a science teacher, what is not in conformity with the Bible is not a true science. What is contrary to biblical truth is pseudoscience and is abolished.

To seek the long-term governance of the country, the world of peace, God and the Bible will not be realized.

The outside environment is still tightly checked. (My three meals a day were secretly given to me by my sister (Jangfu family had already settled down in Huangshan City).) But I was able to have an individual with the Lord in this small loft. , affectionate, intimate traffic. It was at that time that I formally began to have an intimate relationship with the Lord. Every day, every day, I read the love letter that God wrote to me. I fell in love with beautiful women. What they said was so nice, but the heart was so fast, and love in the land was so unreliable. In the peremptory environment, the first thing I want is peace. "Even if we have the help of the Holy Spirit in our weakness, we do not know how to pray, but the Holy Spirit Himself prays for us with unspeakable sighs" (Rom. 8:26). "If so, what else can we say? If God helps us, who can resist us? Didn't God care for his own Son and gave it up for all of us? Didn't He also give us all things with him in vain? Who can sue God's chosen people? There is a God who claims they are righteous. Who can set their sins? Jesus Jesus Christ is dead and rises from the dead. Now on the right hand of God, he prays for us. "(Rom. 8:31-34). These words have given me full confidence in the Lord and have received peace from the Lord. At the same time, the Lord also caused me to fear Him because when God spoke to Israel, His voice shook the earth. But now, He promised to say, "I will not only shake the earth but shake the heavens again. Once again, this indicates that what shakes is that the created things must be removed so that it does not vibrate. Therefore, when we have received the unvibrant country, we must accept grace so that we can serve God according to the piety and fear of God and know that God is trustworthy and reliable. We know that all things work together, so that those who love God benefit, and those who are called according to His purpose. "(Romans 8:28) These words of the Lord made me think that the more I talked with the Lord, the more I wanted to talk. The more I talked about getting closer, the more I talked, the closer I became, and gradually I loved the Lord. Love is inseparable from the Lord. When we were still weak, Christ died for the sinner on the appointed date. Death for the righteous, rare, dead for the benevolent, or dare to do. Only Christ died for us while we were still sinners,

and the love of God is revealed to us here (Romans 5:6-8). I prayed to the Lord and said, "Lord, so that I can love you and love you, and love you, and not be ungrateful."

When I became a prodigal son living with a pig, it was the father's hope and the work of the Holy Spirit that made me wake up and come back to seek Him. He did not despise me, but also ran to hold my neck eagerly kissed me. I prayed to the Lord with tears and said, Father, I have sinned against heaven, and I have sinned against you. You have forgiven me and hold me. From now on, I will stay in your house forever. Since then, I am reliant on this loving father. The prodigal son of this Gospel 15 chapter is me. It is this magnanimous father who took me...

I was like a lonely orphan. When the Lord "said that the woman could forget her baby who was breastfeeding and did not pity her son. Even if I had forgotten, I did not forget you. Behold, I will engrave you on my hand." (Isaiah 49: 15-16). It was this mother who had not forgotten me, who fed me with His pure spiritual milk, and made me grow up in His life. Thanks to the care of the Lord's love, I rested in the Lord's bosom, enjoying the sweet and rich nutrition of the Lord's word, and made me grow healthily. I am no longer an orphan, because I am the mother of the nurse who feeds me.

The Lord has called me. If he is called, he is forsaken from the grief of his wife, the wife who was abandoned in his youth. This is what my God said. Because the one who made me is my husband... The mountains can be removed and the hills can be relocated, but my love will not leave you, and my peace covenant will not be removed. This is the word of the Lord who has mercy on you. of. (Isaiah 54:5-10) God is love. God sent him his only begotten Son to come to the world, so that we can live through Him, and God loves our hearts, and it becomes clear here. It is not that we love God, but that God loves us and sends him to be a son. This is love for our sins. This is love. God loves us so much, and we also love and love one another (1 John 4:8-11). All who believe that Jesus is the Christ are born of God. All who love God who produces him will also love to be born of God (1 John 5:1). We love because God loves us first. (Joel 4:19).

Because I talked with the Lord very speculatively, I became in love with the Lord.

Gradually, I fell in love with the Lord who has always loved me. So I knelt down and prayed to Him: Lord Jesus, I love you. I am willing to follow you closely, no matter how bad it is. Lord Jesus, I am willing to follow you on Mount Daoshan and under the sea of fire. Lord Jesus, you love me and sacrifice yourself for me, and I will love you and be your witness. Lord Jesus I love your heart better than love

Everything, love only in your heart, become your crazy lover. I would like to devote all my time to you. I am willing to

Live in your face. I don't want to spend extra money to spend my days in luxury, just to live out the sacred virtues in my lifetime. I do not want to leave a hair on the ground. Every sweat is drained for the Lord, and every drop of blood is for the Lord's glory. Although I may not always be able to do this, I will be happy to put myself and everything in the hands of the Lord and you will be free to make it yourself! Oh Lord Jesus, I believe that you will make me your instrument of your heart. . Alleluia! Glory is given to the Lord, Amen! The Lord says: If anyone loves God, this person is known to God. (1 Corinthians 8) God is love. Those who live in love live in God. God also dwells in him. Love is perfect in us, and we can be calm and fearless on the day of judgment. Because of how he is, we are also in this world. There is no fear in love. (1 John 4:16-18) And on the day I was baptized, I shouted loudly, "Lord Jesus, I will surely marry you from this day onwards. The world, you will never want to think of me anymore, because I am It is Jesus Christ."

The studious people like to silently dig in the biblical mines. Learning is like riding a boat in the backwater and retreating without moving forward. The kind words of the Lord Jesus are like the clear springs that nourish my heart. The Lord's words, like guiding everyone to the mountains

Hey, it has opened everyone's eyes. The remarks of the Lord Jesus (Matt. 5-7) added a fire to my heart and burned hot all over. These words of the Lord Jesus were struck in my heart as if it were a spring rain that fell on a field that had been long overdue.

Infiltrate quickly. The jealous teachings of the Lord Jesus are like a warm current and they flow into my heart that is already depleted. The Lord's words are not many, but the weight is

Very heavy, each word in the discourse struck a believer's heart. The Lord's word is like a thunder and awakening people. He is like a potent agent and he is invigorating. He is like a tonic, and it fills with popularity. He is like a fire and warms the heart.

Lord Jesus, your life is a fire, your life is a beautiful poem, and your ministry is a winning experience. Lead us in triumph.

God longs to establish a personal, intimate and affectionate relationship with each of our saints and the Lord. The sweeter the relationship between us and His love. As the Song of Songs says, "May He kiss me with his mouth! For your love is more beautiful than wine (enchantment.) Your anointing oil is fragrant; ... So all the virgins love you. When you attract me, we rush to follow you - the king took me into his chamber - we will rejoice in you: We will praise your love, and we will praise wine. They love you for granted." (Song 1 :2-4)

We hope that every one of us can have such personal, intimate and passionate relationships with the Lord.

The original love of Christ inspires us. Because we want one person to die for everyone, everyone is dead. And he died for the people. He called those who were alive. They no longer lived for themselves, but they were the Lord's Lord who had risen for their death. (2 Corinthians 5:14-15)

The most terrible career on earth is to spend time in infusing God, so that we can shine because of God and shine God out so that God's eternal purpose can be fulfilled, and God can make Himself into people and make Him a testimony of the Lord. The expansion and manifestation of Jesus' expansion.

Oh Lord, what a miracle this is, and you and I are united as one! I am in you, and you are in me. It's amazing! It's a secret!

---

## 7.The sacred dictatorship of marriage

The overall revelation of the Bible is a story that shows us the love of a cosmic couple. It is the God who created the universe and all things, the Father, the Son, and the Spirit, who have gone through all kinds of processes. They are the ultimate life-giving spirits. Through the creation, redemption, rebirth, change, and glory of the spirit, soul, and body, the three parts of the church are finally fulfilled and become married. In that inexhaustible eternity, with the life that is sacred, everlasting, and glorious, the life of the man of God was changed to one spirit, perfection, and bliss. This is God's preference in Himself forever. Therefore, God came to time to create, redeem and other processes, and to become a wonderful marriage story. Our marriage life for men and women today is a foretaste of that day. Therefore, God pays great attention to our marriage and marriage life, because marriage is the shadow of beautiful things to come. Therefore, the Bible strictly tells us that marriage, all people must respect, and the bed must not be filthy. For people who engage in adultery must have judgments. (Heb 13:4)

The omnipotent God of wonderful counsellors mobilizes all people, things, and the environment to win us and fulfill us. For this, I thank and praise the Lord! It was His mercy and grace that brought me back to the Lord's embrace, and established personal, affectionate, intimate relationships of love with the Lord. By burning the Lord's love of fire, I burned to ash, so that I could not love the Lord...

When God pulled me back from the world, the dilemmas of the outside passed. The Lord also brought me from Huangshan safely back to my hometown. When I fell in love with

the Lord, I had secretly wanted to say to the Lord that I would not be married like Paul and serve you for life. However, after returning home, the parents told me that the concept of Christian marriage, prohibiting marrying and abstaining from food, was a lesson that deceived people and devils. (Aug. 4–5) The marriage of the Christian must be in Christ Jesus, because the Bible says: You and the unbelievers are not matched and cannot be yoked together (2 Corinthians 6:14). So I have to find a sister to get married. But where is this atheistic and persuaded believer go to find a sister? And the village lady in the village has passed because of the plight of our family, and he comes to reconcile with me. My heart is still reluctant to her. My parents took great pains to find a sister for me, who was a primary school teacher, and set a time for me. However, because I was still obsessed with the Gentile women, and because my parents' lives couldn't be violated, I dressed myself as a ragged and impoverished woman. After the parents found out that they had learned a lesson, they changed a set of used clothes and followed the old sister (she is also Shen Liangcun) to a blind date. About 30 miles away, when they passed Shen Liang Village, they met a pair of mother and daughter working. The mother immediately recognized me and invited us to visit their home. I had declined because of my promise, and went on to the village where I would like to be married. When she arrived at the woman's home, the woman herself and her family saw me very handsome and could explain a bit of the Bible. I was very fond of me. They boiled eggs for me (the custom was: the woman was satisfied with boiled eggs, the man agreed to eat boiled eggs), and said not to let you go. I didn't know what they were thinking, and I could only eat if I couldn't shirk.

Ye Hao went home early, because my heart is not on her. They thought that this marriage had a bright eye, because I had eaten my eggs and I was happy to let me go back. Who knows that on the way back, I met the mother and daughter of Shen Liangcun. The mother pulled me and asked me to sit in her home. As soon as I sat down, the mother said that in this atheistic persecution of Christians, if my daughter marries an unbelieving person, her faith will be fulfilled. She said that her daughter, Shen Xinhua, has been eighteen years old. She has reached the age of legal marriage. I marry her to you or not? I thought she was joking with me and I promised to say it. Who knows that they are so serious, immediately overjoyed and told her daughter to cook eggs for me to book the marriage. I said that my stomach was full and I couldn't eat it. They also said they could not eat. Silly, I can't just eat it. The world began to rain, and we decided to get up immediately. They insisted that we can't stay and that God will be beautiful and it will rain you. But I am a very strong person myself, still want to go. When they saw that I could not

stay, they told my daughter to send me a rain hat. The woman looked at me with her big and beautiful eyes. I was so attracted by her. She saw her so beautiful and lovely. She had a cheeky red face and was so tender. Water lotus. Especially the eyes that can speak, still make me fresh in my memory and memorable.

After returning home, my family was urging me to marry the sister who was a teacher. I also felt that I had to live up to the sister of Shen Liangcun because I still could not forget the foreign woman and I felt she was better than the two sisters. More beautiful and lovely. This triangular love forced me to pray earnestly before the Lord. I said, Lord, you are looking at the heart and soul. Today you know my needs and your needs. I am willing to obey you and obey it. Please reveal to me clearly that among these three persons, which one is the other half you have prepared for me, if you do not point out to me, then I would like to marry that foreign woman as my wife. Because of my urgent demand, the Lord gave me the same night that the Gentile women were not in the sacred scope. The Lord showed me that the two sisters' houses had all set fires. I quickly took the water to extinguish the fire. Whoever knew that the water became oil would make the fire even more prosperous. I hurried to ask the Lord how to do it. The Lord said that the best thing I prepared for you was the daughter of Shen Liangxian Shen Zhixian, the one I met on the road. I am stupid, and the Lord says: My thoughts are not your ideas, my ways, and your ways. How does heaven go above the earth, so does my path, your path, your thoughts, your thoughts higher than yours. (Isaiah 55:8-9). I immediately bowed down and said, "I'm willing to obey and obey, and obey." But ask the Lord not to be angry, and give me my credentials. I write a letter to her. If she has a reply to me and respond to me with your words in the letter, I will know that it is yours. The next day, I wrote to her a letter about Chen Ming's beliefs and positions. Immediately after receiving the letter, she wrote a reply letter to my sister and asked her to hand it over to me. Who knows that my older sister opposed me to communicate with her, so I secretly detained this letter. I waited for more than a month to see that there was no reply, thinking that this matter was over. But I did not dare to make my own claim, so I prayed all night. That night my older sister couldn't sleep with peace of mind. She got up and asked the Lord if she had deducted my letter. She called her son to send me the letter the next morning. The content of the letter I had long forgotten, but she believed that the word of the Lord made me unforgettable throughout her life. She said: Because I know Jesus Christ as the greatest treasure, I am willing to discard everything for Him.

As dung, in order to obtain Christ... I got the exact evidence, and I bow down to worship the true and living God. And I used to communicate with my parents before and after the

search for God's passage. When the parents heard this, they said: This is a matter of God. You are brave to set this marriage and you don't need to bring it to us because God has prepared for you. It must be better than we think.

But good things are more. After obtaining my parents' consent, I came to the old sister's house in Shen Liang village with her hand in her hand and wanted her as a matchmaker to accompany me to Shen Huan's family. As soon as the old sister saw me, she immediately rebuked me and said, "How did you drag things down to this day? It made the woman's family not be harmonious until now. I asked what was going on. She said that Shen Xinhua had been in your heart since the day you met you, and she hoped you would hire her soon. Because you haven't heard from the news, her grandmother urged her to marry a son of a wealthy and powerful official family every day. However, Shen Xinhua said that she had promised you the marriage in her reply. She could not say no. I said that since the matter had been reached, I would not be able to hire her. If she had changed her mind, I wouldn't be boring. The old sister said, "You can't always run white. If she hasn't changed her heart, have you not let her down." I said, did she ask the old sister to go to her home and explore the situation? As a result, she went to the new flower house and heard that her grandmother was persuading her to lay down Hu Enyu and to marry the Gentiles. When the old sister entered, she said to her grandmother that now the freedom of marriage should be decided by the new flower. Grandma says you ask her herself. The old sister called the new flower aside and said that after the rest of Hoon, how are you? She did not dare to believe and did not speak when she heard him. The old sister looks in her eyes and says, New Flower, your expression will prove that you agree. So she went out and said to her grandmother that the new flower voluntarily established a marriage relationship with Hu. Her grandmother was very unhappy to say that you don't know how to lift the new flower. The grandmother is kind enough to make you live a good life in this life. To introduce you to a famous person, don't you, but to live with a persecuted Christian. Do you suffer together? She whistled back.

When I and the old sister arrived at the new flower house, suddenly I discovered that the beautiful figure of the new flower disappeared (it was because she was trying to avoid the pursuit of the Gentiles, specifically wearing the mother's rough and coarse cloth shoes), The beautiful and lovely face also becomes jealous and old. I immediately complained to God about how you gave me such a beautiful woman. The Lord said I can't go wrong with you. I said Lord, I obey. Later I asked why, because she loved me, she dragged on because of things. So she prayed all night, until the night before I came to her, she saw I was going to hire her vision. So she was so sweet that she couldn't speak. She just

silently thanked God the Father for listening to her prayers. God, who is truly a miracle, praises the Lord Jesus whom we trust. The name of the Lord God's glory is to be praised forever. May the glory of the Lord fill the earth, Amen! Thank God for giving me a talented girl, whose value is far greater than jewelry. It has become my spiritual companion and has given me lifelong nourishment. I am truly happy and happy. All of us admired our love for one another, because our love is as strong as death. The fire of love, the masses of water cannot be extinguished, and the flood cannot be submerged until we love each other forever.

Asaxia reflected her happy smile, as bright as a rose, with slightly raised mouth hanging with joy.

---

## 8.Married life

We must imitate God as if it be a beloved child, but we must also act in love, just as Christ loved us and gave us up for us to be a sweet fragrance (Eph. 5:1-2). The inner love of God is sensible, and the external light of God is visible. We act in love, and it is the nature of God's love and the element of light. This is the source of our inner being. Christ loved us and gave Himself for us. Although it is for us, it is a savor of dedication to God. We follow His example in acting in love, not only for others, but also for the fragrance of God. The gas.

My love wife Shen Xin Peanut was on May 20, 1951. At that time, the tradition of patriarchal love in certain rural areas in China was very serious. When her parents gave birth to their daughters, they were very unhappy. They looked at her little misery. As if she were sick, she threw her on the edge of the pigshed and was rescued by others. When her parents raised her to the age of five, she was asked to wash vegetables, wash dishes, wash clothes and other household chores. After going to school at the age of 8 almost all the chores needed to be done. At the age of 14, she learned the world-famous Dongyang woodcarving technique. She became a female hero because she was superbly skilled and fast and she became one of the best players in the entire plant. Just when she was 8 years old, her mother had cancer on her neck and she was desperate to go to Christ for complete healing. Therefore, her mother and daughter also believed in the Lord Jesus Christ. At the age of 18 years old, I had an odd encounter with the Lord Jesus and decided to marry. On August 8, 1968, under the gift of God, we became a couple. Later, I became a salesman in her factory. The couple lived sweet and beautiful, and soon she gave birth to her eldest daughter and second daughter.

In 1972, our beloved brother Nee buried the seeds of life. On June 25 of the same year, I was called out by the Lord Jesus and served the Lord and His church in full time. In this way, the burden of economic life for the second and the second oldest of my family fell on her. She has to take care of the old and bring up small ones. She also has to fear for me every day because I do not know if I will be arrested or lost my life. At that time, no one took care of the needs of the people who served the Lord at all times. Therefore, my wife has done two people's work, so I can get two salaries to supply the needs of my family and the whole family. The work is very hard. Pray that she will honour her loyalty!

Those who served the Lord at all times were even more laborious. All sides are under pressure but are not trapped. Every day is a work of death, proclaiming Jesus as the gospel and establishing churches everywhere. They are often attacked, despised, rejected, miserable, suffering, hungry, and unrested. Failure to sleep is commonplace. Killed all day long, people see us as sheep that will be slaughtered. Therefore, our face is embarrassing and our body is dry. Because the Lord gave us bread as a hardship, and gave us water as a matter of hardship...sometimes it was extremely exhausting, and it was also a great idea to go home for a short break. But there are many brothers and sisters who are with me. They often come with me to my house. In the midst of her busy schedule, my sister immediately came out with a smile and greeted them. After busy, she welcomed the brothers and sisters and put everyone in the house. And we always leave immediately after a short break. My sister went home to this sudden attack and then immediately left us.

There are no complaints. Instead, I always encourage me to say that we can come to the Lord in such a hostile environment. The Lord exalts us. Brother, you must be faithful, and I will support you and the church in prayer....

As the gospel was greatly proclaimed, the church was greatly expanded, and the burden of the churches was too heavy. We couldn't care about the local church. The shepherd was very lacking. In desperation, I had to let my sister pull out the day of the Lord's day to shepherd the local church. So she must complete the four-day workload on Saturday to get the factory's consent. The Lord did indeed treat my sister and gave her strength so that she could complete her four-day work every Saturday. (This miracle continued until May 14, 1983, when she was under censorship, and was therefore removed from the factory.) We were all filled with the Holy Spirit and filled with overflow, so we were filled with joy. It is hard work, but it is tired, and the people of God rejoice. This was initiated by the Lord Himself, working personally, and bringing us into a great recovery.

Satan also did not rest with us for 24 hours. He opposed us and fought. He has excited the regime to hunt down us, but God does not permit, and one of our hairs is not lost. Most of our gatherings were late at night, in the wilderness, in the caves, in the inner chambers, or in the mountains and forests in order to avoid the dragon. There are dozens of small gatherings and many thousands. I do not know how the Lord summoned people to Him. The regime knew that it immediately dispatched elite forces to pursue us, but our meetings and imprisonment were not over yet. They could not find us. When they were found, we had already safely moved to another place and started a new party. Nothing caught in this way for 12 years, Aliruya! The Lord is particularly conservative, and it has led us to take the Lions to the sheep and bring it into an unprecedented revival. Glory and glory should be attributed to the Father, Son, and Holy Spirit. In these twelve years, the mercies we experienced, His mercy, grace, blessings, and His mighty power are those that our limited people cannot imagine and express.

My heart, my spirit, immediately rises to praise. What a curse you are! How great you are! The voice of praise will be everlasting and magnificent. How strange you are! What a greatness you! I cheerfully praise the Lord and say: It truly is God's purpose and perfection, and the establishment of a church with the best of both worlds. I am not ashamed of the gospel; this gospel is God's great power to save all believers. (Rom 1:16)

---

## 9. Called to experience

On the Lord's day, June 25, 1972, I made clear the special call of God.

1:26-28

Brethren, we can see that you are called, according to the flesh, not much wisdom, not much power, not many noble. God chose the foolish people in the world to be wise and shy. We have also chosen the weak of the world and called for that strong shame. God also chose the despicable, disgusted, and nothingness of the world in order to abolish it. About 15:16

The call of God is my new beginning. I feel that the spirit is very poor. I am eager to pursue the Lord and hope to have a Bible. Because the Bible is a teacher of science, it is not true that it is not in harmony with the Bible. What is contrary to biblical truth is pseudoscience, which is abolition. ] The advice of the spiritual elders made me understand God's will. So I have always had this prayer of hope. The day was the material exchange meeting in Sheshan Town, Dongyang City. I thought I would surely meet with the spiritual elders. With the Lord's guidance to Ma Wushan, I saw many

people at the assembly. From the sea to the sea, the Lord said to me: What did you see? I said: I saw many people. The Lord said, "I saw the people and I was kind to them, because they were in trouble and were gone, as sheep are not shepherds." (Matthew 9:26) Then he said, "Who can I send? Who is willing to shepherd for me? What about my sheep?" I said, "Lord, I am here." The Lord said, "Come to follow me! I will make you like a fisher" (Matthew 4:19). I said: "I am willing to take everything and follow you."

"Lord, please give me a holy blessing." That is what you said. Only if you have words can you feed your sheep. The spirit of the Lord took me to the door of a family and told me that the woman who cooks on the stove had a Bible that she could borrow. I saw that woman went in and said to her, "The Lord told me that you There is a "Bible." Would you please use me to use it?" As soon as she heard this, she was shocked and panic-strickenly said, "No, no, there is no Bible in my family. I said," Do not be afraid, I also believe in Jesus. . She said that in this period there are still young people who believe in the Lord Jesus? I said that I was the son of Hu Yintian, the eldest son of Hu Yintian who was criticized in the county. My father will probably know you! If you listen to me, she will show me carefully. After watching it, I really looked like my father, but because I was afraid of a big event, I turned around and ignored me. I immediately gave a glimpse and said, "Lord, didn't you say she had a Bible? Lord, if this matter is yours, you tell her yourself. After a while, the woman said, "Really the Lord Jesus told you, I have a Bible?" I said yes, did you know me? She said, I don't know. I said I also

It is not that you have chosen me. I have chosen you, and assigned you to fruit, so that your fruit will last. In the name of you, in my name, he will give you whatever you ask the Father.

I don't know you. I came to your home for the first time. We are all meeting for the first time. How can I know if you still have a Bible in such an extraordinary period? After she prayed silently, she told me that when the Cultural Revolution began searching the Bible in 1966, she put the Bible into the furnace and burned it for more than three hours. However, the Bible did not It was not burned and it glowed.

"Bible" This is a love letter that God wrote to me. The Bible has infinite treasures and the power of mysteries; it can touch hearts and sympathize with people.

She was greatly afraid and hid the Bible again. Today God sent you to take it. This is God. I have nothing to say. Then I gave the Bible to me in a trembling manner. I took from her the Bible that the Lord saved six years ago with miracles. It was very exciting to be treasured. Praise the Lord loudly: I heard you in the past and today I saw you with my own eyes. At that time, there was anyone in China who thought that there was a Bible left

among the saints. Because there are infinite treasures in the Bible, there is the power of mystery; it can touch people, and can comfort the soul.

After the Bible, I asked the Lord to ask him what I should do now. The Lord said that all those who have believed and who are willing to write are to go upstairs to hear the gospel. I immediately shouted in the doorway: All who would come to hear the Lord Jesus came upstairs. During the extraordinary period of the Cultural Revolution, such great evangelism was unprecedented. At this time, somehow, people flowed in and there were more and more people. They were crowded with five timber-framed buildings. The timber-framed buildings could not withstand the weight of 5-6 people. Therefore, the entire building was shaken and the room did not collapse. "However, the fish are not broken, but the nets are not broken (John 21:11)." I was curious about the fish on this net (Luke 5), and then asked the Lord: So many people are coming. What I should do now. The Lord spoke of the translation of the Bible. When I once read the Bible, it is Romans 8:1-2: "There is no condemnation now in Christ Jesus. Because the law of the Holy Spirit of life gave me up in Christ Jesus and brought me out of sin. The law of death was." I was deeply touched by this word, and I was released in Christ Jesus. I asked the Lord and said, "What do you do now?" The Lord said, Close the Bible and pray. I said: Lord taught me to pray because I do not know how to pray. Immediately after being moved in the spirit, praying loudly, the whole person was burning like fire. The congregation responded with deep emotions and said that they had never heard such touching prayers. This day became the Pentecost that we actually experienced. Both I and the audience were filled with the Holy Spirit.

After praying, I asked the Lord again, and the Lord said, "Open the Bible and turn it over to the third chapter of John.... If the people are not born again, they cannot see the kingdom of God... If not Those who are born of water and spirit cannot enter the kingdom of God. After reading the verses, I myself and the whole person were lightened by the love of the Lord. The words were very powerful from the Lord Spirit, and the sentence touched the conscience of man. This holy light eliminates darkness and shakes the yin. But when the Holy Spirit comes upon you, you will have power. And I will be my witness in Jerusalem, in all Judea, and in Samaria, to the end of the earth. (Acts 1:8)

I am not ashamed of the gospel; this gospel is the power of God to save all believers (Ro 1:16)

From this day, the Spirit of the Lord propels me, reveals me, carries me, lives by spirit, speaks by spirit, works by spirit, spreads the gospel everywhere, establishes churches in various places, and prepares full-length men and women. The work also creates the work

of the sister-in-law and the young people. Regardless of how dangerous the environment is, we have not stopped. Therefore, 1972 was a turning point in the history of the church. Not only are we here, in Xiaoshan, Ninghai, Ningbo, and Shandong, there are many young people who are not afraid of dying. They are raised by the Lord to proclaim Jesus Christ as a blessing and set up churches in love with one another. I joyfully praised the Lord and said: It is the purpose of God and the fulfillment of both people's will and the establishment of a church with the best of both worlds.

He is unpredictable in major matters and there are many things to do. (Job 5:9) My spirit is astonishing as soon as my spirit rises; Praise you! How great are you! The voice of praise will be everlasting and grand; You Hoechich! How great are you!

---

## 10. Church Growth During the Cultural Revolution

“If we live by the Holy Spirit, we must work by the Holy Spirit.” (Gal. 5:25) An unprecedented Cultural Revolution has begun. The government has ordered to eliminate our faith and to completely eliminate everything.

Religion makes China a godless country. The chapels in all parts of the country are closed. Believers have retired and some have even deserted against the church. The devil attacked God's children with ferocious power; dark clouds shrouded the entire land of China.

When the Cultural Revolution began in 1966 and Mao, Zhou, Zhu, and Chen left in 1976, the church suffered great persecution. They claim that they want to make China a godless country. Many Christians are shot and shot in jail, and they enter the study class.

However, several Chinese leaders suddenly died one after the other, and the group of four also collapsed later. “We must know that the supreme man takes power in the people's country.” (Dan 4:25) Immediately after the Tangshan earthquake, more than 200,000 people disappeared in the blink of an eye. “When He was angry, the earth also shook; and when He was in anger, the nations could not afford it.” (Jer. 10:10) “And once again I will not only shake the earth, but will shake the heavens. (Hebrews 12:26) So we are humans. How to live godly, because you fear God, the Lord is always with you and gives you peace.

Since May 31st, 1972, the servant of the Lord's faithful brother Ni Lansheng died like a grain of wheat and died in the ground. He has produced many grains. Brother Nee's martyrdom has perpetuated the church's testimony.

The Lord said, I have indeed seen the affliction of my people in Egypt. I heard them because of the screams of their supervising workers. I knew their agony, (Ex 3:7)

Therefore, I will send you to see Pharaoh so that you may bring my people and Israel out of Egypt. (Ex. 3:10)

On June 25 of the same year, I experienced first-hand the unprecedented birth of life. The church witnessed springing up across the country. Zhejiang Province is no exception. We are filled and filled with the Holy Spirit. We begin to share the Lord's intentions with the Lord's heart. Based on the facts, using the Bible as the guideline, and using love as the driving force, everyone uses their power to spread the gospel and establish churches in various places. God also gave the church a great deal of authority, so that if there is a ghost, we must catch the sick, if we have the sick, we will give it if we need it, and give it if we need it. The saints all believe that God's family is my home, and that God's business is my business... I am willing to care for the church and my brothers and sisters. In society, there is a great environment where only Jesus is in the world!

At that time we wrote the poem "Lord loves me to the end." "Everyday is always the future. The Lord loves me in the end. Parents, brothers, and sisters sometimes don't love me. The Lord loves me in the end. The Lord loves me in the end, and everything in the world must be abandoned. The Lord loves me in the end."

The Lord Jesus loved us. He left us the same and gave us nothing. He even gave us His blood and life. Therefore, at that time, as long as one believes in the Lord, they are willing to dedicate themselves to the dedication, to the path of sacrifice, to the life of devotion, and to the suffering spirit and the spirit of the martyr. At that time, all the time serving people, although there was no direct supply of material or personal groups, they all acted in faith, performed by faith, and lived by faith. The Lord also called us to devote one class to the Lord. There is no shortage. All the saints are seeking nothing but seeking everything for the Lord. Therefore, we commit ourselves to death every day. To be honest, I was dying every day.

Because our living people are often sent to death by Jesus, so that the life of Jesus is manifested in our mortal body. It seems that death was started in us, but the life was born in you. (2 Corinthians 4:11-12)

Therefore, from June 25, 1972 to the year 1979, the number of people in Zhejiang province increased by more than 100,000 each year. This is a wonderful work that the Lord personally led and personally created. Because I have no choice but to preach the gospel, if I do not preach the gospel, then I am in distress. If I am willing to do this, there will be rewards. (1 Corinthians 9:16-18)

The rapid increase in the number of churches and local churches led the Lord to seek more of the saints who were willing to seek the Lord and promised His call. He responded to the Lord and said, "I am here, please send me (Isaiah 6:8)." God is A group of people from all over the country has also raised the heart of Christ Jesus and missed those who are missing in Jesus Christ. They came to feed and feed the sheep of the Lord, and took appropriate care and fulfillment at various levels. The measures are briefly described below. :

1. For the new believers and children, instruct them to "know that the Lord is the one true God and the Jesus Christ whom the Lord has sent him. This is eternal life (Jn. 17:3). It focuses on making people know God. God is omniscient and omnipresent, so we all know what we are talking about. Therefore, we should fear the Lord from an early age. So that they can live and get richer. (About ten 10)

2. For elementary and high school students who God already knows, guide them to God and win God. Create hunger and thirst in them. The emphasis is on making them longing for God's heart.

Three. Guide the young people and university students to love their Lord and ask them to recite, read, and speak the Bible (at that time they did not know how to pray), so that they can be constituted by the truth, become promoters of the truth, and the elite of Christ Jesus. Truth fights that beautiful battle. Focus on backsliding on the Bible.

4. For the grown-ups who have grown up in life, cultivate the spirit of their heads and know what to do in God's family, take care of God's family and brothers and sisters, and be an example to everyone. Always say "yes" to God the Father and the Church. Satan always says "No." Implement four words: blow, push, take, stare. Blowing and blowing trumpets, blowing the trumpet of truth and the gospel; pushing and carrying forward the church and moving the church forward; taking the example as the example and practicing the Lord, witnessing and practicing in life, and driving brethren and sisters to love God's living God; And remind each other. Emphasis is placed on setting an example to lead the entire church to follow the path of the Lord's mind.

V. For mature, elderly people, such as Moses, who prayed for Athanon in prayer for Joshua, he was responsible for praying for the church and young saints and becoming a blessing for people. Focus on prayer.

The Lord brought in such a great revival in China because millions of precious lives have become the seeds of life. When the Lord fell to the ground and died, many seeds were born. This is also the development of the Lord's life. We taught according to the teachings of the Bible time and food to the saints who needed them, but because of the limited

conditions at that time, there were hardly any other spiritual materials except for the few books of the Holy Bible. We are increasingly aware of the lack of spiritual information. If the Lord did not build a house, the builders would labor. If the Lord does not guard the city, the guard will wake up. (verse 127:1)

So no one can boast,  
If you can be strong, it is evidence of God's presence!  
If it is weak, it is revealing itself!

---

## 11. Storming and suffering together

When we arrived at the beginning of 1983, when we fasted and prayed, the Holy Spirit pointed out that the first, the last, the dead, the living, said, Do not be afraid that you will suffer. Look that the devil is going to put you in prison, so that you will test. You will suffer. You must be faithful to death. I will give you the crown of life. We know that the Lord has given us less time. Therefore, we are even more endeavoring to promote the books of the Lord today. The fact that the church following the Lord indicates that there will be great trials and that we are to be faithful to death as witnesses to Christ Jesus.

In May of the same year, a young brother and I went to Brother Li Jianrong of the Guangzhou Bible Transfer Center (my wife and I went to live with the Bible) and asked him and his son-in-law, Brother Huang Tianwei, to quickly transfer him from the destruction. However, they responded calmly and resolutely, saying that they had already had the determination to marshal the Lord and gave them their last little money to us and said that they were given to the brothers who were to carry it out. We kneel down to pray and weep. It is such a well-known and advantageous engineer who wished that the Lord would put life and all things in order that many spiritual books could be delivered. Afterwards, Brother Li Jianrong was jailed and the master martyred, but the seeds of life take root everywhere. It is said that his companionship has also enabled his son-in-law, Brother Huang Tianwei, to serve young people and students in the United States. He thanked the Lord for not making mistakes.

When we returned to Dongyang from Guangzhou, Dongyang launched a massive arrest on May 14, 1983. The responsible person of the religion said: "We will not allow the cry to exist on the territory of the People's Republic of China." Because I was not at home, I was not caught. However, my family passed like a flood, and my wife and children were taken away and forced to tell her husband. Fallen and must negate Christ and the church. "If we persist in our faith at the beginning, we shall have a part in Christ." (Heb. 3:14)

When my wife was in the class, the government staff said to my wife, "You must know that the 8 million troops of Chiang Kai-shek have been destroyed by us. Besides, you, those of you who believe in Jesus, can't you deal with you? "

As soon as my wife heard this, my heart secretly laughed: What is Chiang Kai-shek's 8 million army? They are humans. Only what we believe is the one true God. When God is angry and wandering, the earth shakes. He can't afford to hate the nations. (Jer. 10:10) How can you compare with God? The Lord sent an angel to go out and killed 185,000 of the Assyrian army. (Kings 19:35) These conditions in today are the faith of God to exercise His children. Confidence is tested, and it is more precious than gold that is still bad by fire experiments. (Peter 1:7)

They said to my wife: "The government has done everything to your benefit. If you still insist on trusting in Jesus, you are going to cast your own net and kill yourself. How stupid are you! Don't think about your family and the elderly and children. As long as you say Jesus does not believe it, it is very convenient! You still stubbornly refuse to speak. I tell you the truth, if you are in prison alone, the whole family will suffer with you! Do not think for yourself, but also for your children Think!"

While they were both hard and soft to deal with my wife, the Lord said to my wife softly in my wife's heart: "For you believe in God, your seed will be blessed." My wife believes that the word of the Lord is stable in the heavens. Even though our children suffer, we must Blessed!

I learned that my wife and children were all arrested on May 14th in order to ask my wife to marry her husband and deny the Lord and His church. We immediately retreated to Jixian County and continued to proclaim the name and strong brothers and sisters. On May 28, 1983, I was convicted and sentenced to prison for being informed. All brothers and sisters who had received us were also sentenced to torture. After I was arrested, the police asked my wife to send my underwear. She embroidered on her underwear: "I love you, husband, and the Lord gives his life for us."

The misfortune is not one-sided. Less than a year after I was imprisoned, my family was visited by thieves who stole our health. My wife said to the Lord, "Lord Jesus I love you, and I reward you, and I also charge you. Your name is to be praised... After a while, a fire burned my home." All, strong she prayed and said, "Lord, you have charged me. Now I have nothing, but I still love you..."

The brothers and sisters have heard that all these evils have come to my house. Everyone has come from here, and has been saddening for my family. I have to offer my health care to my family, young and old, who knows not to enter the door of my house and is kept

waiting. The public security police officers there were fiercely attacked, the people were beaten, things were robbed, people were arrested... The scene was terrible... There were about two to thirty people sentenced to such punishment.

What is more unforgettable is the Lord's meticulous love for me. In that hardship day, I was blazed outside.

In the eyes, the Lord warms us with the delicate love of his body and inspires us.

My wife, Sisinru, struggling to survive one day after another, and then her young father and my elderly mother could not stand such a terrible and humane blow. In suffering, she went helplessly away from us...

As time goes by, three more natural disasters and man-made disasters, coupled with economic pressures, the burden of the elderly, the child's support, and the husband's visit are all on her, and her body is very weak and silently tolerated. With all kinds of hardships and persecution, it took only ten yuan to feed a family of five people. The cost of living for three months was not starved to death and miraculously survived. As the Lord Jesus said, people live by God's word.

But Jesus answered and said, It is written that it is not for food alone, but for every word that comes from the mouth of God. (Matt 4:4)

Whenever a person's dead end, God opens the way; at the end of man's end, God begins and man's incompetence shows God's omnipotence. We are

The God of faith is the God who made no difference and raised the dead.

Abraham believed in the God who made the dead resurrection and made it unchangeable. He is the Father of our world before the Lord. As it is written, I have established you as the father of many nations. (Rom 4:17)

But she still took care of God's house and fed the Lord's sheep in great tribulation. He had no complaints in prayer but was full of thanks: Lord

Ah! This is your exaltation. According to our reality and nature, it is not worthy to suffer with you. Today we can suffer with you.

This is your great compassion and gift, so I want to thank you endlessly for your thanks and endless praise. Because of my sister 30

There was also great joy and praise in this great suffering, and many believers were encouraged. It also surprised many Gentiles and returned to Christ. At this time, she was still more than successful. Not only that, she also asked her children to bring their children to their homes to teach them to call for the name of the Lord, and they also received several homes. When children go to school, they call their children to bring their classmates to the Lord. When the children work, they call the children to bring the

workers to the Lord. On one occasion, my second daughter brought in the dumbness of more than a dozen welfare factories and was baptized into Christ at the same time. Because she loves the love of Christ, she has no fear in love, so she is still more than successful. When the church became unhealthy, she did not show up every day to go up the mountain to pray. The Lord also listened to her prayers and pityed on her church. Through the death of the all-inclusive Christ and the resurrection that gave rise to the beginning of the new life, the church overcomes death and rises in the resurrection. "Get up! Go and sow and plant seeds for the mainstream tears. Even if you suffer loss, for the time being, be patient. Weeping will surely pass. Welcome is at the end of the road. We are full of joy and come back with us."

In all our troubles, He comforts us so that we can use the comfort God has given to comfort those who are suffering. As we are more than afflicted by Christ, we have more comfort in Christ. We are in trouble to save you for comfort. We have to be comforted, but also to comfort you. This comfort can make you suffer as much as we suffer. The hope we have for you is certain. Because you know that you are both suffering and you must be comforted. When we suffer, we are crushed too hard, our strength cannot be overcome, our hope for survival is gone, and our hearts are judged to be mortal. We do not believe in ourselves but in God, the resurrection of the dead. (2 Corinthians 1:4-9) Whenever I did not stop witnessing Jesus Christ in prison, I was beaten by the armed police and prison guards of the detention center. In the process of trans-shipment, they were left behind in the gutters or exposed to other torture. When she was seen reporting to my wife, she immediately knelt down and shouted for the Lord's name, saying: The Lord who died and lived, the life that you gave to my brother is a life of resurrection and a life of death. Lord Jesus, you took the key to death and hell, you did not open the door, and no one could send my brethren into the underworld. We declare loudly that Christ has overcome and the devil has been ashamed of failure. It also encouraged other brothers and sisters to believe in Christ and their loyalty to death.

I am a strict prisoner in prison because I do not stop my prayers for Jesus' testimony and cry for my name. So the first three years were top secret

Detained, family members and brothers and sisters are not allowed to meet. I was later discovered by a sister that I was detained in the Fourth Prison in Zhejiang Province. All kinds of relationships were allowed to meet for half an hour each month, calling relatives to help me confess my sins and change my faith.

First, visiting

The first time I visited the prison, I was severely beaten up and dragged by the prisoners. I was mentally paralyzed, and I couldn't sit still with my stools. I didn't have a bit of strength. Everybody said that I was handsome and handsome. The body was bruised and changed his image and became ugly. It was rot and stench. My wife burst into tears and my son broke into tears. My son, Hu Rongmei, saw us so weep and she said to me, "Daddy, dad, don't be sad, I'll give it to you. you

Let's sing poetry!" The melodious voice, clear and melodious, floated throughout the reception room. The emotions of the father and daughter were deep. Many people beside could not help but burst into tears. The police saw the child so sensible that not only did she stop her It was deeply moved, but the Lord Jesus has mercy on us.

Other people's children have sugar cane and radish, but my children have to go and eat the sugar cane and radish pedlar that others have lost. I saw that all the children's rags and foods were not very satisfying. They were really sad, and sometimes they felt a bit self-loving and self-repenting. Because at the beginning it seemed that these difficulties were caused by me... I prayed. Say, "I will not ask you to leave them from the world, but only keep you from leaving the evil one." (John 17:15)

Thank God, after listening to my prayers, they did not starve to death, nor were they crushed to death because of suffering, nor were they forced to die in a harsh environment... All miraculously survived.

The Jehovah met him in the wilderness, where the wild beasts barked. He surrounded him, looked after him, and protected him as the protector in his eyes. (Deut 32:10)

In fact, our heavenly Father loves us so much, that is, we are tempered, endured, and surpassed in every kind of environment... Learning how to be vicious, how to spare, or being full, or hungry, or The surplus, or lack thereof, in all things, and in all things, gave His children the secret to learn. (腓 4:12)

My wife's work was extremely laborious, but she did not complain for the Lord's hard work. Even more unbearable is that the hat of the counter-revolutionary family, when walking on the road, always encounters contemptuous vision. Relatives and her friends have also exerted pressure on many occasions to persuade her to divorce or draw a line with me. At that time, she was almost soaked in tears in the dead of night. Hardly a day did not shed tears but she did not divorce. However, the grace of the Lord supported her, and she finally stepped out of this valley of tears. Every time I think of this, my heart is filled with tenderness and thanks. I thank the spouse whom the Lord has given me. It is the best and deserves my favorite. These are all ordained by the Lord. The Lord has long

been ready for me. Yes, the Lord has made it possible for the present day, so that my home is still so happy, the whole family is willing to serve Him, and glory is given to God! "Only a virtuous wife is given by the Lord.... Brightness is false, beauty is vain, and women who fear the Lord will be praised." (Pr 19:14 31:30)

However, my wife came to the exact opposite with her hard work. She also encouraged me to love the main officials today and often gave me some history of martyrdom.

Since the 20th century, millions of precious lives, beloved strangers, lofty status, and brilliant future are all willing to be poured on the Lord. To those of us who love the Lord, He is totally gracious and deserves to give us everything. The story of the gospel is that Jesus loved us. Our story today is that we love our Lord. We must preach that the Lord loves us. We must also respond to the Lord Jesus and say, "Lord Jesus I love you!"

Second, release

After prolonged torture, I died nine years ago. When I was released from prison in fifteen years, I knew I had become obsolete. (The doctors inspected me, except for the absence of gynecological diseases, which account for all illnesses.) Never give any contribution and comfort to his wife and family. Instead, he will become a burden for his wife and family, so he would not go home. But my wife said, "I'm arduous, support myself day after day, and waiting for you, this brother full of Christ's wounds, is abolishing people, and I'm going home to take care of you. I'm willing to be willing to die with you in this life. Live together. On the day I went out of school, she came to the prison with four children who had grown up in trouble and met me. This whole body was a scar. All of them were sick people. In her dead love, my heart was warmed. My body is gradually recovering from her loving, meticulous care. We have been married for 46 years. I am very grateful to my wife. She is a hard-working and gentle wife who has given me great help. Only the virtuous wife is given by the Lord. (箴 19:12)

The God of all grace has called you in Christ to secure His eternal glory. After you suffer for the time being, you must personally fulfill yourselves, strengthen you, and give you strength. May he be entitled to him forever and ever. Amen. (1 Peter 5:10-11)

So every time the environment comes, so long as faith is strong and unshakeable, God can mobilize all things. The Lord established the throne in heaven. His power rules everything (Psalm 103:19). As long as we hold on to our faith at the beginning, we have a copy in Christ (Heb. 3:14). God can deny all evils. We are earnestly looking forward to the day of God coming to... (2 Peter 3:12).

The LORD met him in the desert wilderness, in the wilderness, and surrounded him, and visited him, protecting him as the pupil of the eye (Deut. 32:10).

Our love has grown unabated, like a newly-married sweet and happy. We joyfully praised the Lord and said: It is the purpose of God and the fulfillment of the people's will; the best of both worlds and the building of the church.

Just as Christ loved the church and gave himself up for the church, so does the husband love his wife as much as he loves his body. When you love your wife, you love yourself.

(Eph. 26.26)

The talented woman who can get it, her value is far better than the pearl, her husband's heart trusts in him, there will be no lack of benefits, her life makes her husband beneficial, her children up and called her blessed, her husband also praised her There are many women who speak and talent, but you exceed everything else. Brightness is false, beauty is vain, but women who fear the Lord must be praised. May she enjoy the operation. May her work honor her at the gate of the city (Pro 31:10-31).

---

## 12.Three different marriages

There are three kinds of marriages in the world: First, the God-dominated marriage is "happy." II. God's Permissible Marriage [paid price]. Third, casual marriage [convicted]. On August 8, 1968, I and Chen Xin married as a couple, and our marriage was a marriage that God ruled! I. The marriage that God ruled

Adam did not ask God to have a wife to help him, to love our God in every possible way and to know our needs. So Adam was made to order Eve. Therefore, please do not have to endure hardships for marriage. You only love the Lord alone. The Lord will bring your spouse to you and bring you together to serve our lovely Saviour as long as you take care of God's rights and interests. God will take care of your needs, such as Isaac and Rebekah, and the mother and Joseph of Jesus. Both Priscilla and Aquila are willing to let God dominate the marriage today, and how happy and happy they are in the sacred history and genealogy!

Second, God approved marriage

This kind of fancy Prince Charming, handsome boy, and beautiful woman do not care about God's sovereignty and their families' objections. What they have won for the fight will inevitably have to pay a heavy price, such as Jacob and Rachel.

Jacob died on the way to the end of his 14-year hard labor and Rachel's death. You insisted on God or she or God. Although God also agreed, but the price is too high, the happiness of the fight is not long, ask brothers and sisters to think carefully!

Third, God's marriage

This kind of marriage is an inconsistent change, a casual marriage is God's marriage, but also a tragic marriage! Look brothers and sisters do not be casual!

2Sa 12:9-12

Why did you despise Jehovah's commandment and do evil in his eyes? You killed the Hittite Uriah by the sword of the Ammonites and married his wife. You have despised me and married the wife of Uriah the Hittite, so the sword will never leave your company. This is what the Lord says, I will raise evil from you and attack you. I will give you your jealousy before your eyes, and he will be with them in the light of day. You are doing this in secret, but I will repay you in the light of the sun before all Israel.

Therefore, the Bible strictly tells us that marriage, all people must respect, and the bed must not be filthy. Because people who engage in adultery must judge. (Heb 13:4)

---

### 13. Christ's Family

Love the Lord their God, hold, teach, and write His words.

Israel, you have to listen. The Lord our God is the only Lord. You must love the Lord your God with all your heart and soul. All that I command you today is to be kept in mind, and we must diligently teach your children. Whether you are sitting at home, walking on the road, lying down or getting up, you have to talk about it. You must also attach it to your hand as a sign and wear it on your forehead as scripture. It will be written on the door frame of your house, and on your gate (Deut. 6:4-9).

In the Old Testament, Joshua was not only a good commander, but also a good father. He could declare "As for me and my family, we must serve the Lord" (Joshua 24:15).

In the poetry list of the wedding party, it is very rare to write this sentence. It is really good, how much confidence is announced, and how much the Lord will accomplish. We must declare together "As for me and my family, we must serve the Lord." Although my family is in great tribulation, the Lord's compassion and my sister's daily love of the Lord are inseparable. Every day she opened her mouth to the Lord Jesus I love you and prayed with the children to read and praise them. It has also been able to declare solemnly: "As for me and my family, we will serve the Lord."

In the New Testament, Priscilla and Aquila's home, Priscilla is the wife. She loves the Lord more than the brethren, and so does our husband and wife. Wherever she goes, the church meets in her home. The same goes for my wife. When she was persecuted in my family and she moved often, she moved her family to receive brethren and sisters.

Because God's creation is home-based. The Lord's salvation is also based on the family.

Our spiritual service is even based on the family. Therefore, we should all build spiritual awareness and practice so that all our Christian families will live in health. So you will rejoice in the water from the source of salvation (Isaiah 12:3). God's salvation is the source of our family's joy. Your family can rejoice. The first family is saved, and the second day also experiences daily salvation. I need to save from my temper. When I and my children lose their temper, my sister will laugh and say, Brothers don't lose their temper. When we come to sing praise and praise, I'm saved in my temper, from us. The arguing of arguing is a matter of salvation. Do not distinguish between right and wrong. Right and wrong, as long as the whole family kneel down and pray, all difficulties will be solved. All our family members will be saved. God rejoices with God's salvation every day. The Chinese saying is full of three generations, but it is only a hundred years old. These will be the past. But God's love will not pass. He loves the people who belong to Himself to love them (Jn 13:1). God is infinite, His love and compassion are infinite, and all the boastfulness on earth will be ashamed, but if we can always boast of God and our Lord Jesus, we will have to boast with the Lord forever. Because Christ is the king of the universe, my personal Lord is the Lord of our family. Therefore, we can rest assured that we do not rely on the Lord to concentrate on the Lord. We must not rely on our own wisdom. In all our actions, we must identify the Lord. He must mean Lead us on the road (箴 3:5-6). In this way, we are not only happy with God, but also with God. We nourish others and we nourish ourselves first.

We thank the Lord for the Lord's home for us, for the husband, for the wife and the children. Our Lord Jesus to Father

God is fully obedient, but it is full of life and love for us. Our husband is not only completely obedient to the principal,

Wives and children are full of life and full of love. We are husbands full of love for my wife, so my wife obeys

It is sweet and sweet. If Dad's children are fully cared for, full of love, their children will read thousands of times daily.

Dad can't live. He will read more and more sweet. I didn't do enough in this area and decided to practice doing so we're father's

As husbands, we must use love to take power, so that our family is full of life supply, full of family care.

I don't like Joshua and David as good fathers, which made the whole family blessed, but I have a good wife. Many good fathers are not always able to cultivate good children, but good mothers must be able to cultivate good children. Thank God, the Lord has given us

good sisters, called our children to be merciful, and to be kept in the grace of God, such as Moses' mother Jochebed (Ex. 6:20) and Samuel's mother Hannah (sprinkled III. 19-21) Timothy's mother, friend Nieki, and their grandmother, Luo Yi (2 Timothy 1:5). They obeyed their husbands. They loved the children and were filled with the transmission of the Word of God. This is a good example for us. .

Children are the industries that God has entrusted to you, and you must especially solemnly receive this glory from God. Psalm 127:3 Children are the inheritance of the Lord, and the fetal birth is His reward. Although our children are born of us, we can see from the biblical revelation that Psalm 127 shows that children are not our private property, not what you are trying to shape him into. When you are born, you will give him to the Lord and ask the Lord: Thank you, the Lord for giving me this child. What are your hopes on him or her? Do you have any reservations? Tell me about it? I will do it according to your heart. Come and teach my children. Or Lord Jesus! Thank you for giving me this child. Ask how you taught us to raise this child. Or say, Lord, I do not ask you to make your child prosperous in the world. The Lord's words only ask you to give them a life-long love for the Lord and love the Lord more than we do. The simplicity of our children's hearts is the most important thing. It is hoped that the brethren and sisters will have newer dedication and prayer for their children to make them love the Lord. And we must take them with us to read the Bible, pray and sing poetry to make our home full of sweet and sweet homes. Our teaching is not as good as our own. Our teaching is not as good as the Lord's. We can set ourselves as role models, but we The source of wisdom. The fear of the Lord is the beginning of wisdom. Knowing the Holy One is intelligent (Prov. 9:10). Sometimes we will take the children into the Word of the Lord and carry the word of the Lord into them to make them lively and thankful. Conservative.

Children are a replica of their parents. Be careful about your words and deeds. Physical education is more important than words. Parents love the Lord, children love the Lord, parents love the earth, and children love nature. The parents prayed in earnest, the children left the truth, their parents criticized them, and their children stubbornly defected. To educate a child to make him walk is to be old, and he does not depart (Heb. 22:6). Brothers and sisters, we must value the spiritual future of our children, over the future of their earthly heritage, and let the children love their Lord for life. As long as they live in God's home, this is the greatest comfort for parents. May the Lord bless us.

The best way for us to overcome all the plots of the enemy and to persecute them is not only to pray, to read the Bible, but also to borrow it.

With the praise of the Lord, husband and wife can love each other and love each other, not only to care for each other, but also to praise the Lord, to have family and Well, if the children are obedient, they will still praise the Lord. My wife and children can have it today because my wife is a Full of praise. Christian life climbs from praise. Praise is more than everything to touch the Lord, the Lord Jesus is It is this road that goes on the ground. We can also walk on this road. We don't look at the day and sigh, where they test for practice. I They are climbing above the trials. When we praise it, we are trying it. The more people want us to suppress, the more we are in the main Before I get up and say: Lord, I thank you and praise you! Learn to accept, learn to know that He is God, learn to know that this is His work thing. Nothing can make people sweet and mature, like offerings for praise. We see here that spiritual victory does not depend on war, but on praise. We must learn to overcome Satan by praise. When you are praising there, Satan will flee. Don't wait for things to become compliments. Praise when you believe. Instead of waiting for the enemy to go away to sing, it is to sing to tell him to go. We must learn to give praise first by faith, and we praise him first by faith, and you see the enemy completely defeated. This is our real experience, so we must extol the Lord from time to time. Praising Him will always be in my mouth (Psalm 34:1). Praise is the highest work of God's children. Or, the supreme expression of the spiritual life of the saints is to praise God. The name of God, God Himself was exalted by praise. When we sing praises, the Lord will be glorified; when the joys of heaven greet the heavens, the angels clapping their hands to applause! We are witnesses of the living God. Let the world know that Satan's whole army will break loose, and the news will flee everywhere. The more we praise God, the more we call the Lord to please us. The more we praise the Lord, the more we are inseparable from the Lord. The more they praise the Lord, the more they love the Lord. The sacred Roman history is also practiced among us. Reading, Prayer will be past. In the endless eternity, this love story of the woman (Church) of the cosmic At the top, the blissful happy life of love is full of praise.

## 14. My Home - Daughter's Witness

[Testimonials of My Daughter Hu Rongmei] The following is the practice of my youngest daughter, Hu Rongmei, who heard and saw the love of her parents. (My children follow the renewal dedication

In the most beautiful years of my youth, I also sold out the companies, factories, and industries God has given to our children. I have already gone to serve God where God needs them most. )

One, father

When I was a child, I didn't have much memory of my father. At the age of 5, my father was imprisoned for 15 years. However, the situation of the church's revival was vivid. The Lord's church in Dongyang is like Acts 2:46-47. They united with each other day by day, firmly and persistently in the temple, and went from house to house, licking bread, praising God with joy, pure food, praising God, and having grace before the people. The Lord will save those who are saved every day. I remember that after a gospel meeting, a large group of young people asked for baptism. There were no creeks and ponds nearby. There was no bathtub. The old sister took out her coffin. The father found a plastic sheet in it and added water to them. One by one they walked into the coffin and called for the name of the Lord and were baptized. They came out of the water and shouted for their salvation. (A true portrayal of death, burial, and resurrection from the dead).

His father lived a life where the Lord Jesus sojourned on the earth. He spread the gospel everywhere, baptized people, led meetings, taught the truth, supplied life, and built the church. The testimony of the church extends from Dongyang to the surrounding areas. It meets almost every day. It often arrives late at night. The number of people whom the Lord will be saved adds to them day after day. Dongyang City increased its number from more than 400 at the beginning to more than 20,000. The number of people saved in other cities and counties has also greatly increased.

Second, mother

The mother is introverted and does not talk, but she is a person who greatly trusts God and knows God. Because his father worked outside God for many years, the burden of raising four children was on the mother's body. The father often brought his brothers and sisters home. In that time of insufficiency, the mother never had any grudges, but always joy and joy. Hi reception.

In 1983, the church in the Mainland experienced a great crisis. The father and dozens of fellow workers were imprisoned. The mother was allowed to visit the prison three and a

half years after his father was imprisoned. Mother took me with me. I saw my father was seriously injured and could not walk. She was dragged by two people. They put him on the bench a few times. The father slipped down from the stool and squatted on the floor. His body was rancid and he looked at the ceiling and turned around. Desperately yelling to his mother: "New flowers, new flowers (mother's name), run, run, the house is going to collapse, run away!" The police officer on the side yelled to his father, "Letter to Jesus, to Jesus. You don't want to believe anything, you keep it

What are the benefits of sitting here? You don't want to think about your family's old mother? Not to see if your children are still so small..." The father sang poetry on the ground, ignorant of his father's hearing. "I'm blessed to believe in Jesus. There is a god. Love covered me, and there was a god hand to hold me. The Saviour guided me before me. Angels protected me, and the Holy Spirit filled me. I rejoiced and went straight to heaven..." Father looked at the sky, Slowly moving, filled with joy, as if only he and his Lord. The police officer said nothing to him, and said to his mother: "You quickly urged your husband, told him not to be so hard, and confessed to go home early. "My mother watched her strong father tortured like this. She couldn't help but shed tears. But she said to her father, "Grace, we are all dead or alive. Don't be afraid to kill the body, but you can't kill the soul." However, we must fear that we can destroy both the soul and the body in the fire pit. We have to be faithful to the Lord until death..." As a result, we were driven out.

During the 15 years after the father's imprisonment was not convicted, the Public Security Bureau repeatedly talked to his mother and the family had been monitored until now, but the mother and several sisters still maintained a family party.

Third, indescribable love

Shortly afterwards, my father was sentenced to life imprisonment. The day the mother took with us four children and I could never forget the father's glory at the time of the announcement. The father is joyful and glorious. The section of the road that came out of the court and entered the van had to take a chance to close to his father. The mother rushed to stuff his sesame cake into his father's pocket. The father's pocket was small and he couldn't get into it. His father cheerfully saw his mother. His The eyes were not willing to leave their mothers for a moment, although we all shouted at the side and he could not hear it. When we grew up, we realized the deep love between father and mother.

After that, he went to see his father. He came out with a stick. His clothes and shoes were very shabby, his incisors were cut in half, and there was a big bag on his head. The bag

was still there. My brother and I saw my father's winter barefoot wearing a tattered shoe and my fingers were exposed. I told my mother to buy pairs of shoes for my father...Why didn't the mother ever want to, but we have nowhere else to save? My mother used her only ten dollars to maintain a family life of five months. We drink porridge every day. All four children have to read. When my father is imprisoned, my eldest sister is twelve years old, my second sister is ten years old, and my elder brother seven. I'm five years old. Some of our children are not willing to go out for a short-term job. Soon to the summer vacation, the wise brother asked his mother for five cents. He took me to approve twenty salt water sticks, wrapped it in cotton cloth and put it in a small box. I called in front of me: "We walked in one village and one village and we sang for sale. One day we went more than ten kilometers and walked with blisters. My elder brother never cried. A summer vacation we got a few ten dollars. The brother was excited to pay the money to his mother to buy shoes for his father.

The gift I prepared for my father was my favorite nougat. It is the most advanced sugar in the candy. Basically, only when the New Year is over, people will marry when they get married. I think my father must love it too, so I would hide it if there was nougat. I saved nearly twenty pieces in the winter, and I counted on the nougat every day and I was eager to meet my father. I

Prepare the clothes to be used to meet the father on the day--a suit with two pockets. I plan to put nougat into the pockets of the two coats, and put two coats on the outside to prevent the prison guards from discovering. Confiscate my sugar for my father.

I finally hoped for the day to meet with my father. It was summer. The temperature was relatively high. My mother advised me not to wear so many clothes. She was afraid that I would suffer from heat stroke. But I was afraid of being checked, my sugar confiscated, and I was wearing three clothes. When I saw my father and sugar came out of my pocket, the sugar had melted.

The elder sister is the most sensible most family-friendly person. She does not have rice and vegetables, and takes a handful of cornmeal every day to add steamed water to eat. When her mother went to work, she secretly went home and made housework. After graduating from junior high school, I went to work in Guangdong, where I went very far to send home a monthly salary.

With the help of big sisters, the days are gradually getting better, and a fire can burn all our belongings. On that day, my mother took us to an old sister's rest party. No one in her family, the house next door caught fire, and the fire spread. When we returned home, the fire was extinguished, but we had nothing. The mother did not tell her father what

happened at home. She never brought negative things to her father. She never let her father worry about us.

The turmoil of church division in 1988 originated from the church's lack of brethren who loved the Lord's knowledge of Bible truth. Several leaders of the Lord's zealous believers led the way. They did not understand biblical truth but talked about visions and dreams. At the beginning, the mothers only looked for their transportation and advised them not to pay attention to such matters. They must read more of the Lord's words. At a party, several sisters began to talk about their dreams. The mother bravely stood up and said, "Brothers and sisters, we cannot believe in all our dreams. All who are from the Lord have biblical evidence and visions. It will be more and more clear, but if we care too much about these things, the enemy will use all kinds of dreams to deceive us and turn us away from the body of Christ and the centerline of the Goshen design. We know that Satan is not afraid of us much. He loves the Lord, and he is zealous. He is afraid of the construction of Christ's body because the body of Christ is brought into the Lord's return. Today's message speaks of the building of Christ's body. May we all care about the Word of the Lord and spend time to equip the truth. We come in. Together, we must read the word of the Lord and say the word of the Lord. We eat the Word of the Lord by praying, studying, backsliding, speaking, and other methods. Intercommunicate each other with poetry, hymns, and spiritual songs. The heart is praised by the grace of God. We can be conservative..."

Her mother's words offended the sisters who had talked about the dream, and they rose to argue that all the spearheads of that afternoon were pointing to the mother. They finally declared that they would use the authority of the church to isolate the mother. The mother does not quarrel with her and she does not swear to sit there silently. When they saw that they could not drive away their mothers, they decided to change the cakes in the afternoon to private in the evening. After the meeting, the mother took me home. She had dinner, eaten early, and went to the club early. When brothers and sisters came one after another and saw the mother sitting there with me, they were all paralyzed, but no one answered us. At the beginning of the cake break, the dishes were handed one by one to our place. They wanted to pass over the mother and hand it to the next one. The mother took the dish and said: "The Lord has not forsaken me, and no one can take me out of Christ's body. Move away." Mother took the cake. They began to sing a self-directed song. It was a song filled with evil spirits. They all became wicked and wicked. They sang more and more fiercely. I was so worried about my mother that I didn't remember how we came out.

Yes, on the way back home, I said to my mother, "Mom, we don't want to go there for a party anymore. Let's get together at home." Mother back 41

A said, "The church is the body of Christ. There is only one body in the universe. One witness. We cannot leave the church because we are right or wrong." The mother continued sighing: "The enemy cannot be reconciled. The present message speaks of the body of Christ. Satan must be dying and struggling to engage in destruction and division. For as soon as Christ's body is built up, the Lord will come back and Satan will go to the lake of fire." Since then, the mother has risen up to a small hill every morning before dawn. One person went to pray alone. A month later, an old sister joined in the prayer process. Those who split themselves went out to divide their points. The brothers and sisters came back one after another. In the original clubhouse, we continued to meet and learn the message of truth, taking the path of life, raising, teaching, and building.

In 1996, my mother went to see her father and took a spiritual book with him. The blind man did not pay attention, and quickly gave it to his father from the gap below. From then on, each time I went to visit my father, my father's first sentence when she saw her mother was: "Do you have an elixir for me?" The mother said, "Yes, there is a bag of sacks out of the bag." , "This package is peanuts, this package is soybeans ..."

Inspectors opened one by one to see what did not find, let us go in and see through the iron window. Only we understand that what the father says is that the spiritual food is not a snack. The father was eager to see the information inside, and they were found repeatedly punished and confined. But his father never said this to us. Every time he went to see him, he still cared about whether or not he had brought him a food. The people who came to see later became stricter and stricter with us. The time for receiving them was getting shorter and shorter, and there was no chance to give him any books. But I can't forget my father's hunger and thirst.

In 1998, my father was released from prison. My mother supported her father and said, "Grace, in the Lord, we are not old and useless. We should live younger and live younger, and live more and more valuable, even though our external bodies In the recession, our love for the Lord is more fresh and lively. We must also participate in full-time studies, equip the words of the ministry, keep up with the vision of the times, support young people, and bless the church." Ha ha nod like a child nod.

When his father was just released from prison, the doctor laughed and said: "In addition to gynecological diseases, there are problems" but the mother always encourages his father with the words of the Lord. Wherever there is learning, the mother encourages her father to go, always saying: "We If we are either living or dead, we are always the Lord.

We cannot recover our offerings when we are old. We must not fear the stormy waves ahead. The Lord will walk with us and the Lord will give us sufficient grace for us to use.” Because of her mother’s letter By relying on his father's swing, his father's body is getting better.

After seeking and learning through prayer, the father saw the need to serve young people, students, and children. He encouraged young people to accept training first and then serve others. The Lord gave him grace. In 1999, he began training in Dongyang for a full time, and then served with young people and children. He also repeatedly encouraged me and my brother to relocate to colleges and universities. As children, we are not willing to expect anything more to happen to our father. I once asked my mother, "Don't you fear that your father will be arrested again? Don't you know that the student service is a heavy penalty if he is arrested?" The mother was silent for a moment and said: "I know, boy! I'm afraid too. But now There are many people in the church and there are few people willing to put up. Some sisters are afraid that their brethren will be taken to jail for service. Therefore, they block the brethren out of service in all directions. We may delay the return of the Lord in this way. I have handed over my brother to the Lord. Now, you don't want to stop your father."

Lord, I thank you for giving me so much to love my father and mother. I am also here to ask you to move my parents’ spirit to move me more than once. Let me also love you and your church in this way.

Lord, may you remember the wishes of my parents, who desire to be fulfilled again. Please give them gifts for your church.

Witness: Hu Rongmei's sister

1 Corinthians 13:4-7 4 Love is patience and kindness. Love is not embarrassing. Love is not boastful. Not arrogant. 5 Do not be shy. Do not seek their own benefits. Not easily angry. Does not count human evil. 6 Do not like injustice. Only like the truth. 7 Everything is inclusive. Everything believes. Looking forward to everything. Everything is patient.

---

## 15. Such as fire provoke

The second furnace of suffering

In 1979, Yu Jieli sent the Bible to Guangzhou. My wife and I risked their lives to reach the home of Guangzhou's Li Jianrong. His son-in-law, Wang Tianwei, handed us the Bible: We are so treasured. Bringing the Bible secretly back to the churches, the Bible and the newspapers sent by the churches of the world through the churches have brought us

to the water and brought us into another great revival. We are all being read in the spiritual book, and the words of God's living draw the light of the Great Lights, so that we may see light in the light. From the moment we take the spiritual information from our hands, we are obsessed with the pursuit of the richness of Christ. Where is the Lord's words spoken? At that time we began to pray for the name of the Lord, read the words of the Lord, practice the Spirit, speak for the Master, and preach Jesus Christ as the gospel everywhere. The waters of the Holy Spirit flowed among us, and the sacred richness was again distributed by us to the places where the earth was flowing, to the joy of the desert, like the blossoming of the rose, the joy of the music, the spring in the dry land, and the redemption of the Lord. Return and cheer to Zion...

Through the release and opening of the message of truth in Genesis, Revelation, etc., we are again provoked by fire, and all saints are also

After the fire of Christ's love fire was burned again, all the people dedicated themselves to the Lord in unreserved and renewed manner, willing to devote themselves to the life of the Lord.

Water promotion work.

Lord, thank you very much! Your name is always worthy of praise! When we care about your home, you care about our home. When our cause is in conflict with the family, we should put aside our family and bear the work entrusted by the Lord. For the Lord said, "When men come to me, if they do not love me more than love their own parents, wives, children, brothers, and sisters, and their own lives, they cannot be my disciples." Luke 14:26.

Before 1972, the churches in the whole province were like sand and all walks of life. After all the churches in the whole province were estranged, they took Christ's heart as their heart, they missed the thoughts in Jesus Christ, they saw the vision of the body of Christ, and they spread the kingdom. The Gospels, when they say the same thing, are all doing the same work, so they are very powerful and they are developing very fast. Every year, hundreds of thousands of believers join the church.

In the three years since 1979, God gave us all of us where we took the footsteps of our departers (Jos 1:3). Everywhere they went there was a testimony of Jesus, and the name of the Lord was lifted everywhere. Wherever the waters of the Holy Spirit went, great rejuvenation took place. The spread of the Bible and the spiritual book played a key role in the expansion of the Lord's witness everywhere.

The direction of the church is to transform the people of Jesus Christ into love, to build people, to love and love people, to love the Lord and love the church, to love brothers

and sisters, and to love the world. To use the power of love to promote the gospel and use the power of love to build churches everywhere. People who believe in are all together, and everything is common. We work together day after day to unite in the spirit of joy and carry out spiritual services. Thank God,

There is grace before the people, and the Lord will be saved every day with us. Keeping the pure heart of the Lord, follow the Lord Jesus.

Must be preached. Whenever you have time, always concentrate, and use every kind of patience, every kind of lesson, reproach, alert, and exhort. (2 Tim. 4:2)

We are willing to have friendly contacts with all people. I am also happy to maintain friendly relations with the government. Among us, not knowing anything else, only Jesus Christ and this one crucified. (1 Cor 2:2)

From 1972, my special call to the Lord was my new beginning. It was also the conversion of my race and became the calling class. The conversion of life is the life of living a divine life. It is because God's family is my home. God's business is my business. It is God's right. Focus on the heart of the Lord Jesus and miss the thoughts in Jesus Christ. I was originally a captured man who was transformed into a blessing by the Lord. What a gracious and honorable Lord, my spirit praises my heart for praise and praises the Saviour's grace. I was impressed by the infinite feelings, and I was impressed by the Savior.

Since then, the Lord has revealed to me again and again, and I have dedicated myself to the Lord again and again.

From the special call of June 25, 1972, I began to work during the day and in the evening led the Lord to guide the gospel to the wilderness. How did so many listeners wait for me in the wilderness? I don't know? Every time Jesus was preached. It is God's love, unparalleled love that comes to us, no more love, more than us, and us. It affects us. Bring all the people into the melting furnace of God's love... The winds and colds of the winter evenings, everyone's heart is hot, and the soul is in urgent need of Jesus Christ. The heavy snow falls and the people hear the gospel. Standing in the wind, listening to the ear, at one or two o'clock in the morning, I asked all who heard the gospel to say: This one also loves you, loves you also when death, loves you again, loves you, ascends in love with you, and Jesus loves you again. Do you want to do it? Everyone shouted in unison: "We want Jesus, and I say: In this atheistic regime, you believe that Jesus will lose his job, be expelled from school, be put on a counter-revolutionary hat, and you believe it or not." They answered with a loud voice: To believe. I said: If you are caught and you will be beaten, will you believe in Jesus? They say: Yes. Should they be jailed and

shot? They replied: "Jesus loved me and gave himself up for me. We also wished to give His life for Jesus and preach the gospel to those who were suppressed."

I asked again, then we believe that Jesus who loves us is not enough, everyone says enough, but what else do you do? How do you get soaked in ice and snow? Open the ice hole and go into the baptism. All those who were baptized were filled with the Holy Spirit, full of joy, and singing praised the Lord. All the ghosts were chased. All the diseases were healed. Skin diseases, psoriasis, and after the baptism, their skin is better than the little girl.

The Lord's name was greatly exalted. The Lord greatly increased the salvation to the church. The great joy of the saints. The people are like the same people. All things are common and there are no one. The Emmanuel who God is with is truly realized in us. intermediate. Everyone cheered and praised the Lord.

The God we believe in is really a faithful God. It is a God full of mercy and compassion. At that time, because the Spirit of the Lord was upon me, my feet were as fast as the hooves of the doe, running everywhere and not feeling sleepy. He also allowed me to keep on high ground. (ha 3:19)

Our poetry is:

I am blessed to believe in Jesus. There are gods who love me.

There was a god hand to hold me. The Saviour guided me before me. After the angels blessed me, the Holy Spirit helped me, and I went straight to heaven.

All this is a special grace God has given me. God is really a God of observance, love, and love. We have a little love of God.

The Lord will double our blessings to us.

"My beloved will be loved by my Father, and I will love him and will appear to him." (John 14:21)

All our work must be initiated by the Holy Spirit. It is worthwhile to be sent by the Lord because we are slaves of the Lord;

Self-sovereignty will win the glory of God if it is favored by others. The work depends on the source, and the field does not leave the field; the boss is not

Those who can leave the ship and serve the Lord cannot leave the source. The source was wrong and it was all wrong.

All those who are of the Lord, regardless of the gift, the Lord and the Lord, are admitted; and whoever does not come from the Lord, I am afraid that the gift will be greater.

One evil person. Therefore, regardless of the size of the gift, it depends on where the source is. Everything that goes beyond the Lord puts his own life

The above is also calculated. It is not confined to the Lord. All words and deeds must be repented to the Lord.

The police and the police were ordered to start chasing me. I commanded the Lord to go and preach the gospel every day. We have not preached the gospel yet.

In the end, they were all blind and could not find us. When they found us in the baptism, we had already gone empty. Such as

This pursuit of us for twelve years did not catch us. Our God is so wonderful.

Trust in the Lord will not be afraid. Almighty God is my father.

I am really a child of God, and I give it to the Lord.

Because a baby is born for us, a son is given to us. The regime will be on his shoulder.

His name is marvelous, the counselor, the Almighty God, the everlasting Father, the prince of peace. (Isa. 9:6)

At that time, we had handled our relations with the government in a very friendly manner, and the first Bible cram school after setting up the chaos in the country had brought about a great revival of the church.

So in 1983, I put forward the nickname of the same trade union in the province as: "One year of evangelization in Zhejiang Province [each family has Christians, villages have parties] and three years evangelize all of China", according to my due diligence In the past year, it is entirely possible for believers to increase their calculations by 50 times. Later they were stolen and changed their minds, and they were changed into: "One year in Zhejiang Province, three years in all China," and a counter-revolutionary cry.

For the Lord said, "My grace is sufficient for you, because my power is perfect in the weakness of man." (2 Corinthians 12:9) When I wrote here, my tears could not help but flow, and I was inside. It is full of joy and joy.

When I sit down, I get up and you all know; you know my thoughts from afar. My words have not yet come to your tongue. O Lord, you have fully known. (verse 139:3-4)

The Lord's love is so rich and complete. Because these tasks are not what people call me to do, or what I can do on my own, but it is the grace of the Lord and special mercy that supports me in this way. Despite this difficulty, grace is greater than all difficulties. Even though the road is so narrow, my dear Lord is always watching me and protecting me. Recalling this journey, it is all the encouragement of the Lord's love and the preservation of the Lord's grace.

His left hand is under my head, and His right hand holds me. (Sura 2:6) We do not work for work, but work according to God's mind. We cannot live in our work but live in Christ

Life. The foundation of our work is life, and the method of work is the cross. If there is no life, and no cross is used to deal with it, there will be no work at all. So don't pay attention to the outside work, too much of Christ's life. True service, true supply, is in the life of Christ.

One brethren asked me: "How to pursue, to be the crown of glory?" I said, "Don't pursue, and it is useless to pursue. As long as we are willing to accept the crown of thorns today, there must be a crown of glory in the future; today we reject the crown of thorns." , then the crown of glory in the future, you are pursuing or not." "There is no other path today, only the path of the cross. Today's main lesson is to reciprocate the cross daily and die every day; if there is no death, there will be no resurrection; if there is no suffering, there will be no Glory."

The God we believe in is really a faithful God, a God full of mercy and compassion. At that time, because the Spirit of the Lord was on me, my feet were as fast as doe's hoofs, running everywhere and not feeling sleepy. Oh, it kept me on the top. (ha 3:19)

We have a little love of the Lord, and the Lord will double our blessings to us. With my orders and observance, this man loves me. Those who love me will be loved by my Father. I will also love him, and

Appear to him. (John 14:21) The word of the Lord is the Spirit, which is life. Life has come, death, and fear have fled! Because life devours death,

This is a spiritual law.

The LORD met him in the desert wilderness, in the desert wilderness, and surrounded him, and he looked after him and protected him like a protector in his eyes. (Deut 32:10)

---

## 16. Sacred Supply

Abraham gave the name of the place called Jehovah Elijah (that is, Jehovah will prepare). To this day the people still said that there will be preparations on the hills of Yahweh and Hua. (Genesis 22:14)

When I was called in 1972, God's call was my new beginning. A new beginning, but I was often weak and I was not confident enough to move forward with the Lord, stop and go, stop and go. At that time my parents were old, my daughter was 2 years old, I was a farmer, my wife was in the wood carving of a social enterprise, and my family life was not enough to meet the needs of God and the church. Therefore, God again and again appeared to me and used his nails. The trace's right hand supported me and took me through countless hardships and hardships to show that the God we believe in is coming

to me with incomprehensible mercy and compassion. I am a man who has turned the moment, who has no value, no merit, and no one who deserves to be a true witness to the Lord Jesus Christ.

However, in my path, God Himself is my sacred supply!

Example 1: God has prepared for me a talented wife who is his divine provision and supplies all my needs. She pleaded with the Lord and said: "Lord Jesus, in order to enable my brother to take full care of your home, ask the Lord to give me double grace, to finish the two days of work one day, and to complete her husband's work. Let my brethren serve you with peace of mind." The Lord we loved listened to her prayers. A weak woman finished the work of two great men every day, and made me to serve the Lord with peace of mind.

Case 2: The Lord did not give me musical cells. No one teaches poetry on the Sunday Gathering Day. My wife was interested in music when she was young. In order to cooperate with the Lord's actions, her unit is not allowed to take leave on Sunday morning and must complete daily tasks. Every day she had a two-day mission. What should we do? She had to pray once again to the Lord and say, "Lord Jesus, pity us, for the meeting of the Lord's day and the singing of the poetry, to ask for help, than to ask you to release me. It's impossible for us to finish the work for four days before Saturday and it's impossible for us to see it, but the Lord is not able to deal with people." The miracle happened, and she worked four days a week and six days. Feeling tired. Such great grace continued with her until I was formally arrested on July 7th, 1983, and she also lost her job.

God makes no provision for change.

Example 1: At that time, the food was very tense and everyone could not eat. My family had a special co-worker meeting. The plan was about 20 people. Who knows that the Lord has given us special blessings and has come in more than 150 places, but my family only has 20 pounds of rice. How do we receive them? Ask them to find food by themselves? The environment is not permitted and will be taken to jail. What should I do? My wife and I only had to trust this to the Lord, take only 20 pounds of rice to cook and eat lunch, and they were hungry, and they refused to go back. After dinner, they still refused to go back because they couldn't arrange to sleep. They could only meet until dawn and they took breakfast and left. What is so curious is that all the people have to eat three meals and still have many meals left.

Case 2: A burning July double rush season, a young sister's husband died of heatstroke, no money to be buried, and extreme grief. I sent the Lord to visit the sisters. The Lord

revealed me and asked me to buy food for the whole family. The only ten-year-old wife gave the widow's sister. I said that this is to support the family and our family. I don't want to say anything to me but just say it to her! I'll send the only ten dollars to the sister, and the gratitude of the sister's wife is still there. Live in my mind, can not leave. After returning home, I took my prayers and said, "Lord Jesus, what shall I do if my family is going to eat five meals? What will the child do when he cries and hungry? Let the Lord who is not changed, feed us." After the prayer was over, I got up and cleaned my clothes, and suddenly I saw the notes in my pocket. I took out and looked at the two ten-dollar bills, as long as we listened to the Lord and given them. The Lord gave us double blessings. Alleluja, Amen!

Special circumstances God special provision.

Example 1: The atheists who did not allow me to preach the gospel, told the production team to take strict care of me and found that I would not be working at home for 10 days. For this reason I said to the Lord: I cannot afford such a high penalty. The Lord answered and said, "Is it true that one man's life is only worthy of your ten-day fine? I say, Lord, I'm going. So no matter how much money they punish me. Soon after the start of the busy farming process, a fine of a hundred times was not made at home. I was helplessly forced to go home to work. I participated in the harvest on the first day. Unexpectedly, a grain of cereal entered my right eye. My eyes were immediately swollen and I could no longer insist on labor because the public injury was approved for rest. I asked the Lord and said, Why is this? The Lord said: I will not be wrong. That evening I received a letter from Peizhou's sister-in-law. I only asked me to come to her quickly. I thought that the young couple had been arguing. I was the servant of the Lord and asked the Lord, "Shouldn't we go? The Lord said: Go." I asked the Lord to say: Pray that all people will not see me go, lest I be arrested, and be fined a hundredfold. But pray that the Lord will make my eyes see the way. This is what happened. I walked to her pig farm and asked her what she was saying. She said with a smile: God is touched. You are very short of money now. I have urea for pigs here. You use the rickshaw I prepared for you to pull it to Dongyang. To sell, you can make a difference. I did this, earning ten yuan a night. [At that time, the labor was only a few cents a day.] I didn't have much time to sell out the urea in her pig farm. The Lord will open a greater path. The seeds of Chuzhou are only seven or eight cents a pound, and if they get Dongyang, they will be able to sell one dollar more. I am set for the Lord and this life will be a hundredfold, and I will have eternal life in the future. Every night I work hard, I can make a few hundred dollars. It was unique in that era. The Lord opened

the windows of heaven for me and blessed me. I do not need the church to supply me. I supply everything that the church needed during that time. It's amazing.

So I tell you not to worry about life, what to eat, what to drink. Worried about the body, what to wear. Is life better than diet? Is it better than clothes? (Matt 6:25)

You must first seek his kingdom and his righteousness. These things must be added to you. So don't worry about tomorrow. Because there is tomorrow's anxiety tomorrow. The day's difficulties are enough. (Matt 6:33-34)

In 1980, the Lord raised a group of young brethren to us, such as Lin Chenwang, Zhou Tianfei, Wang Zhiwei, Wen Fukang,

Brother Xie and others, Li Haizhong, Li Lixin, Li Liming, Chen Biao, Leslie Cheung, Wang Liangbao, Sister Lu Lifang, Jin Xiao, Dongyang

Red, Lu Wenxin, Chen Zhenbing, Xiaodong, Li Fengjuan, etc., Yongkang Yujiacang and so on.

---

## 17. The Yiwu Incident of Dongyang, Which Shocked at Home and Abroad

At the end of January 1983, Chang Ping of the former Central United Front Work Department deputy director organized an inspection delegation under the direction of the Central Command, went to Shanghai and Zhejiang to investigate the issue of the shouting party, and listened to the deputy director of the Public Security Bureau in Hangzhou about the "God's construction" as a reactionary point. The report also listened to the brief story of the Yiwu incident in Dongyang.

According to the 2009 edition of Beijing Huawen Publishing Co., Ltd., published by Jiang Ping, "Study Survey Summary", the historical record reports related to shouting sentiments can be summarized in the following three points:

1. The shouting sentiment is inflicted on the small group. In 1956, after the reaction to Ni Lansheng's reactionary activities, there was a differentiation; the shouting party started in February 1980;
2. The shouting school is a political reaction;
3. The departments concerned took in the form of receiving, detaining, and subpoenas to crack down on a few bad guys, removed a few cries of bad leaders, and united clergy. If you don't shout when you come to church, you can treat them equally.

Jiang Ping said in the "Survey of Investigations and Surveys": "Foreign reactionary forces have placed great hopes on the underground church [house church]. They believe that

this is an unprecedented challenge to the Chinese Communist Party that insists on materialism, and even arrogantly says that in the future In the spiritual war, they will win with Christ." Jiang Ping gave the competent authorities' "Report on Dealing with the Shouting Party" on April 18th. He concluded: "The reactionary booty of the Hong Kong version of the publication," The Lord is in China "All international reactionary forces are called upon to "come together with the underground churches of all parts of the continent, and under the leadership of the head of Christ, to invest in this end-time battle against the evil spiritual warfare." In this war, they imagine that they "will make sacrifices with Christ." . This fully demonstrates that the real purpose of international reactionary forces in inciting some of our country's reactionaries to organize "callers" is to subvert the people's democratic dictatorship and the socialist system in China."... This matter is due to overseas public opinion and Criticism has been expanded and degenerated into anti-government political movements.

As a Christian representative, I strongly protested for the family church. It turned out that our good relationship with the government has become rigid and even broken.

In June 1981, the United Front Work Department, because I insisted that Jesus did not give way to the benefit of the church and sought benefits for the church, the government hired an unbelievers who opposed the church and formed the Chinese Christian Three-Self Patriotic Movement Committee to formulate the thirteenth By closing all family gatherings, the church was once again subjected to unprecedented persecution.

In February 1982, the Christian family churches in Zhejiang's Dongyang and Yiwu counties were violently suppressed. In June of the same year, some Christian media in Hong Kong started the report. These reports quoted an imprint of a letter called "Please pray for Dongyang's limbs." The letter stated that on February 28th in Dongyang, "Jin Bingyi [is the self-chairman of Yiwu County, is a church pastor], Chen Songlin [Dongyang County]

The three self-chairmen and pastors also incited the use of a group of members and militia members who did not know the truth and stormed into family gatherings to kidnap brothers and sisters, beat and even insult our brethren and sisters. At one point in the report, overseas Christians were raging and the Chinese and English Christian media republished and reported. In the article "The Confrontation of Freedom of Religion and Political Freedom" published by the magazine "100 Sex" in June, it was pointed out "this is awareness." The question of form, "" Eliminating all religions is the goal they never change. "The Lord is in China" (the album's inaugural issue) published in May 1982 by the "Main China" editorial board in Kowloon, Hong Kong, also recounted the appeal in the

mimeographer's flyer: "In recent months, In mainland China, especially in the vast rural areas, a large number of underground churches have been subjected to more and more serious persecution. This is a battle between our generation and evil. Because Satan knows but there are not many days in which he lives in the air, he will die. Struggling. In a moment, the Yiwu incident in Dongyang became a battle between the Chinese government and the house church.

In October 1982, the Hong Kong Association for the Advancement of Chinese Scholars Zhang Yiqun and Mo Shuen co-wrote an article "The Other Side of the Dongyang Yiwu Incident heresy cult in China" published in the "Information" magazine and November's "Seventy Times magazine. This article refers to: "In 1980, the leaders of the local church in Los Angeles went to Fujian in the name of visiting relatives and began to launch a self-proclaimed "New Testament Church" movement. The movement gradually spread from Fujian to Zhejiang. , Henan area, developed into the current 'calling party', and the Yiwu incident, 'more than 200 shouting parties rushed into the chaos.' However, this statement did not succeed in persuading overseas Christians; therefore, including grass forget Many Chinese magazines have retaliated back.

According to the "Main In the Chinese" journal, a letter from the "Yiwu County Christian in Zhejiang Province" signed on May 22, 1982, a mimeographed begging letter, the Yiwu County Christian to the Zhejiang Provincial Government, the governor, and please transfer to the State Council The central government's Zhao Zhiyang's appellant's middle finger, the public security officer and the defense team members, wounded the followers and seized more than 30 believers, and the incident took place at the North Gate's chapel.

---

## 18. The Truth About Dongwu Yiwu Incident

The truth of the Dongyang Yiwu incident was: Satan's attack --- thirteen annihilation of the church's poison plan.

Be careful and watch. Because your enemy, the devil, is like a roaring lion, marching all over the place, searching for devourable people. You will resist him with strong faith because you know that your brothers in the world have also experienced such hardships. (1 Peter 5:8-9)

### I. Thirteen of the Church

At that time, I was a Christian representative. If Mordecai turned upside down on Haman, I would promote it to the whole country in favor of the Christian faith. The policy of unfavorable Christianity I refuse to implement. If young people are not allowed to enter

the church, they are not allowed to pray for the sick. Therefore, the government has also called a group of church leaders who are rebellious against the church when they were persecuted to form the Chinese Proto-Catholic Patriotic Movement Committee to allow them to plan and destroy the church. As a result, Balaam provided Baal with thirteen poisoning measures for the destruction of the church, which are as follows (for a long time, only a brief summary):

1. There is only one church in a district (a few hundred miles in Fangyuan), and all family gatherings are banned according to law.
2. Believers believe that there is only a bit of freedom in this church. When a church is in the church, they are not allowed to pray, sing poetry, and preach the gospel because all this is a public place and all religious activities are not allowed.
3. Whoever asks to believe in Jesus must write an application and be approved by the United Front Work Department and the Second Committee before they can believe in Jesus.
4. The brothers in this district went to other districts to attend a party, which is a counter-revolutionary tandem.
5. In the church, you must speak about politics, science, and medicine. Sometimes you can say Jesus.
6. The church should be set up guards, is not allowed to party members, members of the group.
7. Persons under 18 years of age are not allowed to attend.
8. Do not interfere in marriage.
9. Do not pray for the patient, etc.

After these thirteenth visits in 1983, our spirits were overstressed. We know that the time the Lord has given us is running out. The Spirit prompts us to go and harvest His harvest. The Lord said:

He saw many people and he had mercy on them. Because they are in distress, as sheep are not shepherds. So he said to his disciples that there are many crops to be harvested, and there are few laborers. So you should ask the Lord of the harvest and send the workers out to receive his harvest. (Mt 9:36-38)

At that time, the burden was very heavy and it seemed to be under pressure and it was not released. However, the spirit seemed to feel that there was a urge. The young co-workers should be sent off and the truth of the Lord Jesus should be proclaimed.

Therefore, we went on work to proclaim Jesus. The gospel of Christ's kingdom. The influence at that time was very fast. Where did they go and where did they go, where was the truth's message brought to the church and the church was greatly prospered. At that time, the number of people in Zhejiang Province was about 700,000, and it was developed rapidly under the urgency.

Jesus said that my food is to do the work of the One who sent me and to do His work. Do you not say that there are four months to harvest? I tell you, look to the field, and the crop is ripe. You can harvest it. (about 4:34-35)

Whenever a person's dead end, God opens the way; at the end of man's end, God begins and man's incompetence shows God's omnipotence. We are

The God of faith is the God who made no difference and raised the dead.

Abraham believed in the God who made the dead resurrection and made it unchangeable. He is the Father of our world before the Lord. As it is written, I have established you as the father of many nations. (Rom 4:17)

I have communicated and negotiated with the government several times for this purpose...without success. We have a good relationship with the government, because of these thirteen, we must force us to implement, and we must crack down on all our thousands of family gatherings.

I think that family gatherings cannot be blocked, and blocking family gatherings is done by Satan. Because family reunions make couples fall in love, and children live in harmony with the Lord and have a healthy family life, they will have a healthy church life and say, "Satan, don't make a sound and leave behind me."

Because the family gathering is the order of the Lord Jesus, it is also the healthy life of Christians. The Lord said: Because wherever there are two or three people meeting in my name, I am there among them. (Mt. 18:20) You must not stop the meeting, as if those who used to stop being used, would rather exhort one another. I know it.

As the days approach, it is even more so. (Hebrews 10:25) So in order to defend our family gatherings, we suffered all kinds of persecution, suffering, and hardship... But we would rather shed blood and sacrifice, but also live a life of true, good, and beautiful lives of Jesus Christ, so we The churches are kept and returned

Hands and beggars do not return their mouths, regardless of the extremely lawless persecution. We all learned the prayer of the Lord Jesus on the cross and said: Father, forgive them, because they did not know what they did.

And to persecute our prayers (Luke 23:34). Only bless them, not curses (Matt. 5:44). We must not overcome evil, but we must overcome evil with good (Rom. 12:14). All Christians obey the Lord's command of the Bible (Rom. 12:21).

5:39-46

It's just that I told you not to be against the wicked. Someone hit your right face, and even his left face turned to be beaten by him. Someone wants

To sue you, take your garb, and even your coat is taken by him. Someone forces you to walk a mile, and you walk two miles with him. Yes

Yours, give him. Those who have borrowed goods from you can't be resigned. You hear something to say, love your neighbor and hate your enemy. Only I tell you to love your enemies. For that persecute your prayers. In this way, you can be your heavenly Father's son. Because he called the sun to be good, and he also took care of others, and he gave rain to the righteous and also to the unrighteous. If you only love those who love you.

What is the reward? Is it not the same for tax collectors?

The purpose of Article Thirteen

We feel that the purpose of the thirteenth article is to eliminate the church and to ignore it, and insist on tens of thousands of family gatherings as usual. Third, since reporting to the government, the government and the three self-taught armed forces have come forward to ban the party people, pulled them to the streets to show people, and sealed the home of the party. They arrested the first batch and then reunited in the second batch and arrested the second batch. I can't catch it all the time because there are too many people in the family party. In the 12 years of my due diligence, the number has increased by 50 times.

When they were cold, they whipped with a leather whip and threw the believers into a cold pool. Although they were drowned, their brothers and sisters were still strong enough to attend the party.

The people of the three self-confidences also splashed the dung in the septic tank on the family party in the winter. But brothers meet as usual.

Some people dropped explosive packs at our party. At the party, the house was fried, the brothers were lying on the ruins, or the party. The meeting is the Lord's command, the teaching of the Bible, and the life of believers.

At that time we were really bitter! We must obey the Lord's command: "You must not stop the meeting" (Hebrews 10:25).

On the other hand, the party must be punished in such a violent way. What should be done if the feelings are drawn in, the deceptions, threats, and intimidation of the three selfs are to be so hardened?

At this moment of life and death, under the persecution of harsh cynicism, we have entered a path of desperation and we have no choice but to abide by the teachings of the apostles according to the "Bible." "To obey God and disobey people is right." Therefore, the original and the government had Good relations broke down.

Peter and the apostles answered that obedience to God is not to obey man. (Acts 5:29)

We must be absolutely faithful to the Lord, and would rather pay the price of life and stand for the truth. Only by so doing can the church's doors be reopened and perpetually closed! Even if we encounter bad rings today, we will experience the Word of God. Using God's Word, God's Word must be fulfilled in us and practiced.

Although the Lord has given you bread as a hardship, and has given you water as hardship, your teacher is no longer hidden, and your eyes will see your teacher. You will either turn left or right, and you will hear a voice behind you saying that this is the right way to walk in between. (Isaiah 30:20-21)

A party is a life of Christians. It is a death and will not give up. In such persecution, the church brings in one accord and a greater revival. Because the Christian life is a resurrection life, it can adapt to all kinds of bad conditions.

We have this treasure in the pottery, to show that this great force is from God, not from us (2Co 4:7).

We do not stop family reunions (Heb. 10:25). Jesus said: I must bring them, and they will also listen to my voice. They will become a group (because we are the life of the flock) and be a shepherd (John 10: 16). We practice the holy teachings of the Bible. We do not give up our own party, so we pay the cost of blood and tears. To win the freedom of today's family gatherings, while blocking 13 plans to promote the country. In the bloody battles, we insisted on partying to provide life. There are many special workers who are often burned by the Holy Spirit.

Thank God, the Commander led us to triumph in Christ, and through us we have revealed the aromas that we have come to know Christ. (2 Corinthians 2:14)

10:32-39

You will remember the past, and after you have received the light, you endure all the hardships of the great battle. One side was defamed, suffered hardship, became a play scene, and called everyone to watch. One side to those who suffer such hardships. Because you are sympathetic to those who are locked up, and your family business is snatched away, you are willing to endure it, knowing that you have more beautiful family life. Therefore, you must not discard your brave heart. If you have such a heart, you will receive a great reward. You must endure patience so that after you have finished the will of God, you will be given what you promised. Because there is still a little time, the coming ones will come without delay. Only the righteous will live by faith. (The righteous have ancient scrolls as my righteous person.) If he recedes, I do not like him in my heart. We are not the ones who have retreated and fallen into oblivion, but those who have faith that the soul will be saved.

For a time, the Dongyang Yiwu incident became a shield between the government and the family church. Where we know this (after some people steal concepts, steal posts), it has become the world-famous "Yiwu incident in Dongyang."

When we were unable to implement these thirteen regulations because of Christ's most beautiful beliefs, the Three Selfs fabricated many unfounded charges and attacked my local church as a "calling agent." In fact, there is no such thing as a "calling party" in China, and there is really no such thing as a "calling party". It is merely for the persecution of the true Christians, who have fabricated and provided propaganda for propaganda. Because although we are acting in the blood, we do not fight with blood. The weapons we have fought are not of a bloody nature, but we have the power to overcome the strong camps before God, and to plunder all kinds of schemes and every obstacles that prevent people from knowing God. All the remembrance of the remembrance gave him obedience to Christ. (2 Corinthians 10:3-5)

---

## 19.The test of fire

One, opposition and confusion

But it was not long afterwards. Almost at the same time, some of my overseas brothers and brothers had written many books and transferred them to me in Shanghai. After I read them carefully, I discovered that all of them were books against the brethren. The content was full of negative and there was no supply of life. So I would All the books that were handed to me in a sack were burned. At the same time, I saw that the book was full of supplies of life, so I distributed a large number of copies of information with life supplies to various places, enabling more saints to be fed and supplied. Thanks to the Lord, because of this kind of control, many local churches were conservative and did not bring about division and chaos.

At the beginning of 1983 when we fasted and prayed, we were bound in the spirit and we did not know what to encounter. It is only because we have revelations that bring the trial of the fire to us. It seems that we have encountered extraordinary things (1 Peter 12-19). There are locks and tribulations waiting for me. But I do not think of life as precious, but as long as my journey has been completed, I have fulfilled the ministry that I received from the Lord Jesus and solemnly witnessed the gospel of God's grace. (1z 20:24) I thought that it was time for me to lay the church that was bought for him and for His blood, and we were all ready to marshal Him. At the same time, encourage brothers and

sisters to have the spirit of suffering and the spirit of the martyr, not to be raptured or to martyrdom. So we got poetry and taught everywhere: "The True Disciple"

"Break through the barriers of the future, step out of the mountains, and stand up and bravely march forward. Never look back. The world is only bitter and bitter. In ours, it is sweet and sweet, and in the world we only have difficulty. We can only catch up. What kind of hardships, hardships, embarrassment, annoyances, sadness, and grudges have all been erased by us long ago. Occasionally, the Japanese people are poor and they feel that they are really calculating, and that the true disciples were given early and early donations. The rags were worn as gowns, and they froze to the windward station, and they died without complaints. As long as the gospel was spread, the cross was suspended. It was a heroic man on the road to the heavens. Raise the heavens and live with God forever. Looking back at the suffering of living in the world is simply a matter of reciting grave.

We don't have much time to spread the gospel, promote the truth, and conduct strict checks to prevent negative things from entering the church.

intermediate. At the same time, the three self-confidences in Dongyang County also proposed to the central government the "Thirteen Programs" to eliminate the church and fabricated many unfounded charges.

Attack the church on the ground and call it "the shouting school" to provide public opinion propaganda for the nationwide persecution. The three self-congregation politics and religion

The power to deal with God's churches everywhere. Claiming that it is necessary to wipe out the roots, we must not say that we will not allow the "callers" to exist in the territory of the People's Republic of China. For a time, the clamor of the wind and the trees were everywhere, and people who were crying for the name were everywhere. The government has used all the propaganda tools it can use. I have been arrested and jailed for countless co-workers (Wenzhou and Dongyang started arrests in May, and other provinces and cities in the country started arrests in July). . Everyone who comes to see the prisoners or their families is sentenced and sentenced (for example, if I visit my family, there are two or three dozens). The churches were stigmatized as "the shouting party." The range of persecution was wide, the number of people was numerous, and the degree was fierce. It was the most since the founding of the nation...

The Satan, the devil's opponent, always attacks the children of God and attacks us in succession. So the church was baptized with fire.

Whenever a person's dead end, God opens the way; at the end of man's end, God begins and man's incompetence shows God's omnipotence. We are

The God of faith is the God who made no difference and raised the dead.

Second, the impact of persecution

The persecution has had a very serious impact: 1. Many new-born young people have lost.

But the firm foundation of the church was established. The church of the Lord triumphed over the gates of the underworld. It was built on the Rock of the Lord's resurrection, and it was the key to the kingdom of the heavens. It has been released (Matt. 17:15-19). The church has not been eradicated, but has become more prosperous and well-developed. It has taken deep roots and has achieved great results. Because they were planted in the house of the Lord, they prospered in the house of my God. O Lord, how great is your work! Your thoughts are deep! (Psa 92:5)

This incident has taught us that it is not difficult for our children of God to be on the earth but to overcome the difficulties. Every difficulty is attributed to us by God. It is for us to experience the power of the Lord's resurrection by faith. We cannot live only in the knowledge of reason, but we must experience the word of the Lord in practical life. The experience of God's words is the expression of life. Knowledge does not solve our problems. Only the lives of true faith can annihilate all deaths. "The test of your faith is more precious than the gold that was still corrupted by the fire test." (1 Peter 1:7)

"Those who fear are caught in snares, and those who rely on the Lord will have peace." Proverbs 29:25.

2. The fear of being forced to participate in the three self-confidence. 3. Some of the reluctance to participate in the three self-confidence and fear of further persecution stopped the party. 4. There are also many people returning to the old gathering place, called the old local church.

"Because we act in faith, not in sight." (2 Corinthians 5:7) The grace of the Lord, faith is coming at once! The word of the Lord is the spirit, the life, and when life comes out, death and fear flee. This is a spiritual law because life engulfs death. Elijah was so brave and strong on Mount Carmel because God was with him. God sent fire from heaven and burned the burnt offerings and firewood, and dried the water in the ditch. The Lord is God! The Lord is God! (1 Kings 18:38-39). All victory is in the Lord! Glory is to the Lord! 4:7

We have this baby in the pottery, to show that this great force is from God, not from us. We are surrounded by enemies but we are not trapped. Do not be disappointed. Forced

but not discarded. It fell but it did not die. The death of Jesus is often brought to bear on the body of Jesus. Because our living people are often delivered to death for Jesus, so that the life of Jesus is revealed in our mortal bodies. It seems that death was carried out on us, but the life was launched on you.

The Jehovah's redeemed people will return, and they will cheer to Zion, and their eternal joy will return to their heads. They will have joy and joy, sorrow and sigh to escape. (Isa 35:10)

In May 1983, the government began its massive arrests. For a time, the wind was stifling, the air was suffocating, all the grass and trees were everywhere, and people calling for their names were everywhere. The government used all the promotional tools it could use. Saying: "We absolutely will not allow the cries to exist on the territory of the People's Republic of China." Because we have brothers who have been bought out and we are accused of coming and going with the churches, I've been caught in countless co-workers. The number of prisons, the number of them, and the degree of fierceness, are the highest since the founding of the People's Republic. We were put in hell on earth. Inhuman life.

Our prayers are as follows

Each step of the leadership is the Lord's mercy; the arrangement of each event has the Lord's good intentions:

Every hammer strike has a master plan. The carving of each sword shows the Lord's wonder.

In every trial, the Lord's grace is manifest; no matter what the risk, it is hard to hide his face;

Although I suffered frying, my tears were all covered, but before I reached the mercy seat, the soul felt sweet.

May all my pride be crushed; May all my liking be burned to ashes,

May all my dross be cleansed. May all my impurities be removed.

Already all ambitions, today are cold and ice, and all worldly attractions are now zero.

I would like to wake up today and follow the lead. Until the stage of Christ, the Lord has great mercy.

On May 28, 1983, I was unfortunately arrested [containment censorship, which is the object of government's use] and entered a cell. My mentality is that it does not matter if I suffer personally. I only hope that my brethren will be more enthusiastic about loving the Lord and loving the church and pursuing the growth of life.

My heart is:

To God the Father, always say "yes." Satan always says "no." The life of the Lord is life-giving, and death is the death of the Lord, and life and death are the Lord's people. They do not care for happiness and happiness, but they do not care about gains and losses, but they seek to satisfy the Lord's heart. Do not look at the environment, do not look at oneself, look at God exclusively and look to God; Willing to be humble, and willing to stand dead, but seek the purpose of the early completion. All experiences and all encounters are nothing more than teaching me to know God. You must fulfill all your promises and never fail to trust in people. My heart seeks, my heart asks, and the Lord increases me and reduces it; I pray that the Spirit of Jesus will soak me, and I will show His glory from me. There is no need to sigh, no need to shed tears, because He is my comfort; how wonderful the Lord's works are, and my heart is impressed by the Lord. Praise should sing, and the Lord will have my hope; By the Lord's joy, He will be strong, and the Lord will always be king on the throne.

---

## 20.The Gospel into prison

All that I do is for the good sake of the gospel and for the benefit of this gospel. (1 Corinthians 9:23) According to the people, we are put into hell on the earth, and Satan is fully attacked. It pretends to control all kinds of bad words, to be rudely examined, and to be tortured. But we are sent in the name of Jesus' victory, come to hell in the world, and are desperate for those

The secret people brought with them light and hope, so we fought bloody and took it to them to preach the Gospel to them. The Lord said: I sent you to them and told them to open their eyes, returning from the darkness to the light, and returning from Satan to God. And by faith in me, I will be forgiven for sins, and I will have inheritance with all who are consecrated. (Acts 26:18) When I was in the middle of a heavy rain on May 27, 1983, I was arrested at the same time as Li Lihong because he was very weak and encouraged Li.

Li Hong faithfully addressed the Lord and I lifted my eyes to heaven and shouted: "Thank you Lord, Father, the time has come for you to glorify your child.

Son, so that his son also glorified you. (Jn 17:10.) "I also told Li Lihong that we must keep the principle of spirituality, always say "no" to Satan, and always say "yes" to God the Father. Do not scold the Lord Jesus and His loved ones. Actually, lest we be beaten, because Satan was blind in the days of Rhodna, and should not be afraid of its attacks

(Gen 19:11). In Elisha, the enemy was captured by Elisha (2 Kings 6:12-23). So did the public security officer ask me to know Li Lihong? I shouted, "I don't know!" I blocked all breaches. By the 2nd and 3rd of the morning on the 28th, we were divided into the cages of the detention centers.

Into a cage, it was a beaten down by a horse. But when I went into the cage and did not wait for the prisoners to interrogate, I told them:

I am the Lord Jesus sent to tell you the good news. The Lord Jesus said that he loves you and is willing to be your scapegoat for the Lamb, and he will bear the penalty you deserve. To give you new life is to be born again. Can give you a chance to recreate. Jesus said to love you again, as long as you are willing to accept Him as your Redeemer and Saviour. He will forgive your sins, and will give His life to shed blood for you. He loves you and gives you up to save you from the bitterness of Hellfire Lake and bring you into the paradise of the sacred eternal happiness.

I asked them if Jesus wanted it or not. They said yes, and I immediately brought them to call on their names. The entire cage is greatly rejoicing. At the same time, all the prisoners also believe in Jesus. Not only do they no longer beat others badly, but when they meet new prisoners, they will also preach the gospel to them. At the same time, they respect me very much and are willing to talk to me about anything. Willing to obey the word of the Lord, repent of the Lord's confession, accepting the cleansing of the blood of Jesus, and may receive the life of Christ's resurrection. We also live in the true, good, and beautiful life of Christ in hell on earth.

1 Corinthians 9:16-23

I did not boast about the preaching of the gospel. Because I am a last resort. If I do not preach the gospel, I will have trouble. If I am willing to do this, there will be rewards. If you can't be reconciled, responsibility has already been entrusted to me. This is the case. What is my reward? It was when I preached the gospel that people were not paid for the gospel, lest I use the power to preach the gospel. Although I am free, I do not have jurisdiction over it.

And I am willing to be the servant of the people in order to have more people. To the Jews, I became a Jew for the sake of the Jews. To the people who are below the law, although I am not under the law, I am still under the law to obtain those below the law. To those who do not have the law, I will be the one without the law to obtain someone without the law. Actually, before God, I was not without the law. Before Christ, I was under the law. To weak ones, I will be weak, for I want to be weak. To what kind of person, what

kind of person do I do? In any case, people must be saved. All that I do is for the sake of the gospel, for the benefit of this Gospel with others.

From then on, the cage begins to sing and sing, and prays. The people in all cages are filled with joy and call for the name of the Lord. Full of joyful prayers and singing voices. The prisoner in the cage was surprised to hear that we sang poetry in this cage. When they came to the air, they asked: "Why are you happy with these cages in the past few days? All sang songs from here." Twenty-four prisoners replied in unison: "We all believe in Jesus!" They asked. "What is the benefit of believing in Jesus?" we said: "To believe in Jesus' eternal life" and to have the opportunity to share the Gospel with prisoners in other cages and to get more people.

Therefore, whenever it is not available, it is not convenient if the timing is not appropriate, the convenience is not convenient, and it is not welcomed. The gospel has always been transmitted!

Must be preached. Whenever you have time, always concentrate, and use every kind of patience, every kind of lesson, reproach, alert, and exhort. (2 Tim. 4:2)

Because this gospel is the power of God, to save all who believe. (Rom 1:16)

This greatly infuriated the authorities. They repeatedly abused me, poisoned the prisoners, and adjusted their cages. But no matter what cage they transferred to me, the Lord daily added the saved people to the church. The guards said: No matter how we treat you and transfer you into any cage, the cage will become your church. The prisoners will become Christians. There is no way for you to take them.

Oh, my Lord Jesus! Your name is really wonderful, a counselor, a peace lord.

Because a baby is born for us, a son is given to us. The regime will be on his shoulder.

His name is marvelous, the counselor, the Almighty God, the everlasting Father, the prince of peace. (Isa. 9:6)

In 1983, Satan's all-out attacks, with the exception of a handful of betrayals, most of the saints were fulfilled and became boys. They were the victors of the time. They all sang poetry and said: It is the Lord who sent the good intentions and asked me to sow the seeds. Tears were planted in tears. Although they were being beaten, for the time being, they were patient and weeping before the Lord, and they won the Ekram and planted them till the end of the road. We were filled with joy and full of bales. Thank you, Lord Jesus. Thank you, Lord Jesus.

On the surface, it is the price we paid for blood and tears and life, and it blocked Satan's overall attack on the Chinese church and at the same time overthrew the enemies'

strategy of destroying the church. Actually, this baby of Christ is in our pottery, and it is revealed that the surpassing power of Himself is to God, not to us. (2 Cor. 4:7-18).

Thank God, the Commander led us to triumph in Christ, and through us we have revealed the aromas that we have come to know Christ.

(2 Corinthians 2:14)

---

## 21.The church is a chaste virgin

The church is the body of Christ and no organization can participate. Not only does the church fail to participate in any political organization, the church has nothing to do with politics. Because the church is out of Christ, nothing other than Christ can be brought into the church; it is the living body of Christ's life. There is no need for anything in the body; nothing outside the body can be added. If anything in the body is missing, it becomes disfigured; if you add something outside, you will get into the air and the body will also bring death. The church is both the body of Christ and the whole body must obey the head, because Christ is the head of all things.

Jesus came forward and said to them that all the authority in heaven and in the earth was given to me (Matt. 28:18).

Therefore, we do not need to save ourselves as long as we rest in peace with the Lord.

We are heavenly and we don't need any people to answer questions. Anyway, we have to sit in jail at any time. It is not worthwhile today that there is still more freedom to do more.

We should not say that we are in violation of our conscience because we are afraid of being in prison. We must insist on the truth from being stained under severe torture.

And he put all things under his feet and made him the head of all things for the church.

The church is his body, and it is full of all beings. (Eph. 1:22) Our relationship with the Lord must be clear, the truth must be understood, and it will not be shaken by all the winds of paganism. However,

There are still many foolish followers who do not know the law of God; they act on their own minds, but they do not know the law of life. Until now, they are still afraid that the narrow passages of the small gates are persecuted, and they will cater to the good of people. The church was also made to be like the society, driving people with Christ's life out, but they took the widowers and thieves without Christ's life into the so-called church, relying on political forces, and as a result the church died more and more. [Therefore, the Lord forbids me to join the three selfs].

The church's position on the earth is widowhood, but her identity is a chaste virgin. The church does not rely on power or ability. Rely on the Lord

The spirit can stand. When we rely on mountains and mountains, we must rely on people and people to be old. The front and back office must collapse. Only Christ is the high platform.

Do not fall. The church only looks to God.

He said to me, This is the Lord's instruction to Zerubbabel. The Lord of hosts says that it is not to rely on power, not to rely on it, but to rely on my spirit to accomplish things. (Sub 4:6-7)

Dashan, what are you doing? Before Zerubbabel you will be a plain. He will move out of a stone and settle on the top of the temple. The man shouted with a loud voice and said, "May the grace of grace be given to this temple (temple or stone)."

In the church, God is our only protection, maintenance, supply, enjoyment and satisfaction. If the church is lost, it will lose everything. The road to the revival of the church is God Himself. There is no other way than Jesus.

Jesus said that I am the way, the truth, and the life. If not through me. No one can go to the Father. (John 14:6)

Some people use politics as a background and their power as a reliable way. This is the way to go for the adulterous woman of Babylon.

In his forehead, there is a famous saying that the mystery is loud and the Babylonian is the mother of the adulteress and all the abominations in the world. I saw again that the woman was drunk with the blood of the saints and the blood of those who were witnesses for Jesus. When I saw him, I was greatly surprised.

---

## 22. Holding virginity outweighs temptation

22:00 11:2-3

By keeping my faith in the Lord pure and faithful to the biblical principles of teaching, I stayed far away from evil, was completely honest, feared God, and held to the truth of the truth, and refused to let her go. It made the authorities very angry and very cruel to me and tried to force me to change my faith and become their mouthpiece. I was asked to be the chairman of the Chinese Christian Three-Self Patriotic Movement Committee.

At that time my mother was old, weak, and young. Life at home is extremely difficult.

Another day, the attitude of the authorities was very friendly to my 180-degree transformation. I also politely invited me to negotiate with them on an equal footing. They

said to me: Do you believe that Jesus really loves people? I say :Yes. They said: We also love to say that you are young and have unlimited future, and you don't have the heart to let you go to jail, let alone make you martyr for Jesus. So this time we are sincere to save you, as long as you cooperate with our actions, bring your millions of brothers and sisters to participate in the Third Self-Soothing Patriotic Association. We invite you to be the chairman of the Chinese Christian Three-Self Patriotic Movement Committee. We do not interfere in your simple belief. How beneficial are you and I to cooperate? Why not be a patriotic celebrity?

They looked at my face and slowly they said: "Do you love your mother?" I said: "Love." They also said: "You want to know if your mother is in custody after your censorship?" I said "think". They said: "Since your censorship, your mother has fallen asleep on the ground and refused to rise. She is crying and weeping. I kept shouting, my son, my son, and I'm sorry! That kind of sorrow is really There was more than sadness." My expression could not help but move. Then they asked if I love my wife or not. I said, "Love, she is the bone in my bones, the flesh in my flesh." They said, "You don't think for yourself. You want to marshal the Lord. You should also be the mother. And my wife thinks, do they have such a result? Ask her mother to send you to the underworld with gray hair and sadness. Will your mother still live? You and your wife are in love with each other. Can you bear to leave her? You volunteer to preach the Lord, but it is actually driving you crazy or dying your wife. Is this your Christian love? As long as you cooperate with us, this is not the best of both worlds?" My emotions and feelings are very much affected. Fluctuations, thinking of mothers and wives, they stabbed me in sorrow, silently prayed for God's Father to add strength to endure the hidden pain. No surrender. Then they asked me if I had several children. I said, "A man and three women." How old do they ask? I say "twelve". They asked me again, the youngest age? I said: "five years old." They asked me if I love my own children? I say, "Love, because children are the hearts of parents." They said: "You have such young children. If you don't live with your father, if you don't die, you're starving to death. Tell you the truth, you are in prison for the whole family You have to suffer with you. If you martyred the Lord, you broke your family and it is meaningless. Our government will be able to do it.

2 The resentment I had made for you was originally God's resentment. Because I had given you a husband to give to you Christ as a virgin virgin.

3 I am only afraid that your heart may be biased against evil and lose the pure and pure heart that is in Christ's presence, just as a serpent tempted him with deceit.

To fulfill your purpose, to pull you one and save you from the hardships of the sea, as long as you sign a letter in this agreement, you are free, and you have become Chairman of the Chinese Christian Three-Self Patriotic Movement Committee. For your own sake, think about your mother, wife, and children, so that you are the one who really loves them and it is in keeping with you. God is the faith of love. Let's sign this handprint on this agreement! May our cooperation be enjoyable.

The Holy Spirit suddenly reminded me, "You are the Lord, and you cannot make your own claim." I answered them and said, "The government has sincerely saved and exalted me. I sincerely thank you, but I am not the owner [Jesus]. I am just a consecration. I have no right to be a master of a small servant whom I gave. I have a small request I wonder if it is possible?" What do they say, I say I want to fast and pray for seven days to ask God, and He promised, I promised; He does not Promise, I have no way. Please do not beat me during these seven days, okay? They said: Okay, it turned out that these seven days they really did not beat me.

In those seven days, when I was fleeing to the Lord's feet without help, I said, "Lord, I am a devotee to you and will listen to you. But my mother is old, she is weak, she is young, and they promise me After attending the Three Selves, everything became better, Lord! This is all right? The Lord answered and said, "Do you love Me deeper than these?" I said, "Lord! You know, I have no way to go, I have to take me. The old mother, the weak wife, and the young children are dedicated to you so that you may comfort yourself with them." The Lord said: "I am a good shepherd, and the good shepherd lays his life for the sheep." At that time I knew in my heart that it was the spirit of the Lord that would not allow me to go on the path of marriage with the world, and become the scorpion of the dragon and the beast [antichrist], riding on the red beast as a prostitute. Rev. 3:17. 17:1-18), but he also stole.

I had to trust my family completely to this beloved Lord. I know that this incomparable lover must care for them.

The Lord has kept what I trust. Until today, they have lived in suffering from their young ages. They have been subjected to inhuman persecution and grew up in laughter. They have been subjected to censorship from time to time by relevant departments. They have been sifted and kept under constant surveillance until now. However, because of the Lord's preservation, they not only did not complain, but they all turned to the Lord, they loved the Lord, served the Lord, accepted the vision from the Lord, and began to follow the Lord closely. Come to live the true, good, beautiful life of Christ.

At the expiration of seven days, they arraigned me and said, "What happened to your seven-day fasting prayer?" I said, "The Lord Jesus of the Lord disagreed!" They listened to their anger and shouted, "We sincerely want you to cooperate with us. Lift you up, give you such a high position, but you don't know how to lift it, ask for it, try to die for it, don't use it for me, you don't want to go back alive, and then again and again, the emotions pull together to lure coercion, After the violent punishment took no action, I was arrested on July 28th the same year as a real criminal. In the days afterwards, I will suffer from all kinds of deliberate martyrdom and torture in my miserable prison. ... Lord, please support me with a nailed hand...

My heart is:

I do not seek the honor of the world. I only want my God to be honored.

Like a light in the night and day, let the light shine to illuminate people;

If I become a lover, a gift, it will make more sense to live.

I do not ask myself for a moment of ease, and only ask God and people for their rights and interests.

If I can deny myself, I will not spend my life

Only by living Christ's life can everything be glorified.

---

## 23. Family life falls into the dead

After I refused to serve as the third president, there were various tragedies in my home. The family was convicted and jailed when the thief stole, the fire burned, and the mother's sadness left. Those who walk on the path of the cross will encounter ferocious battles, be unjustly devastated, suffer from cold hunger, and shed blood and sweat. I saw that the Lord had walked this path, bowed and bowed, and listened to His call of love, and took up the ten ran into the kingdom of glory.

Even though my tears are open to my face, you are glorified; I wear a chain today, but it will have to change its crown.

The misfortune is not one-sided. Less than a year after I was imprisoned, my family was visited by thieves who stole our health. My wife said to the Lord, "Lord Jesus, I love you, and I reward you, and I also charge you. Your name is to be praised... After a while, a fire burned my house." All of her, strong she prayed and said, Lord, you charged me with everything. Now I have nothing, but I still love you...

The churches all over the country learned that my family was suffering so much, and that they suffered from natural disasters and man-made disasters. They braved the risk of

being convicted of criminal punishment and sneaked out to see them beforehand.

However, once they reached the threshold, the public security organs there had already waited for the two eyes to be fierce. Even people are caught and detained for detaining.

The cruel means and robbing without humanity are unheard of. Especially in Chenzhou and Xinchang, Zhejiang Province, my family's sisters Lingyun Jie, Zhou Zirong, and Zhou Miaojun's sisters and other eight or nine brothers and sisters were born. Zhou Miaojun was born in 1964. 10

On the 12th of the month, when they were about eighteen or nine years old, they were arrested at the same time and were severely beaten. On that day, they were freezing cold and forcibly taking off their coats. They were tied with string and their hands immediately became purple and hairy. Two times died. When they escorted them, they took their hands to their bones and kicked them with leather shoes. This is true for young girls in the flowering season, not to mention the ignorance of the rest of the brothers and sisters. The scene is terrible. There is only one left to report home, only survived. About 20 to 30 people sentenced to such a sentence, for example, before we were arrested, received our brethren and sisters and both were also punished. Brother Zhao Jianmin of Zhangzhou was convicted of harboring for three years on August 18, 1983. Born in 1927, Hu Fuyuan was convicted of harbouring crimes for two years. Hu Fukang was born in 1929 and convicted of harboring for three years.

Pray that the brethren and sisters will save their love, and that the one who loves his brother is already dead.

What is more unforgettable is the Lord's meticulous love for me. In that hardship day, I was blazed outside.

In eyes, the Lord warms us with the love of body care. Inspire us.

My wife took a hard and hard day to support one day, and she experienced life-and-death hurricanes. The young father of my wife and my elderly mother could not stand the punishment of such a heavy violence and left in suffering....

Since then, my family's life has fallen into the winds of rain and death...

My beloved wife used a mere ten yuan to maintain a family of five plus old mothers, who lived for three months and could only drink every day.

The very thin porridge added some salt. My youngest daughter, Hu Rongmei, was five years old and said to her mother, "Mom, you can't starve to death, but rather me.

Drink less, because if you starve to death, we will all die and our home will be gone. If you are there, we all have a little hope...

Because the only ten yuan to feed a family of five people, the cost of living for three months was not starved to death and it miraculously survived. As the Lord Jesus said, humans do not live on food alone, but on God's Word.

But Jesus answered and said, It is written that it is not for food alone, but for every word that comes from the mouth of God. (Matt 4:4)

Because of repeated incidents, three more natural and man-made disasters, coupled with economic pressure, the burden of the elderly, child support, husband

The visits and so on were all on my wife and her alone. Her body was very weak.

My wife's work was extremely laborious, but she did not complain for the Lord's hard work. Even more unbearable

It is the hat of the counter-revolutionary family. When walking on the road, he always encounters contemptuous eyes. Relatives and her friends have also repeatedly

Stressed to persuade her to divorce or draw a clear line with me. At that time, she was almost soaked in tears when she was still in the dead of night.

One day, she did not cry but she did not divorce.

I flow out several times and you count. Please put my tears in your leather bag. Isn't this all in your booklet? (Psalm 56:8)

However, the grace of the Lord supported her, and she finally stepped out of this valley of tears. Whenever I think of this, my heart is filled with tenderness and thanks. I thank the Lord for giving me my best spouse, and I love it the most, because these are all given to me by the Lord. The Lord has already provided for me. It is the Lord who has made it possible for us to live today, to give us enough grace, to stop our whole family from standing for Him, to devote and serve Him, and to glorify God!

"Only a virtuous wife is given by the Lord.... The beauty of beauty is false, beauty is vanity, and women who fear the Lord will be praised." (Pro 19:14, 31:30)

The Jehovah met him in the wilderness, where the wild beasts barked. He surrounded him, looked after him, and protected him as the protector in his eyes. (Deut 32:10)

But she still took care of God's home, fed the Lord's sheep in adversity, and did not complain in prayer but was full of thanks: Lord

This is your exaltation. According to our reality and nature, it is not worthy to suffer with you. Today we can suffer with you.

It is your great mercy and gifts, so I want to thank you endlessly for your thanks and endless praise. Because of my sister

Such hardships are so great that when the persecution was done, there was great joy and praise, and many believers were encouraged. Also made many foreigners

Surprised, he came to Christ, and at this time she was still more than a result. Not only that, she also called her children to be small

Friends brought home to teach them to call for their names, and they also received several homes. Children go to school to call their children to bring their classmates to their children.

When we work, we call the children to bring the workers to the Lord. Once my second daughter brought in more than a dozen welfare factory workers, while at the same time Dipping into Christ. Because she loves the love of Christ, there is no fear in love, so she is still more than a result.

When the church became unhealthy, she did not show up every day to go up the mountain to pray. The Lord also listened to her prayers and pity

In his own church, the church was better than death by the death of all-inclusive Christ and the resurrection of the beginning of the new life.

Moved forward in the resurrection.

In all our troubles, He comforted us, that we could use God's comfort to comfort the suffering of all kinds.

People. We are more than afflicted by the sufferings of Christ and rely on Christ for more comfort. We are in trouble for you to be comforted

Salvation; we have to comfort it, to give you comfort. This comfort can cause you to endure the kind of suffering we suffer.

The hope we have for you is certain, because we know that you are both suffering and comforting.

Our hopes of suffering, being overpowered, being overpowered, and even surviving are destined. In our own hearts we are also determined to be God who must die, that we not rely on ourselves, and that we should be raised by the dead. (2 Corinthians 1-4- 9)

Whenever I did not stop witnessing Jesus Christ in prison, I was beaten by guards and prison guards. In the process of trans-shipment, they were left behind in the gutter, or they were shown in other forms of torture. When she was seen reporting to my wife, she immediately knelt down and shouted for the Lord's name, saying: The Lord who died and lived, the life you gave to my brother is a life of resurrection and a life of death. Lord Jesus, you took the key to death and hell, you did not open the door, and no one could send my brethren into the underworld. We declare loudly that Christ has overcome and the devil has been ashamed of failure. It also encouraged other brothers and sisters to believe in Christ and their loyalty to death. This is my wife's comfort to me. She never told me the hardships, the hardships, the tragedies at home, but told me what we were, but

the Lord raised us and suffered with Him. We must be faithful to death, testify that Jehovah is God, Jesus is Lord, and sit squatted. On the throne, His authority rules everything and He has everything. He is all-inclusive...

The talented woman is the crown of her husband. [箴 12:4]. Only virtuous wives are given by the Lord. [箴 19:14]. What is more unforgettable is the Lord's meticulous love for us.

On October 1st, 1983, she was witnessed by sister-in-law Chen Meien. When the government saw me waiting for help, it refused to use it for the government and returned to the Central Government. Deng Xiaoping ordered Huen Yu, Chen Meien, and Chen Guanfu to be killed by October 1, 1983.

Deng Xiaoping invited the older brothers of the US sisters Chen Meien to come to Beijing to attend the National Day on October 1. When Deng Xiaoping visited the United States, he organized Chinese to welcome Deng Xiaoping. Deng Xiaoping did not know that Chen Meien was his sister-in-law. When his brother mentioned that the sister-in-law Chen Meien was escorted with me and Deng Xiaoping immediately ordered him to stop shooting us, Chen Mei-en immediately acquitted him and returned home. We also escaped this shot.

---

## 24.Visits

Do you not listen to the sighs of sadness? Don't you cry because you are sad? Don't you think anyone else can pity on you? How can you exorcise your time? How difficult is it, how difficult is it? Sometimes it's hard to feel negative, but it's hard to wear even if you don't have it. How difficult it is for your wife and children to love each other.

I am a strict prisoner in prison because I do not stop my prayers for Jesus' testimony and cry for my name. Therefore, the first three and a half years were secretly detained and no relatives or brothers or sisters were allowed to meet. I was later discovered by a sister that I was detained in the Fourth Prison in Zhejiang Province. Through various relationships, I was allowed to meet for half an hour each month to call my loved ones to help me to plead guilty and change my faith. However, my wife came to the exact opposite. She also encouraged me to love the main officials today and often gave me some history of martyrdom.

Since the 20th century, thousands of precious lives, beloved strangers, noble status, and brilliant former

The way is willing to be poured on the Lord. To those of us who love the Lord, He is totally gracious and deserves to give us everything. Gospel

The story is that Jesus loved us. Our story today is that we love our Lord. We must preach that the Lord loves us. We must also

The Lord Jesus responded by saying, "I love you, Lord Jesus!"

As Mrs. Gane wrote: Caged Birds

I am a bird in a cage, away from the green fields and flowers of the Jiamei suburbs.

When I was jailed for the Lord, my heart was so happy that I sang to you all the day and vowed tender feelings.

You love to bind my romantic wings and bow to listen to my quiet singing.

Sweet love! How deep is it to inspire, willing to be a prisoner, and unwilling to fly far.

Who can understand the flavor of this window, because God's will change the blessing of grace!

Oh, Lord, I love the way you have set, and I would like to praise you to Everlasting.

The first time I visited the prison, I was severely beaten up and dragged by the prisoners. I was mentally paralyzed, and I couldn't sit still with my stools. I didn't have a bit of strength. Everybody said that I was handsome and handsome. The body was bruised and changed his image and became ugly. It was rot and stench. My wife burst into tears and my son broke into tears. My son, Hu Rongmei, saw us so weep and she said to me, "Daddy, dad, don't be sad, I'll give it to you. You sing your first poem!" The melodious voice, clear and melodious, floated throughout the reception room. The emotions of the father and daughter were deep. Many people around could not help but burst into tears. The police saw the child to be so sensible and not only did not stop it. She was deeply moved. The Lord Jesus pity us. My younger daughter's face was as pure as a lily, and the rose on her gang appeared pure and charming.

Not to mention my wife would burst into tears, and two drops of tears were hanging on the flushed face, which was especially funny. Clean face

Like a cloud of white clouds: The sun shines through the clouds, sparkling, pleasing, full of youthful vigor, and her cheek-shaped face

She lost a lot of weight three and a half years ago. The two cheekbones gradually rose. And on the forehead, it was still ruthlessly built by hard times.

A few thin lines. Comforting me:

You don't have to be afraid of what you are going to suffer. The devil wants several of you to be in prison so that you may be tested. You will suffer for ten days. You must be faithful to death, and I will give you the crown of life. The words spoken by the Holy Spirit to the churches should be heard where there are ears. Those who have won will not be harmed by the second death. (Rev. 2:10-11)

For all who are born of God overcome the world. What makes us win the world is our confidence. Who is better than the world? Isn't that who believes Jesus is the Son of God? (Joel 5:3-4)

This testimony is that God has given us eternal life. This eternal life is also in his son. Man has the Son of God to have life. Without God's Son, there is no life. (Joel 5:11-12)

My son and daughter were emaciated with malnutrition and had a good face. They had a good eye for the eye. Other children had sugarcane and radish, but my children had to pick up sugarcane and carrots that others lost. eat. I saw that all the children's rags and foods don't look like they are really sad. Sometimes they feel a little bit of self-pity and self-pity. It seems that these difficulties were caused by me at first. In fact, how our Heavenly Father loves us is to learn in various environments. Learning how to be vicious, how to be rich, or satisfied, or hungry, or more or less, gives his children the secret. (腓 4:12)

At that time, my wife and I lived in tears almost without tears. However, the grace of the Lord supported her, and she finally stepped out of this tearful valley by the Lord.

I flow out several times and you count. Please put my tears in your leather bag. Isn't this all in your booklet? (Psalm 56:8)

When I think of this place, my heart is full of thanksgiving, because these are all given to me by the Lord, and the Lord has long provided for me. The Lord has accomplished the present day and glory has been given to God!

"Only a virtuous wife is given by the Lord.... Brightness is false, beauty is vain, and women who fear the Lord will be praised." (Pr 19:14 31:30)

After receiving the interview, my son and younger daughter, who were desperate for life, borrowed five cents, approved twenty salt water sticks, and began to sell. They would give me treatment for the scars...

In another summer, my little girl wore a winter coat to meet me. I asked her why she said she said the door was checked by the police.

It was very tight. I brought the sugar that I had been given to me during the Chinese New Year to you in the coat. As a result, when my daughter brought sugar, the sugar was already

The love of loved ones, the grace of the Lord, and the intersection of feelings,... 71

How weak I am, I cannot live without grace. If the Lord does not support me, who can suffer through this suffering? Today there was a lot of blood and tears, I was alone and sad, my heart was broken, I was weak and careless, and there was no man on earth.

There is the Lord in heaven!

The God of all grace has called you in Christ to secure His eternal glory. After you suffer for the time being, you must personally fulfill yourselves, strengthen you, and give you strength. (1 Peter 5:10)

So every time the environment comes, so long as faith is strong and unshakeable, God can mobilize all things. The Lord made a throne in heaven, and His power ruled over all things (Psalm 103:19). As long as we hold the confidence that was established at the beginning, we will have a place in Christ (Heb. 3:14). God will cause all evils to become dangerous.

---

## 25.Unparalleled love

Joel 3:16-19 16 The Lord gave His life for us, and we know from this that what is love. We should also lay down our lives for our brethren. 17 Whoever has possessions in the world, seeing that his brethren are destitute, but he hates mercy, and how can the love of God be in him? 18 Kids, we love each other, not only in words and tongue. Always behave and be honest. 19 From then on we knew that we are the truth, and our hearts can be secure before God.

The government and the three self-departments will not find out that I have committed any criminal act because I have been innocent before God and I have not done anything in front of society and political power. We have proclaimed the true gospel. We have never resisted the government, nor have we ever violated the law.

Therefore, Li Xisheng, the father of Li Lihong, former secretary-general of the three self-government organizations, was bought. They wanted to use this brother to kill us.

Although I once again and again warned and reminded this brother not to be the seller of Judas, [I also warned Li Lihong], but he was obsessed with disobedience, and he sold many of the comrades and sisters of the churches in our church. . Give a devastating blow to the church. Although I refused to confess, in my indictment they decided that I was the principal and chief culprit of the “shouting faction” and that they were guilty of extreme guilty pleas. Therefore, both the intermediate and high courts were ready to approve the death penalty. They asked me: Do you still have anything to say? You see that we have so much written material that proves that you are the chief culprit and the chief culprit of the “calling party”. The churches in Dongyang and Zhejiang Province called you to call out their names, read prayers, and vigorously promoted the Truth. Therefore, we do not need you to confess, and it is sufficient to sentence you several times to death. (The promotion of local churches. At that time, except in Wenzhou,

Zhejiang Province, almost all of them sent the saints to go out. At that time, the meeting of all the churches in the whole province was also hosted by my brother Huang Changrong of Wenzhou. Brother Huang Zhangrong was already Road).

When I saw all the information was from the hands of Li Lihong's father, I immediately laughed and laughed. because

The original destiny of man is death. Only the death of each person is different. All kinds of death methods are worthless and tragic.

Only one death method is glorious, joyful, and this worthless flesh becomes a priceless treasure that is the Lord's martyrs. This

It is the Lord's elevation and the Lord's greatest glory to me. So I am full of thanks and praise.

They were shocked and surprised to ask: Why are you so happy and laughing when you die? I said that I laughed at you these judges would not think about it, and that everyone who is present and future would not laugh at your stupidity. They were furious and said, "What?" I said. "Then I now command you all to preach Jesus as the gospel. Can you hear me?" They said, "Of course not," I said again. The writing of this information is that I called them to call for their names, read prayers, and preach the gospels and spread the books of the truth. Do you say that they can obey me?" "On the qualifications, is Li Xisheng old or me old? He is the Secretary-General of the Three Sects; and I was nobody. On culture, he is a university student and is the proud pupil of Ding Guangxun, chairman of the National Three-self Association. I only have primary school culture. In terms of age, he is more than ten years older than me. He cares about the heart and mind. If you think about who is more like the leader in the end, you can believe all these empty words he wrote, and you are not afraid that others will call you stupid? ?"

The public, prosecutors, the law, the government, and the three self-help associations could not find any fact that I had any crimes. I could only be sentenced to life imprisonment on the basis of the materials written by Li Xisheng. The charges were defined as espionage, counter-revolutionary propaganda, incitement to crime, and disruption of society. The crime of order. (Because of Lee Sang-sang's betrayal, many saints across the country were arrested and sentenced. As many of the sentenced and sentenced persons were related to Li Lihong, his son Li Lihong also sentenced him to death.

I got poetry in prison: "Christ Prisoner's thoughts"

Brothers and sisters are always in my heart like the roses of Sharon.

The bloody cage of death can't cut off my thoughts.

Wearing a prison uniform is glorious and he is trained as a soldier of Christ.

The Father of Mercy has already put all my things on the seal of Christ.

Pearls, precious stones, the construction of life, until the New Jerusalem,

To accomplish God's will no matter where or where

Drink the water of the river of life and have God's rich life.

Eat, drink, and enjoy the growth of Christ. It is Christ who lives.

The church's brothers and sisters of the saints heard that we were arrested and the government decided that we should be sentenced to death. Brothers and sisters of the church spontaneously fasted and prayed for us seven days and seven nights until the Lord promised to save our lives, but the environment was a bit No change, the government's decision has not changed, and every day, shouting that it must be shot, more than 300 people in the Southern Church have written blood books, went to the Public Security Bureau and the people's court to cry and beg for more than 300 lives. Go to kill the death penalty. Other church brethren who were painted in water were jealous and ready. When we executed the death penalty, they died with us on the day of the shooting. Almost every day there are two or thirty people. They go to the Public Security Bureau and the courts to ask them to come to me and suffer in order to take the place of us on the execution ground.

The scene was heart-warming, convincing, and witnessing Christ's transcendent love in trouble.

The one who loves his brother is to live in the light. There is no reason for him to stumble. (Joel 2:10) Because we love our brothers, we know that we have passed from death to life. Without love, we still live in death. (1 John 3:14) The Lord gave His life for us, and we know from this that we are love. We should also lay down our lives for our brethren. (Joel 3:16)

---

## 26. Letting it be saved Balaam

I learned that Li Lihong was sentenced to death. He was the brethren who had communicated the church with the churches. They all told his father [the secretary of the Sanzi] that all his father had sold the brethren to and from the churches. The churches suffered devastating blows and he was sentenced to death.

But I still love him, sympathize with him, and pity him. Or decide to give up and save him. When he returned to his cell at the end of his trial, he was dragged three or four pounds of puppets on his feet that day before passing through my cell. Everyone in prison knows

that if there is an ankle sound, someone may be sentenced to death. So I shouted: "Is Li Lihong you?" he replied: "I am," I asked again: "Jailed A few years?" he replied: "The death sentence was sentenced by the devil". I shout again: "You have to appeal, there are three days." He said: "Appeal to the big ghost, and the devil is not the same yet?". I persuaded him to say: "It is the best opportunity to use the last time to preach the gospel to the public, prosecutors, and the Fa. This is Chen Chen's right to come to the earth with all authority in the earth. So we will preach the gospel to you in the name of the Lord. (Matt. 28:18-20.) You should know that the Lord Jesus is the master of everything. He does not approve, and no one can kill us." He agreed. I fasted and prayed for him to save him. During the three-day appeal period, I prayed for two and a half days and then wrote the appeal in the last half-day. Since I was not associated with him, he read aloud the contents of the appeal and let me hear it. The last sentence of this appeal statement says: If God does not approve, you cannot take away my life. He read aloud in prison and all prisoners heard it. Many people felt deeply and could not help but cry.

At that time, in order to persuade Lee to appeal, I personally secretly wrote a sealed blood book, hoping to encourage him and strengthen him; at the same time, His wife appealed to rescue him. As a result, the paper slip was not reported to the prisoner and the prison guard reportedly went to the house.

When I saw this, I did not know where the courage was, and suddenly I was not prepared to rush over and grabbed it, and I swallowed it.

go with. When the prison guard responded and wanted to recapture, the note was swallowed by me. Suddenly, they were furious and picked up their fists.

Killed and beaten, kicked and kicked me, blew me up and bleeds, interrupted by multiple ribs, and fainted on the spot. When I

When I woke up, I was already in the prison bed. Then I heard the prisoner in the same room say that everyone thought I was dead and was about to take me out

He went buried, but found that there was still breath and dragged me back.

Li Lihong's younger brother, Li Liming, witnessed this inhumane behavior in the prison.

There was no human brutality and a terrible sight... I was horrified that this time I was dying and I had no hope of surviving.

After the death, there was no pain. When there was a breath, the whole body felt extremely painful, and many ribs broke. Each breath was deeply pierced into the viscera like a needle and it was painful. It could only cry out to the Lord for prayer. Because of the unbearable pain, they had to petition the Lord for dying. At this time the Lord gave me the message of John 10:18: "No one took my life, but I gave it up to myself. I have the power

to give it up, and I have the power to take it again; This is my command from my father."

When these words come into my ears, I feel as if I have been healed.

There was a lot of relief from the pain in the body and it was clear that I would not die. No one took me to the hospital for treatment.

The wounds have never been bandaged, but it is wonderful that the injuries have gradually become better and the ribs have been picked up. But still left some sequelae.

Although after thirty years, I now turn my upper body and my ribs will buzz and accompanied by pain. "The Lord gave His life for us, and here I know what love is, and we also should lay down our lives for the brethren (John 3:16)", so the suffering I bear for loving my brother is willing. No matter if Li Lihong is a person, it is a ghost. It has always been so ungrateful that evil has been good, and has been betraying his brethren and framing his brethren...but I only know to save people.

All our work must be initiated by the Holy Spirit. It is worthwhile to be sent by the Lord because we are slaves of the Lord;

Self-sovereignty will win the glory of God if it is favored by others. The work depends on the source, and the field does not leave the field; the boss is not

Can leave the bow, people who serve the Lord can not leave the source. The source was wrong and it was wrong.

All those who are of the Lord, regardless of the gift, the Lord and the Lord, are admitted; and whoever does not come from the Lord, the greatest gift may become a

One evil person. So no matter how big or small the gift is, it depends on where the source is. Everything that goes beyond the Lord puts his own life

It is also calculated. It is not for the Lord to repent in the words and deeds of the Lord.

Therefore, all our work must first be conducted in order to obey the will of God.

But things are counterproductive and counterproductive.

The bright star, son of the morning, how did you fall from heaven? How have you been defeated on the ground? (Isa 14:12)

Jesus said, Did not I choose your twelve disciples? But one of you is a devil. Jesus said this to Judas, the son of Simon Iscariot. He was one of the twelve disciples who later sold Jesus. (about 6:70-71)

The reason is as follows:

First, before Li Lihong sentenced him to death, he cooperated with the anti-church action to allow his father to keep abreast of our situation.

The arresting people, those brothers and sisters who are coming and going from church to church, therefore, many brothers and sisters were arrested and jailed and the churches were subjected to

A devastating blow, but there is a curse for the betrayal of the Son of Man. Li Lihong was also sentenced to death.

How he treats people, how to treat him, according to his double recompense. Use his mixing glass and give him a double drink (Rev. 18:6).

Second, because he was sentenced to death, there was no scruples, and he boldly told the prison guards and prison inmates to preach the gospel. Until

The date of the commutation. About five months ago, it became the “big hero” who was forced to be the master.

3. After the appeal was commuted to life imprisonment, he wanted to return to prison early and went home to the government, public security, and the three self-confidences, and his father (three from the secretary-general) wrote many confessions and repentance letters to the leaders at various levels. The government and the three countries were right to recognize that the Nie Yusheng and other local churches were evil. The government's attack on local churches was completely correct and worthy of support. It is the government and Samsoon who will save him. He stood firmly on the side of the government and opposed the discourse of Ni Kuangsheng and other government officials and demanded that the government should rehabilitate him.

Opportunity. Letters to the church were read by his eldest brother Li Lixin in churches in Dongyang and Lushan and asked his brethren and sisters. 76

Participate in three self-help meetings. And refused Ni Lansheng and other people's information. However, brothers and sisters did not agree to participate in the three self-help associations. Li Lihong and Brother

Resolutely oppose Ni Zesheng and other ministry personnel for many years, but there is a curse for betraying the Son of Man. Brother Li Haizhong

Bring them back to the church. There are many witnesses. Li Lihong still sells brethren and sisters in prison to make atonement.

I would like to take the road to politics, to power, and to the prostitution of Grand Babel. Li Lihong's personal ambitions

It is the map that became today's Balan:

This Balaam had taught Balak to lay the stumbling block before the children of Israel, that they might eat and sacrifice their idols (Rev 2:14).

Li Lihong is today's Balan!

IV. After the prisoner's supervision, Li Lihong became a big red person in the church and said in front of the government that he firmly opposed Brother Nee's ministry;

In the church, in order to support the brethren and sisters, they also said that they do not oppose Brother Nee's ministry. Because he is going to take politics as the background Forces act as a reliable way for the big balun immoral woman.

In fact, Li Lihong today is the eyes and ears of dragons, the snake's mouthpiece. They shuttled between the churches to instruct Baal to lay the stumbling stones before the Israelites and ask them to eat things that were idols and commit adultery. (Rev 2:14).

For example, on the 3-5th day of the first lunar month of the year 2000 and on the 7th to the 9th of the Gregorian calendar, we have 5-7 hundred couples meeting. On the evening of February 8th, there was an internal message saying that the public security party would surround the meeting point with 40 minutes. When I was with a few people, I stopped at the party or transfer meeting points. However, only Li Lihong strongly disagreed and was not allowed to work together. The hard-pressed brother Li Haizhong finished the last forty minutes. After that, a large number of public security personnel came. Several of my co-workers were arrested. I and Li Haizhong and several other workers had fled from the back window. After everyone thought, there are many people who can witness that Li Lihong insisted on catching people and confiscation of property.

The internal news is that Li Lihong and the police have premeditated plans and have carefully designed and arrested all the county's workers. He wants public security officers to clean up their fellow workers and make him an elders of the church.

Li Lihong's behavior led to no longer having such a large gathering and direct economic loss of several hundred thousand yuan, including projectors, televisions, computer amplifiers and all electrical appliances, about 700 quilts, stools, etc. Take away, the owner was taken away... The scene was very confusing and terrifying.

The brother Chen De Lai who had been dispatched to the brothers and sisters and was taken away was arrested. At the same time, other co-workers were forced to flee Dongyang. Therefore, he became the leader of the church in Dongyang City and could cover the sky with one hand. Do what he wants to do.

Under Li Lihong's control, our full-time study, youth gatherings, and student service have all been hit unprecedentedly.

For example, on July 29, 2001, the text work in Hangzhou was copied and many young brethren were sentenced. Only Li Lihong, the person in charge, was praised by the public security department. He said that he had done a great job for the government and was sent to the public security car in glorious and peaceful conditions.

After the vision of glory and the special session of the crossroads, Li Lihong denounced Brother Yu Jielin, ignorant and ignorant, and dared to encourage the green job to be launched on the mainland, which would cause much pressure and difficulties for the mainland....

On October 1, 2006, the province responded to the church's handling of the division of Brother Zhu. He summoned some of his fellow workers for Zhu Buping and denounced his fellow workers.... Because he said nothing about his fellow workers. His wife said, "You, like this, will work together and will not let you come to the United States afterwards! He replied: I want to go and the United States is not theirs. What he has is an enemy of God.

On August 23, 2009, Wang Chaohong's old brethren had evidence to prove that Li Lihong had betrayed the college students in their homes and read the Bible meeting of John's Gospel. The results were all arrested, television was shot, and Hu Enyu was sentenced. It was said that Hu Enyu knew that he was not allowed to bring students together or to train young people.

Li Lihong became the serpent on the road. The crickets in the road wounded the horseshoe and caused the horse to fall backward.

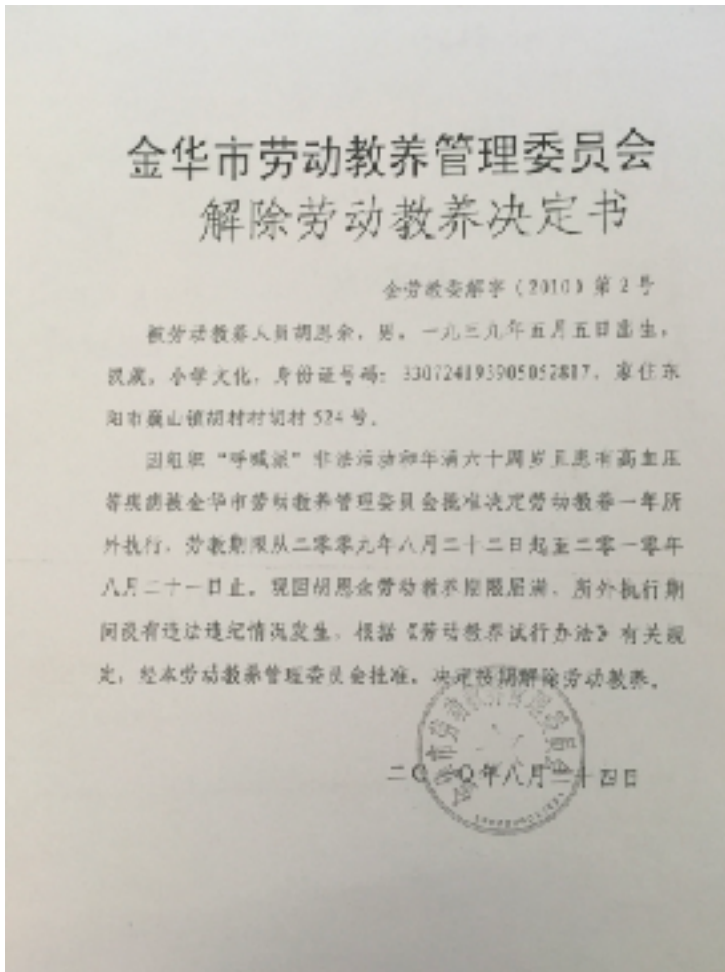

Another example is Yang John, the old brother of Wenzhou. Hu Fukang, an old brethren from Cangzhou, can testify to their younger generation that Li Lihong's work has made him die.

Dogs should be prepared for protection against evil and prepared for self-cutting. (Pr 3:2) Because there are many who act, they are the enemies of the cross of Christ. I told you many times and now I tell you in tears again. Their end is sinking. Their God is their own belly. They honor their own shame and use their land exclusively.

Things to read. (Pat. 3:18-19) On May 28th, 2014, in Zhaoyuan City, Shandong Province, the omnipotent deity cult incident, he felt it was not lost.

A group of people is gathered to prove that the local church is a shouting and cult. Saying that Hu Enyu is the leader is the chief criminal and the chief criminal of the mainland's shouting party, and he urges the government to severely punish the cult leader. When I received a report from many brothers and sisters about Li Lihong's actions, the political games she played and the intrigues she had set up...

I asked the Lord Jesus for this. The Lord said: All the plots of Li Lihong cannot be won. Although some people rise up to chase you and seek your life, your life is protected in the Lord your God, like a treasure. For the life of your enemy, the LORD will throw it away, as if it were a stone by a machine. (1Sa 25:29)

It is I who have saved the people whom God wants to extinguish, causing the difficulties of the church today, and asking the Lord to forgive me this culprit!

Because false brothers, who have been brought in stealthily, have secretly snooped on our freedom in Christ Jesus, we are to be servants. (plus 2:4)

Do I want to win people's hearts now, or will I have God's heart? Is it my favorite thing to do? If you continue to please others, I will not be a servant of Christ. (plus 1:10)

It won't be given one by one. Only God knows about these things. I was forced to say that I am the watcher.

33:2-19

2 Son of man, you have to tell the people of your country that I have brought the sword to which country, and the people of that nation have chosen from among them 78

One is a watchman. 3 When he saw the sword approaching the land, and blowing the horns to warn the people, 4 Everyone who heard the sound of the horns without warning, and if the sword did not destroy him, his sins would return to his own head. 5 He hears the sound of the trumpet, and he will not be vigilant. His sins will fall upon him. If he is guarded, he will save his life. 6 If the watchmen come and see the sword come and do

not blow the horns, so that the people are not warned, and the sword kills one of them, and though he is dead in sin, I will ask the watchmen for his sins. Blood. 7 Son of man, so I have made you a watchman of the house of Israel. So you have to listen to what I say and alert them to me. 8 I said to the wicked, You will die if you are wicked. If Ezekiel does not open his mouth to warn the evil-doer, and causes him to leave his way, the wicked will die in sin, but I will ask you for his sins. 9 If you warn the wicked to turn away from the way he has done, he will not turn away. He will die in sin, but you will save yourself from sin. 10 Son of man, say to the house of Israel, "You often say that our trespasses and wickedness are upon us, and we will thus be destroyed. How can we live?" 11 You said to them, "The Lord GOD says, "I swear by my eternal life that I will not rejoice in the death of the wicked, but I am glad that the wicked will turn away from the way they did." Home Israel, you turn back and turn back. Why should you die if you leave the evil way? 12 Son of man, speak to your own people that righteousness cannot save him on the day of sin. As for the evil of the wicked man, he must not be dumped on the day he turns from his evil deed. On the day of the crime, the righteous cannot survive because of his righteousness. 13 I said to the righteous, You must live. If he commits sin on his righteousness, his righteousness will not be remembered. He will die because of his sin. 14 Again, I said to the wicked, "You must die." If he turns away from his sins, he will do righteousness and reasonableness, and when the other man's first commandments and robbers obey the laws of life, they will not commit sin. He will surely survive and will not die. 16 All sin he committed will not be remembered. He is upright and reasonable, and he must survive. 17 Your own people also say that the way of the Lord is not fair. In fact, their way is not fair. 18 When the righteous man turns from his righteousness and commits sin, he will die. 19 The wicked will turn away from his evil and will live in righteousness and reasonableness.

It reminds me of how Jesus dealt with Judas.

Jesus said, Did not I choose your twelve disciples? But one of you is a devil. Jesus said this to Judas, the son of Simon Iscariot. He was one of the twelve disciples who later sold Jesus. (about 6:70-71)

Jesus knew that Judas loved money and Jesus let him manage the money. One of the disciples, Judas Iscariot, who was about to sell Jesus, said, Why doesn't this ointment sell for thirty-two weeks?

What about poor people? When he said this, he did not care about the poor, but because he was a thief and a purse, he often took what he had saved. (circa 12:4-6)

Jesus knew that Judah was a devil, and later he would betray him. Judah wanted to be a disciple of Jesus and could watch over Jesus. Jesus also chose him to be a disciple. Jesus knew that Judas was going to betray Him and he licked a bit of bread and handed it to him... Say: What you want to do quickly. However, Judah died miserably and miserably.

Act 1:16-19,25

16 Brethren, the Holy Spirit, through the mouth of David, in the Bible, predicted Judas, who brought Jesus to Jesus. This statement must be fulfilled. 17 He was originally listed in our number and earned one point in the apostle's office. 18 This man used his evil wages to buy a field. Then he fell down, his stomach cracked, and his intestines flowed out. 19 All who lived in Jerusalem knew this, so according to their words, the name of the field was called Agra Damascus, which means the bloody field. 20 For in the Psalms it is written, Let his dwelling place become a desolation, and no man shall indwell. He also said that other people may get his position. 25 This Judas was abandoned and went to his place.

---

## 27. Christ defeated the devil

[I'll testify to the resurrection]

When I was sentenced to prison for prison, the prison refused to accept this because my body was injured because of Li Lihong's rescue. It was too bad. It was very likely to die at any time and many prisons refused to accept it. However, the detention center tried hard to prove it to the hospital and said that I was innocent and wounded, and drastically loaded. After that, they will be accepted by the other party on the ground of "two years of detention." At that time, labor reform was committed in prisons. There were two yuan and five cents in the month of the month, and a set of prison uniforms and other treatment was provided. However, I was a prisoner and therefore did not enjoy the benefits of formal prison. It is more tortured than other prisoners.

I was originally a little timid, but I was brave enough against the Lord while holding the main nail. I want to pray

Pray for prayer. If you want to fight, let them fight. Still adhere to faith.

I have not been erased from my memory by the fact that I was confined to evangelism.

The detention room is only about 80 cm wide and about two meters long. There was no trace of light. There was only one vent hole. The walls and ground were stingy. It used to

be the Japanese war criminals and the Kuomintang war criminals. The results did not come out alive.

There was only a toilet in the room. It was dirty and stinky. There were geckos, rats and other insects... and so on. In this confinement room, I did not know how many people died. Nevertheless, with only a little water and a little rice, I commemorate the Lord every day and I do not know how many days I spent there, and I don't know how I lived.

The blessing of the LORD, the God of Israel, who has performed miracles alone, should be praised. (Psa 72:18)

Because our living people are often sent to death by Jesus, so that the life of Jesus is manifested in our mortal body. It seems that death was started in us, but the life was born in you. (2 Corinthians 4:11-12)

In the will of the Lord, though bitter and sweet. If He rejoices, he takes no risks; when the subject is accidentally met, he leaves His love.

How can it be accepted? Therefore, I pray for the church day by day regardless of my safety and life.

Once I was praying and I was seen by the chief of the prison guards' Yankee. When his eyes were fierce, he took a bamboo stick and hit me. The bamboo crickets were scattered, but the Lord was conservative. I do not feel any hurt. It was the Lord's hand that stopped the bamboo raft and did not hurt me. (Perhaps it has been subjected to too many severe punishments and the bamboo cymbals have become insignificant as a punishment instrument.) Therefore, Yan Kechang [Buddhist] has also called up more than a dozen prisoners in the prison, the so-called "wickedness and evil". They are all murderers. When I saw them, I kneeled down and prayed on the ground for them: "Father, forgive them, because they did not know what they did!" They heard me pray like this, and they did not want to beat me. When Yan Kechang saw this, he shouted in a loud voice. You slammed hard and you tried to reduce your punishment. The leader of the group replied that people like this one will be killed when they punch. If we are killed, we will not be able to take advantage of it. We will still sentence the death penalty and we will quit. Yan Ke was furious and rang alarm bells.

Call a large team of riot police. Yan Kechang shouted loudly that there was an insurrection by prisoners here, that was him. Give me a good deal against him! The riot police rushed in and the baton struck me at the same time. My gums are burned 100% with many parts of my body. The riot police continued to kick me with leather shoes that had iron heads embedded. At this time, another member of the Chen family section chief [the Christian family] saw it. The scene was terrible and the means were very cruel. He couldn't stand it

any more. He rushed to another office and called the Provincial Disciplinary Committee to report the situation and ask about the officers. No one can beat the prisoners and the prisoners are about to be killed! The other side snapped back and said: Whoever killed and who is responsible! Mr. Chen immediately went to the scene and shouted loudly...

The riot police had one after another and fled. . I then fainted again, and I was unconscious for a few days. I didn't know until I realized that one of my front teeth had been destroyed. Now I still have this imprint. In the next two or three years, my ears bleed on both sides. The physical suffering is very limited. As long as we pass out, we do not know the pain, so we need not fear it. We should fear God.

If you can't kill the soul by killing the body, don't be afraid of them. Only those who can destroy both body and soul in hell are afraid of him. (Matt 10:28)

Afterwards, he listened to the captain of Liu said that the Yan Kechang had reported to go up for fear of this incident and hurriedly invited the prison leaders to dinner to make things worse. At the feast for banquets, he said: "All the leaders, everyone! I have something to ask for. In order to maintain the title of "civilized prison", if the Provincial Disciplinary Committee comes to investigate, you have to testify to me that we are here. The cadres have never beaten anyone, they have been sentined by their own nerves, and they have been smashed so badly, but I tell you that the prisoners are stubborn, often praying to pray and telling other prisoners about Jesus. Very influenced by him, I am also a regular business officer, and I have to learn lessons from him. Perhaps the leaders of the "civilized prisons" are not degraded by these leaders, and the reputation of "do not torture the prisoners" is not affected. He said happily: "Thank you all." Then he said arrogantly, "The bodhisattva we worship is very spiritual, but there is really no Jesus. If there is Jesus, I will treat him like that." When the voice just fell, suddenly a loud thunder, everyone They were all scared and paralyzed; and Yan Kechang was suddenly incontinent, he was paralyzed, his body was distorted, and he was begging for mercy. He said that Jesus was merciful and did not kill me. My family was young and old, and I depended on my salary. After that, I never dared to beat him any more... He was sent to Hangzhou for first aid treatment and he realized what he had learned. After a period of time, he was distorted in a wheelchair and pushed back by others. Apologize and say, "Please, forgive me. I will not dare to beat you again. Please pray for me before Jesus. Don't kill me. I have old and young, and I depend on my salary." I nodded, [I broke my tongue when I was tortured by electric shock, and I still couldn't speak] Pray for him in the spirit immediately. Father said, Forgive them because they don't know what they did. I

saw that his hands and feet were paralyzed, and the people were twisted. He quietly prayed for him: "Lord, forgive him!" The spirit was full of praise!

Since then, he has spread in prison and said "Amen" (because I often say "Amen" when I pray in prison).

The homes call me like this. It is impossible to fight. Whoever hits Amen will be attacked by Thunder. It's terrible! It's from this time

Afterwards, I did not suffer from beatings, and I was relieved of the suffering of the flesh. This is indeed the mercy of God and the conservation of power.

(The Gentiles abused God's people too much and called "No Jesus" to force God to show His righteousness. This kind of history has existed in past history.)

Whenever a person's dead end, God opens the way; at the end of man's end, God begins and man's incompetence shows God's omnipotence. We are

The God of faith is the God who made no difference and raised the dead.

Abraham believed in the God who made the dead resurrection and made it unchangeable. He is the Father of our world before the Lord. As I have already written, I have established you as the father of many nations. (Rom 4:17)

Misery pressure

With my poetry, toward the Lord I love,

I sang my voice and chanted me sadly.

The way to prison is to enjoy the human suffering.

In addition to the owner, who else can talk?

Although the way it was done was more citric acid torture,

But the main hand leads me and still does not look ahead.

Said I was willing to go this narrow road.

The only way to go is to sing this ten road.

Although it passed, it was a sad tearful valley.

But the Lord took me and led me to the kingdom.

In spite of many hardships and dangers,

But they cannot cover the glory of the Lord.

You are blessed when you have strength and desire to go to Zion Boulevard. They passed through the valley of tears and called the valley a place of fountainheads, and there was a blessing of autumn rain that covered the whole valley. As they walked and strengthened, they went to Zion to see God. (Psa 84:5-7)

Running forward, facing cold eyes and ridicule, the vastness of life, how can we feel without suffering.

I do not regard my life as a thought, and I do not regard it as precious. I only need to finish my journey and accomplish the ministry that I received from the Lord Jesus and prove the gospel of God's grace. (Acts 20:14)

---

## 28. Such as the return of eagles

The third chapter is effective again

If the eagle retires (Ps. 103:5). God sent him the only begotten Son to come to earth, that we may live through Him, and God's love for our hearts is revealed here (1 John 4:9). I would rather die on the battlefield than die on the sickbed. The story of the gospel is that the Lord loved us. The story of Mary is that she loves the Lord. We must preach that the Lord loves us and we must also

We love our Lord. One is for our salvation, and the other is for our sacrifice.

Since the twentieth century, thousands of precious lives, beloved strangers, lofty status, and a splendid future have all “spent” on the Lord Jesus. To those who love the Lord, He is totally gracious and deserves them to offer everything. What they poured on the Lord was not to waste, but it was a testimony of a sweet fragrance that witnessed His sweetness.

May 27, 1998 was the day when my prison sentence was released, so my wife took four 'family food porridge' lives in the 'Pengma Maochao, Rope Bed Tile Kitchen' and lived in suffering. The children who came down waited at the gates of the prison early and waited until the prison leaders told them: “Hu Enyu does not cooperate with the government, insists on his faith, and does not change his religion, but he also proclaims Jesus in prison. He would have to be reformed because he was weak and frail. Plus one day of punishment, self-serving, and return tomorrow afternoon.” With tears in his eyes, his wife and children only felt that the world had brought people a scene of misery, sighs and emotions that shed tears. The whole family prays to thank the Lord! Lord! Tomorrow is a better day...

What kind of person can be proud of? Who knows? Being an official, the housekeeping industry is withered; riches will have their gold and silver scattered; if you are graceful, they will escape to death; ruthless, distinctly retribution; In tears, tears have been done: The prime minister is not light...

It is also a good luck to be rich and old. Seeing broken, broke into the empty door; obsessed, he gave his life. It was like a solitary bird in the cold forest, and it was a piece of white earth. It was clean!...on the 360th day of the year, the sword of the wind knife

was tough; when it was bright, it was hard to find.... The blue light Zhaobi first sleep, cold rain knocked on the window was not warm ... .. look at the spring flowers fall, it is the old face of the red when the dead; once the spring to make the old, the flower fell dead two I do not know! Tragedy too! Dear friends, these griefs in the depths of the heart are self-deprecating, do you not cry in this tragic world? Do you not share the same feelings? Where is the hope of life?

There is no rescue other than him. Because in the world we do not give other names, we can rely on salvation. (Acts 4:12)

Such a Jesus Christ is the only salvation of sinners. He was abandoned by the name of the Jewish leader, but was precious to God.

Exalted, in the world, in this unique name, sinners must be saved, not only from sin, but also to God's divine life.

Life and construction. Only in Christ can there be new beginnings and eternal hopes.

On the 28th of the 5th, 1998, the wife and children received frail, physically handicapped and tortured by fifteen years of unfitness.

I am handsome and elegant, has become ugly, full of wisdom, I have become mentally handicapped. The ups and downs of life and the ups and downs of family history have made me see the world's coldness. I have become a burden to them and I have no hope of myself. I am not willing to go back and afraid of dragging them... They insist on supporting me on the bus, my wife. Holding me and saying, "No matter how you become, I will take you home. Do you know how we came here over the past fifteen years? If the Lord Jesus did not cover us with His scarred body, use His nails. Traces of both hands support us, and we have all died long ago, not dead. The church's brethren and sisters saw an increase in many unlawful things, and love gradually became colder. I hope the stars, the moon, I hope you come back to good old age, how to be willing Discard you?"...I insisted on taking me home. But my intellect is like a three-year-old child. My wife and her beautiful eyes seem to be talking. She simply replaces her mouth. When I did something that I shouldn't do, she stared at me with angry eyes for a while until I lowered my head to know what was wrong. When I did a good thing that made her happy, she used her smiling eyes. A full look at my two minutes, as if I was enjoying something like a baby. At this time, I will bow my head down. In her meticulous and devoted love and support, she served me and made me feel better. I gradually recovered my health.

Because she loved me and feared that I would be hit again, he persuaded me to say:

"The Church should not participate in the matter anymore, so as not to be arrested and sentenced the second time. Because we are all old, you have more than 60 years. We are

retired. Now that our children are all grown up, we will live in peace.” Because she loves me, she loves the Lord, and the Lord’s church, there is a painful disease that comes to her and makes her feel unbearable. The doctors everywhere are ineffective. We confess our sins and pray daily, but we do not know what crimes have been committed. This pain cannot be removed. We were admitted to the Changhai Hospital in Shanghai for a checkup and colon polyps. The second investigation was fatty liver, and the third investigation was tuberculosis. The fourth investigation was nephritis, and the fifth investigation was cystitis. But this pain can't be removed. I was forced to helplessly bow down and bowed to the Lord and said, "Lord Jesus, where does this disease come from? You must clearly instruct us because I am too foolish to understand your will. If you do not expressly teach, we will It will not be for your willingness to suffer in vain!" The Lord answered me and said, “The spiritual thing is not to retire. Aaron died when he took off his robe.”

Moses took Aaron's cloak off and put on his son Eleazar. Aaron will die there and return to his fathers. (Num 20:28)

I said, “I am now a disabled person. There is no use for it. If you still trust, I would like to refresh my offerings, but you must give me spiritual insights and spiritual memories.”

Then the Lord immediately gave me Seeing that Ezekiel 1:10 is a mature cow, from 593 years ago to Revelation (about 90 years after the Lord), the cattle that experienced about 700 years later were changed into the calf's forbearance in Revelation. . The Lord does not want us to live longer and older. We want us to live younger and younger, and turn back to become children, living entirely by the Father.

With. There are no plans, plans, arrangements. Where did the father's finger go and where did we run? Like a child who only loves his parents and trusts his parents, as long as his parents love Jesus, he only loves him to be the Lord's crazy lover.

As for the image of the face, there are people's faces in front, lion faces on the right, cow faces on the left, and eagle faces on the back. (Eccles 1:10)

The first creature is like a lion, the second is like a calf, the third is like a human, and the fourth is like an eagle. (Rev. 4:7)

Lord, we need to rejuvenate in the morning and renew our daily offerings. We are constantly infused by the Lord and change into new people every day. If Peter from Simon [the earth changes into a stone] (Matthew 16:16). [Change from stone to live stone] (1 Peter 2:5).

These believers in Christ, through regeneration and change, became living stones, like Christ. We were originally made of clay, but when we were born again, we received the

seed of the divine life. When this child grew up in us, we changed us into living stones. When Peter repented on the Lord, the Lord gave him a new name, Peter-Stone; It also changed from living stones to gems and became the foundation (Rev. 21:14-21). After I got these revelations, I looked at my wife in pain and pain and said, "Are you willing to die in this way? Or would you like to be killed for preaching the gospel?" She said: "This is a painful death and I would rather be killed for the Lord. !" I told her the revelation of the Lord. Together we will update our offerings and ask for a voucher to give to the church all the people in our ward. Let us be renewed every day. We live younger and live younger. If the eagle returns to old age. Such as the eagle wings up.

---

## 29.The cancer was healed

When our couple renews our dedication, we are willing to put everything, money, time, property, and even our own lives for the Lord... We only need the Lord's own, love the Lord's love and hate what the Lord hates. The home of God is my home. God's business is my business. All things are willing to take care of God's rights. It is glory and joy.... We know that we are weak and unable to carry out such high sacrifices, but we have this desire to allow the Lord Himself to create the instruments of the Lord's desire to manifest the richness of His glory.

When we prayed, my wife's pain stopped and she stopped. We reviewed it at Changhai Hospital. Once we had a colon polyp, it was completely good. The second check was fatty liver and there was no; the third was pulmonary tuberculosis, and the lungs were good; the fourth was kidney. Inflammation and kidney function also became better; the fifth investigation was cystitis; everything was normal. This update dedicate prayers to the hospital for seven days. Rejoice in the proclamation of Jesus Christ as the gospel. The people in the ward looked in their eyes and remembered Jesus in their hearts. But one of them was a critically ill woman who had opened her knife nine times for the cancer. Now the cancerous patients have spread to the whole body. The name is Zhang Chunmiao and she refuses to accept it. Believe in Jesus, the reason is that her ancestors and relatives are idolatry....

On the day of our brothel, my wife said to me: God is faithful, and there is another one who has not accepted Jesus, and we kneel down and pray for her! The prayer is over. My wife asked this woman, do you believe in Jesus? We must believe that we will take you to pray and save you. If you don't want Jesus to save you, we will never leave. When she heard it, she said: I want Jesus! We took her to decide and pray. Then she took the

initiative and prayed, "Lord Jesus, I don't want to die. I want to live because my relatives and friends are idolatry. I want to preach Jesus to them." When she finished her prayers, we were leaving in our brothel. She Say: Leave your phone address, you pray for seven days out of the hospital, and I pray for seven days to see you in the hospital. My confidence immediately answered her: "How much faith do you have, you will have much grace. Upon returning to my mind, I thought that the doctor had not told her husband to prepare for the incident? Has it not lived for seven days? Did the husband tell us about Jesus and asked us to help him with his wife? ]. We agreed to her request and left her an address and phone number. After seven days my wife, wife, and wife were at her daughter's Gospel mahogany furniture factory. The factory guard took the two big gift boxes with Zhang Chunmiao and came to see us. I was shocked to think that during the day, I was fucked, I was skinny, I was dying, how could she be in a brothel to see us? I set my eyes on it. It was them. I talked to them about cleaning up the old life and asked them to clean up all their idols. To go out, we must also be baptized into Christ. After a while, a banker who was about to immigrate to Canada asked to be baptized before going abroad. Zhang Chunmiao and his wife also heard him. After I talked about the baptism of truth, I said who is willing to be baptized, and Zhang Chunmiao's first registration. She wants to be baptized. I said that other people should sign up first because your knife is not good enough, and both the urine and the urine come from the waist. The hole cannot enter the water and the water will die. She said: I must be baptized into Christ and become a true Christian. I am not responsible for you when you are immersed in death. I am responsible for myself. I said, "How can you be responsible for myself? I'm not really guilty of immersing people if I immerse myself in Christian faith just after I left prison. So you and I can't bear this responsibility. Only the Lord can take full responsibility for it. Ren. Therefore, after allowing others to be baptized, everyone prayed for you to see what the Lord brought up. After praying, everyone felt safe, and I baptized her. She looked red from the water and made a witness on the spot how she was saved. At the same time, their husband and wife returned home with joy.

After a period of time, cancer suddenly broke out and her life was in jeopardy. She was so weak that she called us. When we arrived at her, her breathing was short, and our husband and wife had to cry out to the Lord Jesus immediately! Miao, her breathing gradually recovered, her face changed from death. When we sought the Lord together, why did the disease relapse? The Lord said: She hid her idol somewhere. It turned out that she cleaned all the iron, copper, mud, and wooden idols, but she hid pure gold. I don't think God knows or sees it. We took out the Guanyin idol on the necklace and the

wishing idol on the gold ring somewhere, as God said. We asked her daughter to go to the gold shop to crease the idol and make other decorations. After they did so, the Lord personally revealed to Zhang Chunmiao: I will heal you today. You must go back to Changhai Hospital and ask the doctor to take your urine back to the normal person's exit. Normal life.

John 1:7-10

7 If we walk in the light as if God is in the light, we will have fellowship with one another, and the blood of Jesus Christ, his Son, will wash away all our sins. 8 If we say that we are sinless, we are deceiving ourselves. The truth is not in our hearts. 9 If we recognize our sins, God is faithful and righteous. It is necessary to forgive our sins and cleanse us from all injustice. 10 If we say that we have not committed sin, we are lying with God. His way is not in our hearts.

In this passage, there is a cycle of our spiritual life, formed by four things that matter-- eternal life, eternal life, sacred light, and the blood of the Son Jesus of God. The eternal life produces eternal life. The eternal life is brought into the sacred light. The sacred light increases the need for the blood of the Son of God, and gives us more eternal life. The more we have eternal life, the more traffic we bring to our divine life. The more we enjoy the traffic of divine life, the more sacred light we receive. The more we have received the divine light, the more we are divided into the cleansing of the blood of Jesus. This kind of cycle takes us forward in the growth of divine life until our life is mature.

If we consider our sins, then He will forgive us according to His words and based on the redemption of the blood of Jesus, because He must be faithful in His Word and be righteous in the blood of Jesus; otherwise, He It is not faithful and unjust. We need to confess our sins if we want His forgiveness. This kind of forgiveness in order to restore communication with God is conditional, that is, our confession.

So she returned to Changhai Hospital. Professor Li (the second best in the country) had once opened her knife for more than nine hours. After the opening, the chief surgeon doctor himself had fainted. So he was impressed with Zhang Chunmiao. And told Zhang Chunmiao: Your illness is a terminal illness that no one in the world can cure, so the hospital does not accept it. Zhang Chunmiao said loudly and I believed in Jesus. Jesus told you to turn the urine out of my waist down and let me live a normal life. This surgeon taught the doctor: If Jesus can cure your systemic cancer

Symptoms, cancer cells are gone, I can get your surgery back to the defecation. Zhang Chunmiao said: Let me leave you to observe it! So she lived in the hospital for six months. Every time she examined the cancer cells, they died uncannily until the whole body had

no cancer cells. Professor Li was greatly surprised at this. He said, "Jesus really exists, and I want to believe, but I'm too busy to go to church and bring my loved ones and friends to the letter! This Jesus is so wonderful! After that, whenever someone who believes in Jesus comes to me, I will do his best, so he personally handed Zhang Chunmiao the normal bladder surgery, the intestines back to the original place, let her live a normal life. It has been six or six years now and she loves the Lord Jesus very much. She has been a great evangelist and she has been in her family for sixteen years. The house was small and has now expanded many new houses. The Lord also greatly blessed her family. I often go to her home in Shanghai to speak together. Really happy. Jesus said, "Go home and tell how great God has done for you." He went to the city to preach how great Jesus had done for him. (Luke 8:39)

During her six-month stay in hospital, I happened to be in Shanghai. She would call me one or two days. She said: Come on, and today there are a few to believe in Jesus. Please hurry to come and preach the gospel. How much fruit I had during her hospital stay, I can't remember.

In addition to Jesus, who can I have in heaven?

In addition to Jesus, I have no love on the earth?

Who can wipe my tears except Jesus?

Who can bring me comfort besides Jesus?

Although my physical body and my heart gradually declined,

But my mind, spirit and soul are changing every day,

The new God is the power of my heart, blessings and everything forever.

If I experienced Psalm 103 in 17 years, I was like an eagle. When I was 76 years old this year, I still lived in front of the Lord with a healthy life. I really feel infinite appreciation; I praise my praises and praise the Saviour. Sheng Ye Niang, far better than the best friend. I also experienced firsthand that the waiting for the Lord will be renewed; I will rise like an eagle, and I will run without getting tired, but I will not be tired from walking. (Psalms 103:1-22)

Isa 40:29-31 29 Tired, he gives power. Weak, he added strength. 30 Even young people are tired and sleepy, and those who are strong will fall completely. 31 But the one who waits on the Lord will be strengthened from the new. They will rise like eagles, and they will run but not be weary and walk.

It is not tired.

Waiting for the eternal God means that we have settled ourselves, that is, stop our own lives, work and actions and accept God as our life, our people, and our replacement in

Christ. Those who wait in this way will have to regain strength, even to the point where they will rise like an eagle. He not only walks but also soars above the heavens, far beyond the obstruction of every land. This is a person who has changed.

---

### 30.United in Christ

Jesus said, Do not ban him. Because it is not against you, it is to help you. (Lk 9:50)

Those who do not agree with me are those who are against me. Those that distract me from others are scattered. (Mt 12:30)

In this way, I practiced regardless of denomination. I only spoke about Jesus Christ and set up a nursing home. The Lord took us hundreds of people. Later Satan borrowed to destroy our nursing home. The Lord took us to the reunion with the returnees. It is the Lord's grace that has brought us to a more valuable and humanly fulfilled mission. Gain higher, more knowledgeable, more suitable for the principal. From a small row, a few hundred intellectuals a year are divided into twelve small row parties...

But if anyone loves God, this person is known to God.

29 Jesus answered and said, First of all, that is, Israel, you have to listen. The Lord our God is the only Lord. 30 You must love the Lord your God with all your heart, soul, soul, and strength. 31 Second, that is to say, love your neighbor as yourself. There are no more than these two commands.

May 12:29-31

The most noble and noble love. Although this love requires the use of the whole person, it must be spiritual, not physical. From our hearts, through our souls, our minds, to our bodies, all are used to love the Lord our God. Both of these commands, whether they love God or love, are problems of love. Love is God's commandment.

Before the forest 16:22-24

22 If anyone does not love the Lord, this person may curse. The Lord must come. 23 May the grace of the Lord Jesus Christ be with you all. 24 My love in Christ Jesus is with all of you. Amen.

---

### 31.Illustration of the Lord's Love

Case I: When I met a young business sister in Shanghai, I asked her why she did not meet for a long time. She said: Saturday and Sunday school and the unit are holiday, is the best day for my businessman to do business!... .... I said that starting today, you do

not come to the party to remember all the income for one year and the result is 30,000 yuan. In the second year from today, all your meetings will take place, including the preaching of the gospel.... As a result, the total income is 90,000 yuan.

Brother, we have a little love. The Lord knows it, and it gives us double doubling blessings. You want the Lord to double

Blessing? As long as you love the Lord.

Example 2: When I went to Nanjing in 2000 and saw many people meeting, but most of them were white-haired seniors, I said to my responsible brother at that time: Our party is glorious! What glory does he say? I say: It is a white-haired old man. In 20 years, this glory will be lost. What did he say? I said: Without the youth being saved, we will not have our future and tomorrow. There are so many universities in Nanjing. Why don't you preach the gospel to college students? He said: You can call your trusted college students to pass through the university and bring new ones...

When I next went, they got my fellow Dongyang people, a small, lively and lovely little sister, I talked to her and told her that learning grades is not the most important thing. Evangelism is the most important thing. This is the sacred mission that the Lord Jesus gave to every Christian. The others are our side businesses, including setting up factories, running companies, farming, and working. They are our sideline businesses. Only the evangelists have the right to build the church. It is our real career. It is also the true mission we receive from the Lord. Therefore, we must devote all our efforts, best efforts, and dedication to accomplish the sacred mission entrusted by the Lord. The Lord loves me and gives Himself up for me. I love Jesus and offer Him all. I will proclaim the gospel through practical actions and build the church to become the dwelling place of God and let God enjoy it. We are praised and blessed by God.

The lovely little girl accepted the sacred mission and burdens in this way. He had great evangelism in the university and he had seven or eighty people a year. Her energy and her whole body were used almost in spiritual things. However, in each subject test, her performance is always ranked first. One of the children of Gao Gan who went to Nanjing from Shanxi to study hard, read glasses with myopia of eight Baidu. He asked the girl with great surprise. He tried desperately to read. Why is it better than to easily and proudly proclaim Jesus? The girl answered her. : Because I fear the Lord, it is the beginning of wisdom. It is smart to know the Holy One, so I am smarter than you. Because I know the Holy One Jesus as my person, I happily preach the gospel and easily get into the first place. Because Jesus Christ is omniscient and omnipotent, He became my intelligence and wisdom. Such a happy Jesus, Jesus of wisdom as your living person, do you want

to? If you are, you have wise and happy, and you can easily get good results, he said:

To ...

The fear of the Lord is the beginning of wisdom. It is smart to recognize the Holy One.

(Proverbs 9:10)

Later, they read together, pray, sing poetry, and spread the gospel together. This is a good match. Slowly and emotionally, afterwards

Good husbands and wives who love each other become witnesses of Jesus Christ.

Together with the United States to graduate students.

In 2008, when I was evangelizing at Peking University and Tsinghua University, I met American professors who came to Peking University to give lectures. I asked them about the young couple who graduated from graduate school, and the American professors met the young couple who fear God and praised the pair of loved ones. The life of a young couple is a life of God. They always take God's business as their business, and God's home is their home, taking care of God's right on earth, and even God, greatly blessing them. Blessed are those who love the Lord...

Example 3: The purpose of life is not to be a successful entrepreneur. Our Christians are blessings for everyone. It is true that many things are not overcome in this great sham of society; however, the church life makes us feel nourished and happy.

What the Lord wants is for us to give our lives to the Lord at the highest peak, the most successful, and the most useful. The Lord will be more pleased.

A good environment does not have to come from God. It may also lead to death step by step. Anything that may make us stay away from God is definitely not from God.

If you absolutely love the Lord, you must serve Him all the time. This is the Lord's guidance to you. You do not need to pray for certainty. Whenever someone calls you to visit, you go. You shouldn't pray for this. I feel that the Lord will not allow you to visit. Or you want to read the Bible and feel that it seems that today is not in this mood, that is, God does not allow you to read the Bible. We must know that the service of God is absolutely from God.

I will not be afraid to lose my life in order to maintain the truth. Ningshe the world, but to Christ.

Christians must know that God is the Lord who rules everything. All things are to Him, to Him, to Him. To know God's ruler, our ministry and profession will be bold and beyond. It is only natural to sacrifice your body as a living sacrifice. Christians' dedication and ministry should not be preserved.

Serving the Lord is connected with us and should not be limited by time and space.

Example 4: In 2005, Beijing had 49 small row parties and wanted to be one in Christ, so they wanted to borrow my daughter's workshop [Gospel Redwood Furniture Craft Factory]. With the May 1st Labor Day and the 11th National Day, three days each will be adjusted during the vacation. My daughter was afraid of accepting the trouble of the regime to find companies and factories. Not far away, a Wenzhou boss set up a factory in Beijing. In a hurry, the young couple stepped forward and accepted the secondary meeting of the year. He married them for seven years and was unable to give birth to Chinese and Western doctors. The Lord Jesus gave them a healthy, white, and fat baby for their couples to accept this second meeting.... My daughter's company and factory did not have a single branch of business. Rents, wages, etc., cost millions of dollars a year... They couldn't survive in Beijing. My wife and I learned in prayer that they owe the Lord and In the church, we were guilty of pleading guilty by the husband and wife. They called my wife to rush to Beijing from Shanghai, established small parties in my daughter's factory, and accepted the May and May of 2006-2007.

Festival's second meeting [we loan service]. In these gatherings, I said that Christians should regard the heart of the Lord Jesus as the heart and take the Father's work as their thoughts.

Jesus said, Why come to me? Do you not know that I should be thinking of my Father? (Do you not know if I should be in my father's house?) (Lk 2:49)

Missing thoughts in Jesus Christ.

You should take the heart of Christ Jesus as your heart. (Pr 2:5) We need to be one with Him in the heart of Christ. To experience Christ, we need to go to the point where it is within Him.

Soft feelings and thoughts are one with Him.

Take the will of the Father as our food. To create His work [to bring God to people, bring sinners to God,

It is the gospel of Jesus Christ. It is the sacred mission that God wants us to accomplish. I sent you to them, to make their eyes open, returning from the darkness to the light, and returning from Satan to God. And by faith in me, I will be forgiven for sins, and I will have inheritance with all who are consecrated. (Acts 26:18)

Jesus said that my food is to do the work of the One who sent me and to do His work. (John 4:34)

Execute the master's order.

The following are the commands issued by the Lord and are the sacred missions we should perform. There is no bargaining.

Too 28:18-19

18 When Jesus came in, he said to them, "All the powers in heaven and in the earth have been given to me." 19 So you are going to make all peoples my disciples and baptize them in the name of the Father's Son. (Or give them baptism to the name of the Father and Son of the Holy Spirit.) 20 All whom I have commanded you teach them to keep. I will always be with you until the end of the world.

All other studies and careers are our sideline jobs. Only God has given us a mission. It is our ability to win people and land.

Christians should do their jobs today.

We should regard the family of God. It is my family, God's business. It is my business.

When we take care of God's home, God takes care of our home.

We take care of God's needs and God takes care of our needs.

Since then, the business of my daughter Mrs. company and the factory has always been very good, because we have the benefit of the Lord.

Forever. Amen!!

If anyone loves God, this person is known to God. (1 Corinthians 8:3)

If you taste the taste of the Lord, you will know that he is good. Blessed are those who seek him. You, the people of the Lord, fear him, because they fear nothing of him. (Psalm 34:8-9)

## 32. Jesus Christ sacrificed love

The love sacrificed by Jesus Christ, the love of victory, produces three great truths.

Eph 3:17-21

17 In order that Christ may dwell in your hearts through your faith, so that your love may have roots and foundations, 18 He can understand the love of Christ with all saints, how deep and deep he is, 19 and knowing that love is too human What can be measured is what God is all about, full of you. 20 God is able to act according to the strength running in our hearts, and sufficient accomplishments are greater than what we ask for. 21 Let him be glorified in the church and in Christ Jesus until generations ago, forever and ever.

Amen.

One is the truth of the victory of Jesus Christ. ... He has accomplished everything that God requires. ... He met sin, resolved the difficulties of the world, defeated Satan, abolished death, and eliminated all negative things. He has fully won and completed God's will.

Far more than anything that is in power, power, energy, instinct, and all that is famous.

Not only in this world, but also in the afterlife. (Eph 1:21)

18 When Jesus came in, he said to them, "All the powers in heaven and in the earth have been given to me." 19 So you are going to make all peoples my disciples and baptize them in the name of the Father's Son. (Or give them baptism to the name of the Father and Son of the Holy Spirit.) 20 All whom I have commanded you teach them to keep. I will always be with you until the end of the world. (Mat 28:18-20)

The second major truth is the authority of Jesus Christ, the kingdom of Christ. Because Christ has already won, He has been established as Master of all things. All authority in heaven and earth has been given to Him. Not only that, He also had the Father's universe and Far country. Therefore, He has power, authority, and kingdom.

The third truth is that if we go out to preach Jesus Christ for the gospel, we will rejoice. The most joyful person is who gives Jesus Christ. If we sail on the ship that sails with the wind of the Holy Spirit to get the people, we will be happy and happy. Joy is forgotten.

The third major truth about Christ in the New Testament is the rest and enjoyment in Christ. Christ has accomplished everything in His victory, and has gained authority and kingdom so that we can enjoy in Him and find rest. ....

These three truths are the New Testament abstracts. As long as we stay in Jesus Christ, let everything be his master.

He obedient servant]. Everything we have will become new.

First, only God is new; anything that is far from God will become old and deteriorate. But anything that goes to God will change  
It's good to be new.

If anyone is in Christ, he is a new creation. The old things have passed and all have become new. (2 Corinthians 5:17) 2. The meaning of the renewal is to return to God, and there are things of God that are put into us, that we are in harmony with God and are one with God, and the secret of accepting God as our new blessing is Bring everything to God and let God enter everything.

So we are not afraid. Although the outer body is destroyed, the heart is like a new day. (2 Corinthians 4:16) 3. Joseph received a blessing of the universe, which means that it is full of blessings; our praises are all degrading curses.

Turn it into a blessing.

Eph 5:19-21

19 When you use the poems, eulogies, and spiritual songs, talk to each other and sing praises to the Lord. 20 In the name of our Lord Jesus Christ, we always thank the Father.

21 Also, in the fear of Christ, obey one another.

4. Joseph overcame his suffering because he had the power of God, the power of Jacob's power and fullness, and

Because he sees everything is the blessing God has arranged for us.

We know that all things work together, so that those who love God benefit, and those who are called according to His purpose. (Rom. 8:28)

### 33. Fighting for the Name of the Firstborn

Deuteronomy 20:1-20

The battle is related to the eldest son's name, because only by fighting can the eldest son be protected. We are fighting for the long

The sub-titles, if we do not fight, we will lose the eldest son's name, just as Esau would lose his eldest son.

Come 12:16-17 16 I am afraid that there is immorality, and there is a crush on the world like Esau. He sold the name of his eldest son because of a little food. 17 Later he wanted to suffer the blessings of his father and he was rejected. Although he cried out, he could not get the door and make his father's

Your mind will turn back. This is what you know.

Those who do not fight because of their houses, vineyards, spouses, or because of fear, will be victorious.

We don't have anything to enjoy. They did not fight and they would lose the birthright.

We must learn to trust God in fighting to preserve the birthright of the eldest son. With no strength or ability to fight. If we trust ourselves, we will not ensure that we can win in the battle. When we fight, we need to see that we are fighting for what God has given us. God has given us beautiful land, and we still have to fight with our enemies. We should not only pray, but also fight. In fact, war is not ours because God is with us and we fight for us. If the enemy fails, the land will be cleared up and become our industry.

The principle of this war is that God wants us to do something, but He does not want us to do it by ourselves. Fighting is our responsibility. We cannot fulfill this responsibility by ourselves. We can only believe in the Lord and fulfill our duty of battle. We must believe that the Lord has been ordained us to fight, and to fight for us. As long as we accept Him

and obey Him, we know that the result is Him. If we perform our duties in this way, the Lord will be pleased with us.

Whenever the Lord asks us to do something for Him, He does not want us to do it by ourselves. We cannot do what we mainly do in ourselves. ... I wretched to do this, and the Lord would say, "I have not asked you to do anything for me with your own strength or power, because you have no strength or power. I ask you to do it for me, I want you to Let me do it. Learn to believe me and trust me. I will do everything for you. As long as you are assigned to my work, I want to work with people in people. For this I need people and me. Cooperation. If you cooperate with me, I can do what I want to do." It is the Lord's delight not to rely on oneself but on the Lord to work for the Lord.

All of the things that the Lord your God has done to those nations for your sake have seen with your own eyes, for it is the Lord your God who fought for you. (Book 23:3)

One of you will chase after thousands, for the Lord your God will fight for you according to what he promises. You need to be extra careful.

Love the Lord your God. (Joshua 23:10-11)

Except for you (Jesus)

Who else can I have in heaven besides you?

I don't have any attachment on the ground except you,

Who can wipe my tears apart from you?

Who can bring me comfort besides you?

Although my physical body and my heart gradually declined,

But my mind, my spirit, and my soul are renewing every day.

The new God is my strength, divination and everything.

---

## 34. Three ways in the world

There are three kinds of ways in this world: One, ghosts [eat people], two, humanitarian [enemy], three, Shinto [save]. 1, believe in the devil worship idola - ghost road

The devil's principle for those who believe in it is that the more you respect it and worship it, the better it will be. The more it eats you, the more it will show you its evil and despotic power, and the more it will afflict you.

Example One: On May 5-12, 2008, do you know what day it is? Everyone will answer in unison: China's Wenchuan earthquake in Sichuan, but another important day is only known to those who worship idolatry. It is their largest Buddha, the Buddha Buddha. The birthday of the temple, the glory of the golden wall, and the monks carrying the pilgrims

to the worship of the Buddha "Sakya Muni" performed a great ritual. A sudden earthquake began, and the earth under the temple opened to eat temples, monks, and all worshipped idols. People then closed the earth and tossed them alive alive. Scary scenes, shouts, beep for help, tragic misery, and sorrow for sorrow, this is the devil's reward for worshipers, and worship of idols. The tragedies of human beings were brought into the burning lake of sulphur by the devil alive, where the devil was thrown into place, suffering forever.

The devil who deceived them was thrown into the sulfur lake of fire, where the beasts and false prophets were. They will suffer day and night and suffer forever and ever. (Rev. 20:10)

Next to the magnificent temple of Jinbi, there is a concise church that only uses cement bricks as the wall and is covered with cement tiles. There is no steel bar. At that time, more than 200 Christians prayed inside, the church was intact, and no one was injured. Jesus was holy and conservative. With such a sharp distinction between Buddhism and Christianity, when Premier Wen saw such a stark contrast, he believed in Jesus and soon published "Looking at the Starry Sky" at Fudan University in Shanghai.

Dear friends, do you choose Jesus to save you in front of you, or choose the devil to eat you? If you choose Jesus, please pray now and say, "Lord Jesus, I will now choose you to be my Redeemer, and cleanse with your blood." My sins give me the new life of Christ's resurrection, giving me faith and trusting you in the end. Give me love, love you in the end. Give me the spirit of the gospel and bring my loved ones and friends to you. Trust in you, love you, and give yourself to you, Lord Jesus! Listen to my prayers. Amen!

Example 2: Everyone has seen the Journey to the West. The best thing for the monsters is the Tang dynasty. The monster to eat is the Tang dynasty. So whoever wishes to worship dragons, snakes, devils, Satan, and its visible idols will become their food. The Bible says: The devil is looking for people who can eat and eat, that is, those who worship demons and idols. (1 Peter 5:8)

The devil, like a fisherman, gives you a little benefit outside, acts as a deterrent to fish, and puts you on hook. It is to hook you from the living water that feeds you, and then you must peel your skin, dig your heart, and put it in oil. Fry and eat you. This is "ghost road, eat human".

Example 3: The devil has to deal with poisonous injuries and live on the earth for five months. Rev 9:1-6,10 1 The fifth angel sounded the trumpet, and I saw a star fall from heaven to the earth. The key to the bottomless pit was given to him. 2 When he opened

the bottomless pit, he smoked from the pit like a smoke from a large fire. The sun and the sky are dark because of this smoke

Now. 3 Some locusts come out of the smoke and fly to the ground. Ability to give them as much as the power of the earth. 4 And they were commanded to say that they must not harm the grass of the earth, and every kind of green thing, and all the trees, God imprinted person. 5 But do not allow the locusts to kill them. Just call them suffering for five months. This pain is like the pain of a blind man. 6 In those days, people demanded death and they must not die. Willing to die, but to avoid them. 10 There is a tail like a scorpion. The poison hook on the tail can hurt people for five months. Example 4: In the end, the people who worshipped the beast and the image of the beast were thrown together into the lake of fire and were suffering and perpetual. This is to worship the devil, and worship.

The idol "polytheist" believes in the destiny of people.

Rev. 14:9-11

9 Then there was a third angel. Then they said in a loud voice, If someone worships the beast and the image of the beast, he is imprinted on his forehead or in his hand.

10 This man will also drink the wine of God's wrath. This wine is pure and unmixed in the cup of God's wrath. He will suffer in the fire and the sulphur before the holy angels and the Lamb.

11 He took up the painful smoke until it was forever and ever. Those who worshiped the beast and the image of the beast were impressed by his name, and they could not rest peacefully day and night.

2. Believe that fate is in your own hands - humanity

Atheism, but I only respect, they know that there is a God, dare to betray God, denying God's existence, dare to fight with heaven and dare, slogan, "Man wins the heavens," claimed to be God. They are against the true God and against the true God. To overthrow the true God, we must establish ourselves as God. I think that we can control our own destiny. The person who knows what is going against the wishes and what is counterproductive is known to fall into the underworld and go deep into the pit. [The hell is the most painful place]. Because this is the destiny of the enemy against God.

You have said in your heart that I will rise to heaven. I will lift my throne above the stars of God. I will sit on the hill of the meeting. In the extreme north, I will rise above the high clouds. I want to be equal to the highest one. However, you must fall into the grave and reach deep into the pit

Department. (Isaiah 14:13-15) The atheistic tyrants of the past have all exalted themselves and claimed to be God. But their ultimate result is not God.

It fell under the judgment of the eternal God, and came to the lake of Hellfire in tragic misery. It was the most painful place and the suffering of eternal punishment. As a result, you still cannot control your own destiny. Sad too!

All who resist the true God and exalt themselves are very poor and even starve to death. The atheist founder and his wife and daughter are starving to death. In the Soviet Union whose country was founded on the theory of persecution of Christians and Jews, ten acres of land could not afford ten kilograms of vegetarian dishes. Many people died of starvation, such as Lenin's improvement in life for Christians and Jews in 1918. Also good.

The same is true of China. From 1949 to 1958, all Christian activities were prohibited. The official church is no exception. More than 50 million people died of starvation from official figures from 1959 to 1960. Now North Korea is still persecuting Christians. Therefore, Kim Jong-un said: For me, it will take three years of hard work and give the people a soup with meat. For me, rice is more important than bullets.

God works according to the principles of His speech. As soon as they relax the persecution of Christians and bless and treat Christians and Jews, life will be immediately better.

For blessings, I will bless him. Those who cursed you, I will curse him, and all the nations of the earth will be blessed by you. (Gen 12:3)

In fact, this enemy's stand against God is the incarnation of Satan. Because Satan means the enemy of God, he is punished with the same punishment as Satan. Alive was thrown into the lake of fire burning sulfur. (Rev. 19:20)

Blessed are those who leave the enemy and turn to the living God!

3. God loves and believes that Jesus is the only way to save people

The true and living, supreme, unique, truest, most righteous, and most beautiful Jesus is the best and the only blessed one.

There is no rescue other than him, because there is no other name in the world, and we can be saved. (Acts 4:12)

Regardless of how we used to harm the Lord Jesus, against the Lord Jesus, and stabbing the Lord Jesus, as long as you are willing to stay in the Lord Jesus,

Isa 66:24 And they shall go out to observe the corpses that are against me. Because their worms are immortal, their fire is immortal. All who are bloody will hate them.

In your crucified cross, so long as you say, "The Lord Jesus delivered me, and the Lord Jesus forgiven me, washed away all my sins with your blood, and gave me new life. I will need you forever!" You do not want you to leave His sorrow, because He is kind to you and will love you with unparalleled love. With no added love, it will affect you. And you pack your life with the most beautiful life, and nourish you with all-inclusive spirits. In Jesus, you become an invaluable treasure and "pearl." Let us become new women and new people and bring us into the new heavens, the new earth, the new Jerusalem. Enjoy Christ as our most beautiful groom. Match Him and live the holy and sweet happy life forever and ever. Amen!

---

### 35. Advocacy of the Caller's Virtues

Only you are a chosen race, a royal priesthood, a holy nation, a people of God, who will proclaim you the virtue of calling you out of darkness into His marvelous light. (1 Peter 2:9)

When I was in prison, I was surrounded by snakes, crickets, and insects, and numerous poisonous mosquitoes.

In the dark and moist cave, with the presence of the Lord and the observance of the truth, we could continue to smash the cup and drink a cup to commemorate the Lord's death, resurrection, and ascension.

Also come again. Thanks to the Lord's fullness and joy, I can still sing and sing praises. When people watch their fast turn, they may be robbed.

Still continue to exalt the name of the Lord Jesus and use various methods to preach the gospel of Yang. Satan wants to devour us. God does it through Satan.

Instead of sacrificing Satan, this is God's power and wonderful miracle.

The church, the children of God, are a thorn on the ground. Whoever wants to touch us is like a thorn with his feet.

It is difficult for us.

Leaving himself and pushing him, he only puts himself on the altar. The fire appears here. The path of the cross is to sacrifice, to sacrifice everything to God...

Oh! The most important thing is to please God. The eyes of the Lord are like the flames are watching us. What is a man? Why should he control him?

Tired. May the witness of this fact motivate the children of God to always exalt the name of the Lord Jesus and at all times not to reject the Lord's

Name, because everything is rich in Jesus Christ. May God be glorified!

We have to get it in vain and we must spread it out in vain. Let's say that our ministry cannot be professionalized to receive salaries.

A professional salary, this kind of ministry is bound to degenerate. We need to exercise faith, live by faith, believe that

As for the sparrows, He must also look after us.

All careers on the ground are our sideline jobs. Only passing Jesus Christ is our true profession.

Dear Lord Jesus, I do not know how to sing praise of your true love. Because of your sweet will guide me to go to jail twice and preach Jesus as the Gospel to those who are desperate. Father, no one can open the door you closed, and none of the doors you open can be shut. It was you who called me into prison, and you called me to be prisoner. Your name is to be praised! It is you who make me and make me. You are a Tao person. I am a clay, you make me, make me, lead me. Through such a difficult and precious path, the world has seen with one's own eyes that your loving kindness and mercy to those you love.

I also personally experienced the leadership of your loving kindness. I saw how weak I was. I could leave without you. I could do nothing. In these two imprisonment, it is your love and my enjoyment. Relying solely on the Lord, up to the Great Day, Guanghua shines, there are cloud pillars shining during the day, and pillars of fire are wonderful at night. The half-empty warehouse, facing forward, the Lord revealed that the journey took because my God has drawn up the time and brought me into the glory. The Lord's elect, my journey is to be ordered by my Lord, and He will take me there and go there.

He will set my schedule. I will act when the Lord commands me. Lord, give me a humble, obedient heart and completely surrender

In front of you, respect you as the Lord and consecrate you as holy. May the Lord's will, and let Christ form itself in me. I wish all this time

Glory you all to meet your heart. Add time to eat maggots and crickets. Tell me to love you and love you

The heart is better than love everything, love only you in the heart, willing to be your crazy lover!

---

## 36.The lions of Judah (109)

### I. Advice and Blessings

In the garden of Gethsemane, on the cross, when the Father God bruised him with anger, the Lord knew that he had never sinned. This pain was not what he should bear. But his love says, "It's not me, it's my people who are going to take it all, and it's like this, let me bear it for them." This is a stronger love than death! 2. In Christ, you can Blessings come from trials; you can understand that what you have obtained is thousands of times greater than what you have lost. God has deprived you of your free space to accommodate the blessings he has given you. 3. To learn to be brought to a point where you can say to the Lord: "Lord, I really willingly took your cross and was willing to endure any loss. If God beat me, I would also take down and kiss him. My whip." When you reached this point, Satan would be helpless to you, and nothing would shake you. 4. He must boldly say "Amen" to God's arrangement. When he is weak, he says, "When you are sad to say it in tears, you don't want to say that." As long as the will is surrendered and the mind is willing, one day you will realize that the path of God is the most wise and the most beautiful! 5. If we want to appeal to people, if we are not satisfied with us, we will immediately call our path unfair. . 6. We must be led to a point where we understand that everything else must cause us to be disappointed. Then we can say, "Only Him!" 7. In a love, you are always a loving child; there is a pair of nails. In the trace, you are always the object of being supported; in one sacred service you are always the anointed holy vessel; in the eyes of one kind of love, you are always the best! 8. Every day, you look around, It seems that I am your only child; every day, you listen to your ear, as if there is no other prayer in the world. How many unsuspecting afflictions, how many tears did not fall, I found you know, you all know. I am willing to accept every environment from your hands. This is what I need and it is good for me. I am willing to surrender myself and trust your good intentions. You are always good and all is love! 9. All those who desire to live in the Temple must prepare to rebuke or pluck the world, die to the omnipotent ambition and tactics of the flesh, and indulge or exalt their life. Death, even joy and consolation to religion! 10. If anyone dares to embark on the path of separation with the world, cut off all the help from the creation and the self-starting effort, and be content with walking with God, he will discover The supply of the Almighty can all be drawn from him, and it is never exhausted! 11. We always like to say, "God is everything to me!" However, if we do not experience a situation of nowhere, how can God truly become everything? We need a melting pot, a grinding wheel, a deeper work of the cross, and take us to a place of nothing. 12. The "best" that God gives is not what people love best; if people know it, there will be no complaints. He is using death to give his life.

13. If the things that take away your love are not hit, your love for God will not increase.

14. My dear Jesus, my Savior, is so deep in my heart that I believe that if my heart is torn to pieces, there will be the name of Jesus in every piece!

15. No matter how treacherous the environment is, do not depart from it. The narrow path of obedience; even if there is no comfort, you must remain firm and unwavering; the slightest compromise at first makes it hard for you to overcome to the end; look to God's heart, do not have the slightest hesitation!

16. The greatest project of God is to build on people. The foundation of "nothing" must be demolished before he was built. When he wants to build his temple in us, he will completely demolish the imaginary house that was constructed using human skills, and from these broken tiles re-establish all that is of God.

17, poor people, why are tired because of unnecessary trouble? Go to your heart to find God, your difficulties will be resolved immediately.

18. We expect to show buds in the garden through cultivated plots of land. God let the wild flowers burst into full bloom in the wilderness. We expect the trickle to flow into rivers, but God will break through the cliffs and let the giant springs spring out of them. .

19. Our God longs to prove his faithfulness and power to His people. He waits for the human heart to leave the world and return to Him completely, and open His doors to receive His grace. All who lose everything will have everything.

20, ministers must have three thick, thick skin, thick belly, thick feet, meaning: people are not to look down on do not think what a sad thing; what to eat is not picky; where to go.

21. How do I know that I met God? Whenever I become dust and dust, whenever I give up everything and turn to him, he becomes everything to me. He is all, I have nothing, and at this time I know I have met God!

22. The way the Holy Spirit guides the gracious, is always to enter the richer life through the cross. Through the deprivation of the cross again and again, the Lord's glory and beauty are gradually revealed in us!

23. The day when God's eager desire to say "No" is the day when you leave babyhood and begin to thrive; dark clouds Covering all your days of hope, it was the day when you first discovered that the eternal stars were shining on your horizons; the day your beloved Joseph was taken to afar was also the beginning of his ascent in Egypt! She must be cleansed, so she is separated from everything she loves.

25. If you are to be used by God, you have to experience many things; not only for the sake of oneself, but to make you a vessel of God's hand. People always want to take short cuts, but God's way must be the long road of suffering!

26, God's family will always need some stones sinking in the river as a foundation.

27. Although the God family has many things to do, God only cares about the right people; an unclean person cannot truly bring the blessings to others.

28、Jerusalem—Death was started on Stephen, and the life was launched on Paul.

Lysander died on Paul and was born on the body of Timothy; the torch was relayed like this! 29 In the most humiliating manifestation of the greatest glory, the greatest ability in the weakest manifestation, the greatest wisdom in the most ignorance, this is the cross!

30. If you are bewildered by the way God has treated His children, you are deeply conceived by the great darkness. Believe in the wisdom that has never been wrong; When you know that you have experienced the great darkness of Calvary and even sent out the mourning and mourning of Christ, you are walking through the valley of the shadow of death until you see the sunshine shining on the other side. Who among you walks in the darkness without light? Let him trust in the name of the Lord and rest in God!

Second, blessing encouragement

31. God's life as defined by the Christian is a life full of happiness and complete rest, a life that is not thirsty to the world, walks outside of sin, and anything other than God cannot touch without affecting the life that cannot be shaken! 32 If you can't stand the grinding of the cross, then you are useless in the Lord's hands. Only the Lamb is soft. Your unchanging attitude should be: I will willingly leave the cross! 33. When the believers reject themselves and turn to God, In order to imitate Christ, the Holy Spirit is trained in a special way. If believers can truly obey God, the Holy Spirit will gather every line of pain for woven into the image of Christ's life and glory. 34. Obedience to God is a sweet yoke that brings us into inner peace. Close your eyes and act on your beloved, do not struggle to see the road ahead, or seek to know where he is going to lead me, and simply obey it in the interest of God! 35. You seek those who walk deeper with God! His presence is yours. Put everything down and put it into love. Your Lord will not only return you to him for laying down, but also increase your ability to love Him more earnestly. 36. Our greatest ministry is not how much we can do for God, but how much we can die. People often work for the Lord to replace the love he should give to the Lord. So the Lord said to Mary, "What she did to me is a beautiful thing!" 37. Our only duty is to stand in God's In the plan, to use our presence to envelop our hearts, we often open our ears to his eternal assurance "I am with you" so that we can stand up like columns in the temple. 38. Who knows God? Give Isaac, and ask for it as a sacrifice! But Abraham knew that if Isaac had given him God, he would not be able to grasp and struggle without his own desperation. He would only willingly offer his heart and rely on God's faithfulness. 39. When people see the way to blessing and trust, this is one thing; when people see the hopelessness of the way ahead, they still trust. This is another matter. There is Isaac and there is no God. Everything is in vain. There is God and not Isaac. Everything is still there.

40. The suffering heart is: In the matter of ministry, sorrow I still do the same, and it is difficult for me to do the same. I also do the same. If you are afraid of anything, Satan will give you something and you will fall. Therefore, I must be the Lord, no matter what the future is and no matter what happens. 41. God valued the people he had made so much that he would rather risk your violation of his danger and give you freedom. The price he pays you for freedom is that in the future he wants his son to be crucified to repay you for the sins you have committed in the abuse of freedom. 42. Among those who thought they loved him, in the end there were a few hearts that were fully dedicated to him without reservation. 43. God gave people the greatest honor, not to give him the biggest thing. It is the greatest thing to him! 44. With the scars left on the body by those who believe in Christ, the Lord can recognize who is the true disciple of this world.

45. In the face of all sorts of choices, can you hand in a qualified answer sheet, saying that you can only say "only Christ, don't choose"? 46. Although we do not want to lose everything we love, nothing happens. In the Psalms, you see that many people have been brought into the darkness--destructured and rejected; on them, God has received praise. God does not have singing voices when he faces the land of Canaan, but he also wants to have praise when he is in the shadow of death. 48. No one can forgive even more than Jesus; so when we forgive those who hurt us, we It is more like Christ than ever before. Forgive someone else's transgression to give you a chance to shine for Christ! 49. The eternal God only has the most suitable starting point after the death of the person's bloody behavior. Man is filled with the vision of the resurrection of God. His blessings are limitless, because God, who raised the dead, can do all things. 50. The secret of our grace, the positive aspect is to always follow the Lord and pursue the Lord diligently. On the other side, we no longer substitute the Lord for the Lord and never seek our satisfaction from the world. 51. All the experiences of believers are to teach him and let him know how he needs Christ and let him see how He was away from the grace of Christ. Only those who have tried and who still want the Lord will be counted as having this experience! 52. My joy was bought after major trials. Now that I have this satisfied joy, I feel that the price I paid is low; if I have not already had this joy, I would rather endure thousands of times more pain to get it! 53. When Jesus does not care for us When speaking, all other comforts are worthless; as long as Jesus spoke to us, we would feel great comfort. When Mary heard: "I have come, tell you" is not hurrying to get up from where she wept? What a blissful moment! Jesus calls us, and our tears will turn into spiritual joy. We would rather the world oppose us, and we should not want Jesus to be sad for us. 54. If a person understands what it means to love Jesus and is willing to look

down upon Himself for the sake of Jesus, then he is blessed! If a man does not seek Jesus, he will suffer more harm than the whole world and all his enemies. Big!

55. The more we humbled and fell, the more we felt that there was no hope other than God's mercy. We will only be filled with hope that every time we practise and wait, and no matter where we are, we all believe in his compassion. 56. God always brings us to the humblest condition and makes us fall. Empty disappointment and nothing. When we fall into total helplessness, the living God will show us in His omnipotence, and let us learn to trust Him alone! 57. Faith is to admit that he has nothing, is weak, helpless, and therefore surrenders to God and waits. God made everything. Nothing is required except for the grace of God's grace. The more humble you are, the closer he will be to you! 58. Suffering is not an end, glory is the purpose, demolishing is not an end, construction is the purpose, the cross is not the purpose, Christ is the purpose, discipline is not the purpose, and God is the purpose. The characteristics of the vine: The use of a single, in addition to the results of the child, useless; both at any time to support and require a lot of pruning. Don't you trust the hands with gold shears? There are still Calvary nails on the top! 60. The wick says: "I only smoke and burn, but when I dip in the rich oil of Christ The light of his glory will shine through me. There are only two things I need: oil and trim, give me these two, and I will burn until the end!" We are all weak like a wick, but as long as the Spirit is God The fire is lit, and our shortcomings cannot hinder me Blessings 3:61. Our Lord will detect unusual beauty in the very hopeless people and draw it out—to see Peter in Simon, to see Israel in Jacob, and to see Paul in Saul. And tell them what they saw. 62. Man has only weakness and sin, but when God is willing to create this man and make him one with himself, he will change like Christ. Who would dare to say that God can't do this kind of love to man as he pleases? 63. God likes us to communicate with him. He wants to give you countless grace, so that you have to be forever He lives with. He seems to fear that when you go back to love the world, you will surround you with rich grace. 64. Everything that has been left to follow the Lord is not lost. It is mainly to make them seeds, and to bring back a hundredfold harvest. 65. No experience in our lives is ignored by the caregiver who never sleeps. Nothing was involved with the never-weary shepherd. Who can make us separate from the love of Christ? 66. Many people who follow the Lord have also had a good beginning. They have a lot of love for the Lord because their faith cannot see the glory of the Lord beyond the difficulties ahead. It is heartbreaking to retreat halfway through the journey! Only the faithful love of the Lord will enable us to overcome the happiness and hope of this world, to disregard our personal future, and to faithfully follow the Lord! 67. A person who is

devoted to the Lord is to believe God's promise is a reliable one; a person who concentrates on following the Lord believes that because God is with us, we are full of victory! 68. His lover puts him in his heart as an imprint, and puts it on his arm. Stamp, because his love is as strong as death. His most

Sadly, his lover lost his first love and lost his pure, clean heart.

69. A faithful person always looks back on the promises of the Lord and on the other side looks down upon the difficulties. 70. Confidence allows God to determine the earthly industry, and it also allows God's good intentions to be fulfilled and satisfied with God's giving. 71. The most loyal service people have on earth is that they are separated from the world. The roads that are holy are the way to get power, and they are also safe and blessed. 72. Let others enjoy happiness and glory, but I only want to suffer for Christ and unite with Him. What fears and unhappiness do you have for an absolute inclination toward God?

73. Prayer is to raise your heart and look at the heavens. It is the cry of love and thanksgiving. 74. How narrow is the path of the introduction of God's life! How can a person be so small that he can go through this path? Oh, there is no other way except to die! 75. The biggest secret to overcoming temptation is to say "no" to all the devil's proposals - to reject it without thinking, so that it can no longer be Below. 76. God is willing to give Himself to us more than we have to obtain His heart! 77. Every difficulty is coming, not only after God's permission, but behind every dilemma, God has already prepared one for us. Beautiful ending. Whether or not we can get this good ending depends on whether we can still believe in obedience in suffering. 78. The Lord showed you that he could not, and he did not want you to be discouraged; the Lord showed you that he could not, but he wanted you to know that the Lord has a good opportunity for you today. 79. Don't be afraid to tell him that you love him, although you often think that you love him too little. 80. Let us keep getting smaller, smaller, and smaller to the point where anyone can take us down and we don't feel pain. Do not spend your time on troubles, not on the Lord. 81. If a heart has already been occupied by human love, how can it be tightly united with God? 82. The life given to us by the Lord is a transcendental life, so when people have no reason to be bad, I can treat him without reason. This life needs persecution and bitterness. The more powerful the persecution, the greater the power of God's life. 83. If there is a great trial in your life today, don't be discouraged. Continue to use faith to proclaim victory through the Lord who can make you more than worthy. In all the hardships God has permitted us to enter, God is creating opportunities for us to learn lessons in faith and to glorify His own name. 84. Please meet God in your

present arrangement and serve it in everything that comes to you. God has a very intelligent plan for his children, so let go of his limited views and obey God's arrangement.

85. We should achieve a purpose that is to be a full worshipper today, as it is in eternity.

86. If your heart turns to things in the world, you will soon drive away Jesus. If you drive him away and lose him, who will you defect to and who will you call for as your friend?

87. Every experience that God has given us, every one of us brought into our lives, is the best arrangement he has made for our future. 91. If you have good health or disease, if

you have more than enough, or you don't have enough, whether it's good or bad, it's too small; because the Lord in us is so glorious, so rich, so precious. Because of this, it all becomes irrelevant. 92. Aspire to be a true Christian—I will not do anything that I cannot

ask the Lord to bless; I do not want to go anywhere where I dare not ask the Lord to go!

93. Sorrow opens our eyes We can see the vision in the temple that cannot be seen by those who have never cried. The sadness leads us to ascend to the mountains and show us the beauty before us. It is impossible for those who dare to climb the cliff to see it. 94.

We can endure hardship in the world because the Lord has already died for us. The Lord will come again. The love of the Lord behind me inspires me. The hope of the Lord ahead of us leads me! 95. When the child brought the cake to the Lord, what did the Lord do?

He took them away. God often breaks things for him, but after he breaks it, he blesses and uses it to meet people's needs. 96. The Lord Jesus is searching for those who still

faithfully love Him when He hides Himself. Although the Lord hides himself, you should still wait in front of him and talk to him about your passionate love for him! 97. Make

everything around you a piece of debris. Mark your body with a sign of pain and let you The soul hurts, but let your spirit not be touched by all this!

98. You, your lazy servants, should be blasphemed! The world rushes toward destruction, and you work even harder than you ran to life. The world is more joyful in the void than

you are in the truth! 99. My God is also my everything! What else do I need? What more happiness do I have to pursue? However, only people who love this statement feel at

ease. 100. The faith in Christ is enough to overcome all the changes and unfavorable circumstances in the journey of life. The blow of the disease, the persecution of pain, all

before his authority, all fled in the wind, as if darkness had completely dissipated in the light of noon. 101. When the shepherd heard the song in the night, he went to find Jesus.

The banned pawn heard the song at night and repented of the Lord. So let us sing praises to the Lord at night--the dark hour! 102. Are you afraid to refuse to put yourselves into the

arm of Jesus' love? This arm is greatly raised on the cross. It is to accept you. 103. If your dedication is true to God, if you are honest, God will deprive you of everything and make

you the only one left. All natural relations must be cut off, all die, and then re-emerge in a new situation of resurrection. 104. After each persecution, it is always possible to discover the fact that it is much easier to make a martyr than to make a change! 105. I once ignorantly and honestly said to the Lord: "As long as you, nothing else." At that time I did not know that there was too much in my heart to replace the Lord. The Lord worked patience and took everything in my heart in the same way as his things, until nothing was left, but left the Lord in sight. 106. If you don't use this day to love God, you lose this day. 107. How glorious is God's way in us! God does not mean to let his children suffer, but only to mature us; he allows trials, but only in our glorious plans. complete. May the purpose and plan of the Lord be fulfilled in the lives of each of us. 108. As Christians, there is only one dream: Christ has become glorious hope in us. When we surrendered ourselves to the Lord and said, "Lord, I am willing to be deprived, dealt with, broken, and experienced death," this glory will come. 109. When you truly want to give yourself to the Lord, the life of Christ in you becomes so real, so powerful, so consoling that you are like a dreamer, and even you are full of laughter and fullness. Cheers

---

## 37.Miracles

### Part IV The Spirit of Suffering and the Spirit of the Martyrs

God's love does not love us until we are born, but we love us before we are born. It is before the creation of all that God loves us. Because of this love, God created everything. God created the heavens in order to give people enough space; God created the earth and gave people a place to live; God created all things and gave people a rich and colorful life. God created people in accordance with their own image and style. It is for us to be His treasures; the flesh in the flesh; bones in the bones. Let us share God's own image and style in order to become God's own species, multiply, manifest, and glorify. You see, God's great love! Let us make these small people gods. There is no greater miracle than this! My heart, always thank God for praise! In the universe, only God is love. Eph 1:3-6 3 Praise the Father who is the God of our Lord Jesus Christ. He has given us all spiritual blessings in heaven in Christ. 4 Just as God had chosen us in Christ before setting up the world, we were made holy before Him and there was no envy. 5 And because of our love for us, we were justified by our own will, and we were convinced that we received the name of our son through Jesus Christ, 6 and praised his glorious grace. This grace is given to us in His Son. Love here means that God loves the love of His chosen ones, and that God's chosen people love His love. The people chosen by God are

In this love, in this love, be holy before Him, without jealousy. God loves us first, and then this divine love stimulates us to reward Him with love. In such a loving situation and atmosphere, we are soaked by God, become holy and have no envy, like Him.

My life is the miracle of God's love for me. It is the trace of the love that God has passed through my body. This is called a miracle.

This greatest miracle is the love of God. He loves me and gives himself up for me.

Therefore, everything that belongs to me is the Lord, and the Lord also becomes mine.

How He Loves Us, How We Love Him, In Love, We Become One with the Lord. In this sacred love, we become one with our brothers and sisters and become one with the church. In this sacred love, we are changed, such as Simon Peter, from earth to stone that builds the church. (Matthew 16:15-19)

It changed from stone to live rock to build a spiritual temple. (1 Peter 2:4-5.)

It was finally changed into the twelve foundations of the new city of Jerusalem (Rev. 21:14) and twelve types of precious stones (Rev. 21:19-20).

When we are to be built into the New Jerusalem, we must be changed in divine love, from earth to stone. Changed from stone

Living stone. From the rock of life, this love is transformed into the foundation and jewel of the New Jerusalem.

Father, I am there, and let the man whom you gave me be with me, and let them see the glory that you have given me. Since you created the world, you already love me. (John 17:24)

I will not leave you orphans. I will come to you. (John 14:18)

Personal experience of God's miracle:

I came to me in love when I had not yet known Him, against Him, and against Him. When I was 12 years old, I was drowned before being pushed into the pond. After being rescued by a 60-year-old man, the parents put my dead man on the back of the cow to press water and heat, and prayed for me every day and night. Then he miraculously came to life.

Once again, when I went to build a dam on the reservoir, I became a volunteer worker.

Suddenly there was a big rock on the mountain that came to me where the man was.

When everyone saw the danger of screaming, the Lord caused the stone to fall over my head!

2. After I became ill and healed, for the church and my own needs, I started doing business at the age of 17 [business] until now, (the service is my business, my business is my sideline), which made me feel the most Understand the principles and principles of

God's work. When we love the Lord to listen to the Lord and follow the Lord's will, the Lord will make us blessed and blessed. Do not make ends. This is true both in church service and in social life. Originally it was not our blessing. The Lord also sent it to us. This is the rule of the spiritual lover and the actual life that my spiritual lover has experienced. Therefore, love is the most important thing. In the eyes of the Lord, God is also the most precious.

Shen 28:2-13

2 If you listen to the Lord your God, this blessing will follow you and come upon you. 3 You will be blessed in the city and blessed in the field. 4 You will be blessed when you are born, from the land, from the livestock, and from the calves and the lambs. 5 Your blessings will be blessed in your basket and your enamel basin. 6 You are also blessed and you are blessed. 7 When the enemy rises and attacks you, Yahweh will cause them to be defeated by you before you. They will attack you from one way and will flee from the seven roads. 8 The blessings of the Lord's commandment will come to you in everything in your barn, and in your hands. The Lord your God will also bless you in the land that is given to you. 9 If you keep the commandments of the Lord your God and walk in His ways, He will make you your own holy people according to the oath that you have made to you. 10 When all the people of the world see you in the name of the Lord, they will fear you. 11 In the land that the Lord swore to your fathers and promised to give you, He will make you what is born of your body and of the animals from your livestock. 12 The Lord will open up the heavenly treasure house for you, and rain on your land in time. Bless you with everything you do. You must lend to many people, but you will not lend to them.

On the other hand, if we don't love the Lord, we don't want to obey the Lord's words, walk in every way, be friends with the world, indulge passions,

It is the blessing that God will give you. It will also be used to confess to other people. For example, the name of the firstborn Reuben will be assigned to Joseph. We have the blessing,

It will become a curse. How poor is it? This is God's principle of doing things, and it is also called the law of God.

The same is true for the money we are pursuing. We have an old saying: Copper coins, eight legs, two legs,

Flying can not catch up. Whoever God is to give to whom, I am not the owner. All blessings and curses, only care about our love

Do not love the Lord, do not listen to the Lord, and do not obey the Lord's path. Love the Lord or love your own life.

Shen 28:15-22

15 If you do not obey the voice of the Lord your God, and do not observe all his commandments and obedience that I command you today, the following curses will follow you upon you. 16 You will be in the city Cursed and cursed in the field. 17 Your basket and your laver must be cursed. 18 You will be cursed when you are born, from the land, and from calves and lambs. 19 When you go out, you are cursed and you are cursed. 20 The LORD forsook you for his wickedness, and in all the things that are in your hands, he will make curses and persecute you, and the punishment will come upon you until you are destroyed and you will soon be destroyed. 21 The Lord will afflict the plague on you until he has exterminated you from the land in which you have entered. 22 Jehovah will attack you with sickness, fever, fire, malaria, swords, dry winds (or drought). This will chase you until you perish.

3. Once again, I did business from Zhuji to Zhangzhou and entered the mountains and forests. When I lost my way, I was already very scared. I suddenly saw a graveyard with a demonized woman who was naked, spread her hair, and yelled in the graveyard. Jump to and fro. I have never seen such terrifying scenes in my life. In this distress, I yelled to Jesus for help and Jesus saved me. The woman attached to the evil spirits heard me call Jesus and reluctantly left me. Go far. But when I lost my way and I was not sure where I was going, I prayed for the Lord to show me the wrong way. When I finished my prayer and opened my eyes, I saw a white-haired old peasant and I asked him to give directions. After he told me how to walk, I couldn't see him again....

Whoever violates your command and does not obey everything you command him, he will surely die. You just have to be brave. (Book 1:18)

4. Once again, I rode a bicycle across the bridge. I didn't pay attention. People and bicycles all fell off the bridge. I think that one would die without a doubt. Then I anxiously called Jesus to save me. Who knows that there seems to be an invisible hand in midair? When I took it back to the bridge, I felt puzzled at the time. How did I get rescued from the bridge?... But my bicycle has been scrapped and scrapped and I can't use it again. Psalm 91:11-12 11 For He will bid His commandments for you to protect you in all the ways of your way. 12 They will hold you with your hands, lest your feet touch the stone. 5. In the Spring Festival of 1977, my only child, Hu Weirong, was two years old and was in great pain in the New Year's Eve.

Our couple had to abandon their eldest daughter and second daughter and send her son to the hospital. His son was sore and crying all night and his life was in jeopardy. Doctors

are helpless, I do not know what the disease is called, but I do not know what medicine to use? So toss until daylight no results!

On the first day of the first lunar month, I want to lead a special gathering. No one can replace me. Did I and my wife lead the special party together or look after our life-orphaned son in the hospital? I was extremely distressed. Should I take care of God's home? Or take care of my own son? Choose from death...

God wants to love Him and give Him your loved ones. If God wanted Abraham to do something and give Isaac, I couldn't think of God's people who asked me for this little letter today! I couldn't stand it anymore. I cried... crying so sad, but the Lord said to me : "Children who love me more than me are not worthy of my disciples." I wonder why the Lord was so cruel to receive my only begotten son? I would never give up... But the Lord also said: "I lost my soul The life of the soul will be saved." I said, "Lord, I will go." We wept and wept with our critically ill son and took the hospital and led the special party. The brothers and sisters prayed sympathetically for my son. I preached the story of Abraham offering Isaac in tears. All the brothers and sisters were greatly moved, and they all cried and prayed happily, willing to sacrifice their favorite Isaac to God. The entire meeting was shaken and filled with the Holy Spirit. My critically ill children did not take medicine and injections, but they were treated miraculously until today.

10:37-39

37 Loving parents who love me too much is not worthy of my disciples. Loving children who love me is not worthy of my disciples. 38 He who does not carry his cross and follow me is not worthy of my disciples. 39 Those who have gained life will lose their lives. Those who have lost their lives for me will have life.

11 For he will command his angels for you to protect you in all the way you go. 12 They will hold you with your hands, lest your feet touch the stone.

6. Another example is when my youngest daughter, Hu Rongmei, was three years old in 1981. One day, I took a bicycle and took a family of five parents to go to her parents' house. Who knew my little girl would slide down the front and I couldn't brake downhill. The four of us drove past and drove people from her stomach and we were overwhelmed by this sudden incident. We thought that my daughter was riding down in the car of the four of us. I was waiting for me. When my car was rushed to pick up my daughter, my daughter had already cried. Thank God that my daughter was not dead. I was busy with the Lord and did not bring her to the hospital. She was still safe until today.

We have taken care of the healthy growth of God's children and the Lord has kept my children safe from harm.

## Poetry 91:11-12

7. Another example is my youngest daughter, Hu Rongmei, who was four years old in 1982. It was a party at TianJing Tang. At that time, all the information was given by me and I was given a lecture. My sister-in-law [wife] taught to sing poetry and maintain the clubhouse. The service of the project, so we all have children even attended the party. But we both have no time to care for children...

No one knew that the child had climbed upstairs to play, and my little daughter fell dead from the upstairs with her head down. I hurriedly stopped and preached and ran to pick her up. She was already bleeding and bleeding.... Because of the gathering of hundreds of people, we couldn't get out of the hospital and we had to use our clothes. She wrapped her head and used Yunnanbaiyao to stop bleeding for her. She prayed together and said, "Lord! Give your daughter to you!" She took her to the Lord whom I believed in, and ended up at the end of the meeting. She came alive, and We can also walk and we don't have time to send her to the hospital because the big gatherings around the world are waiting for me. I can only trust my loved one with my family.

## Pass 20:9-12

9 There was a young man named Jütku, who sat on the windowsill and was sleepy and sleepy. When Paul spoke for a long time, the young people fell asleep and fell from three floors. Lifting him up is dead.

10 Paul went down and fell on him, hugging him. He said, "Do not panic. His soul is still there." 11 Paul went up again, licked the cake, ate, and talked about it for a long time until it was light, and this left. 12 Somebody brought the boy alive and received comfort. Because the spiritual law is that we turn to the Lord and the Lord turns to us. When we take care of God's home, God takes care of us.

Family. We take care of God's rights and God takes care of our needs.

Hu Meiling, the eldest daughter who grew up in suffering, is five years old and can help me to do housework, cooking, and cooking. She is very sensible, and sincerely respects her parents and she has no complaints. After I was jailed on May 28, 1998, I was taken to live in her home in Shanghai.

Every day, I personally burned a chicken for me and added red wine to treat my heart disease and healing. The Lord also greatly blessed her. From my stay in her home, her industry more than doubled every year. After she opened Gospel Redwood Furniture Company in Beijing, her business was very prosperous. A sudden accident in 2007 caused my daughter to suffer very serious injuries but thanked God that He loved me and saved my eldest daughter's life...

Lu 18:28-30

28 Peter said, Look, we have left all we have to follow you. 29 Jesus said, "I tell you the truth, man is the kingdom of God, and he has left the house, or the wife, the brothers, the parents, and the children, 30 not in this world, but not in the world. He will not have eternal life in the world. As long as you are strong, you are bold and bold, and you are obeying all the laws that Moses, my servant, commanded you, must not deviate from you. No matter where you go, you can go smoothly. (Book 1:7)

16 God loved the world, and even gave his only begotten Son, that whoever believes in him should not perish but have eternal life.

17 Because God sent His Son to come, it was not to commit the sins of the world, but to be judged by the world, but it was for the world to be saved by Him.

When I was inspired by the love of the Lord, based entirely on the principles and beliefs of the Bible, and proved by the power of the Holy Spirit, Jesus Christ is the actual current of God's love.

3:16-17

Therefore, regardless of baptism, bread cakes, masks, and other teaching devices, I practiced according to the Bible and the Lord's teachings, and therefore greatly sinned the priests and elders who were practised in the tradition. They had done for me, opened up the assembly, summoned them. When I went to a meeting where their priests and elders gathered to condemn my sin, and all their responsibilities, I used the Bible as a basis to refute them with the power of the Holy Spirit. It can no longer stop the Lord from moving forward today. An old man used the words of the Jewish teacher Gamaliel to end this interrogation and made me release (Acts 5:33-40).

When I came back, the day was like night, dark clouds, thunder and torrential rain, a rare hailstorm plunged from heaven, and I prayed, saying, "Lord Jesus, take your way, bring me home, and make ice. Not to be with me, so that I can see the road." This happened, and I rode my bicycle and went home safely. There were plagues on all sides. The disaster did not even reach me, and everyone was greatly surprised.

Acts 5:38-39

38 Now I urge you not to take care of these people and let them be. If what they have done and what they do is because of people, they will be corrupted. 39 If you are from God, you cannot destroy them. I am afraid that you are attacking God.

1 2:2

As it is written, what God prepared for his lover was that his eyes had not seen, his ears had not heard, and his heart had never thought.

If we want to understand and share the deep and hidden things which God has ordained for us, we need not only to believe in Him but also to love Him. There is not enough to fear God, worship God, or believe in God (that is, accept God); it is indispensable to love Him. The idea of love of God is to place all of us, the spirit, the soul, and the body, together with our hearts, mind, and strength, in Him. This means that we all let Him take possession of Him and disappear into Him so that He became our everything, and in our daily lives, the actual one is with Him. In this way, we have the closest and closest communication with God. We can enter into His heart and discover all the secrets in His heart. We not only know that we experience, enjoy, and fully share with God these deep and hidden things.

8. In 1976, I took two youths and a 60-year-old retired teacher to Zhuji. Lingbei preached the Gospel. We have not yet reached the site. We have already discovered the purpose of our visit. In the three broadcasts a day, We were alert to the people saying: Today, there are four evangelists from Dongyang. No matter where they are discovered, they must immediately use armed militiamen to arrest them and go to the Public Security Bureau to be punished. As a result, the city is full of wind and rain, and everyone knows about it. When we knew this, we prayed together. When we felt peace, we continued. Because the Bible tells us to pass it whenever it is not always available.

Follow-up 4:1-2

1 In front of God, and in the future to judge the living dead Christ Jesus, by his appearance and his kingdom, he is paralyzed.

2 Do your preaching. Whenever you have time, always concentrate, and use every kind of patience, every kind of lesson, reproach, alert, and exhort.

1 Corinthians 9:16-18 16 I did not preach the gospel. Because I am a last resort. If I do not preach the gospel, I will have trouble. 17 If I am willing to do this, I will reward you. If you can't be reconciled, responsibility has already been entrusted to me. 18 What is my reward? When I preached the gospel, I told people not to use the gospel to get the gospel.

Do my best to preach the gospel.

At the meeting place, we were ready to eat, but the Holy Spirit said to me: Don't eat, pray quickly, and pray quickly! We hurriedly knelt down and stayed on top of the ground.

Everyone's spirit was bound and pressed by the forces of darkness. Prayer, perspiration, and sweat ... .. finally released in the spirit. However, even a series of armed militiamen came to surround us with guns and ropes. In addition, elementary and high school teachers and elementary school teachers took their students and arrested theistic

Christians for education on atheistic actions. Coupled with onlookers, the entire building was surrounded and leaked. The brethren saw this and did not fear. They taught to sing songs and began to proclaim the gospel as usual. Everyone followed us to learn to sing poetry:

Oh, don't give up the Lord's grace and do not close your eyes to the light.

My dear, don't be hardened, be saved today.

Why do you want to perish? Why do you want to perish? Are you willing to be saved?

After the song I would rise up to preach the gospel and be stopped by a young brethren:

"Do my brothers let me speak?" The militia captain rushed in with the armed militiamen, and his eyes flashed on me like lightning flashes. And he yelled: "Take them all together and tie them up." I received the power of the Holy Spirit and suddenly stood up and shouted: "In the name of Jesus' victory, you are bound, Satan, you are not allowed to move! Let the brothers Talk about it." They were shocked. At this time, a pair of mother and daughter was escorted by the militia captain and shouted that you do not want Jesus, we want. The girl said, Dad, Dad, we want, we want Jesus. [It turns out that the mother and daughter are the wife and daughter of the militia captain]. The congregation was shocked by this sudden change.

The brethren continued to preach the gospel. Many arrested and onlookers, students, and teachers had never heard such words. They were deeply attracted by the love of the Lord. The audience was greatly moved. I want to stand up and continue the preaching. I was pulled by Cai's sister. She said, "Brother, I'm not worth the money in my sixty years old! I'm getting up and witnessing for the Lord," she took herself as a The people's teachers, how to experience the process of salvation by the Lord, how to experience the Lord's presence in life and work, and bring the Lord's testimony to the testimony. Many teachers and students present at the scene were visibly sullen and in-depth. Impressed...

The militiamen rushed in three times and were reprimanded three times. In the end I got up and witnessed the love of Jesus and asked everyone not to love Jesus in the end. Everyone answered them in unison. I said: All people raised a right hand with me and told me to pray with God and declare themselves Jesus has been accepted as the Redeemer and Saviour, acknowledging that he is a Christian. They just said what I said. I also said: Now, please pray with me and say aloud, "Oh, Lord Jesus! Oh Lord Jesus! We need you to use your blood to wash away all my sins and give us a new life of Christ's resurrection. Live a life of divine truth, goodness and beauty, and give us faith in the end of you, love you to the end, follow you to the end, and give our life to you to be a person who serves

you. Give us grace, treat our family, friends and family Bring to you. Lord Jesus! Listen to our prayers. Amen! Amen!..."

After the prayers ended, I announced loudly that today's party is over and everyone will go home to sleep. May the Lord Jesus bless everyone!

Many teachers are very touched. The militia captain was taken back by his wife and daughter. Even the rope that prepared to bind us was thrown on the ground.

People take care of themselves.

After the meeting, there are still many people who wish us to stay and continue our transportation. But the Holy Spirit urging me to say: Let's go, go! So we ran to the mountains to pray and praise the Lord. That night, there were a lot of public security vehicles, and they turned for a long time under the mountain to chase us. But we couldn't find us. We see them clearly and the Lord says: My Father is greater than He is, and no one can take them from my Father.

John 10:28-29 28 And I gave them eternal life. They will never die, and no one can take them from my hand. 29 My Father gave me the sheep. He is greater than all. No one can take him away from my father's hand.

1 God is our refuge, our strength, and our help in times of trouble. 2 Therefore, although the earth changed, the mountain shook to the heart of the sea, 3 where the water was tumbling and the mountains trembled as the sea rose. We are not afraid. (Selah).

Later, we went to another ravine to meet. Thank you for praising God! As long as we listen to the Lord, we must win the sheep.

It is very safe and does not retreat due to difficulties.

Poetry 46:1-3

---

### 38. Another contest

You give the banner to those who fear you, and you can rise up for the truth (Psalm 60:4).

One day after the tenth anniversary of my departure from prison in 2008, government workers sat in my car and drove to my house and said to me: "You

The believers in the local churches are lawless. "I said:" No! We have a heaven. It is you who have no heaven. They added: "You are gathering everywhere. Is the law big, or are you Jesus big? Order of the State Council, Zhejiang Province

Command you do not listen. You are required to register and go to a legal office to go to a party. You just do not listen. "I said," Those who believe in Jesus must listen to what Jesus said. To act in strict accordance with the Bible is the best child of God. On

It is good comrades like you should act according to the policy. Similarly, if you violate the law, the national government will never allow it. We believe

If Jesus' people do not walk according to the Bible, heaven cannot come. This is the two paths of spirituality and worldliness. I said this

These words, you think about it, right?" They nodded and said, "You can do it according to the Bible. "

I opened the Bible and referred them to John 10:28-29. Joh 10:28-29

28 I gave them eternal life. They will never die, and no one can take them from my hand.

29 My Father gave me the sheep. He is greater than all. No one can take him away from my father's hand. Mat 28:18 And when Jesus came in, he said to them, All the powers of heaven and earth have been given to me. And show them Ephesians 1:28,

Eph 1:18

And illuminate the eyes of your hearts so that you may know what expectation of his call is. How rich the glory of his inheritance in the saints.

John 5:39 You searched the Bible. (Or you should search the Bible.) Because you think there is eternal life in it. It was this scripture that witnessed me. When I referred them to the Bible, after they saw it, I didn't tell them that they knew exactly who

Now.

One of them said with deep feelings; "I really don't think that the purpose of our visit today is to educate you. It is unexpected that you have given us a big lesson." He asked me again: " Which university did you graduate from?" I said, "I didn't go to college. I'm a believer in Jesus. This Bible will enable you to be saved by faith in Christ Jesus."

Then I turned to them and asked them: "Have you three heads of marriage married?"

They said with a contemptuous and proud look: "Do you think we are not married at such a big age? I told you that ours The son is getting married soon!" I asked again "Do you have registration procedures for getting married?" They said: "Of course, we are all national staff. How can we not register?

Why don't you have legal procedures?" I asked with a smile: "Have you got married? Are you in love?" They said impatiently, "How old do you ask? Ask these things? We are both husband and wife. It is a dual-family worker, the national staff, plus the family is the only child, the burden is light, and the work is also good, why not fall in love?"

I solemnly said, "Please don't get angry. I'll finally ask you a word: "If your wife registers and gets married with someone else, what will happen to you?" he immediately replied, "It's still useful to say! Register with others and divorce immediately. When I tapped on my thighs, "Okay! The point we are talking about today is here. The church has been

given to Christ and given to Christ as a virgin virgin (2 Cor. 11:2). The church has already been engaged to the Lord Jesus. If we register with the world, the Lord Jesus will divorce us. We have nothing to do with the Lord. For this reason, today's church must not be re-registered with the world. This is our relationship with the Lord. It is a spiritual matter and has nothing to do with the world. ”

I also said, “You can rest assured that the church does not participate in any political organization, nor does it oppose politics. The church is not related to politics. If it is related to politics, it is a false saint and a false Christian. In the future, the Lord will deny us.”

They said: “It is not that you want to participate in organizations and politics. Now everything that is within the Chinese people's land must be managed and not managed.” I said, “I'll ask you a word again, please answer me. Can an illiterate be a university professor?” He said, “Of course it is not possible.” I said, “You do not believe in God, and those who do not believe in Jesus can manage the church? It is also impossible. Did the teachers and professors teach at the university and wouldn't the entire university be blinded? Those who do not believe in God will come to govern the church. The entire church will become unbelieving, and it will become like unbelievers. Didn't they all go to hell?” After listening to my words, they nodded and said, “We understand.” I said to you a blessing, so that you may receive blessings. Please read Genesis 12: 3. For blessings, I will bless him. Those who cursed you, I will curse him, and all the nations of the earth will be blessed by you. (Gen 12:3)

Rom 11:33-36 33 Deep, God's rich wisdom and knowledge. How can his judgment be unpredictable, and how can his trace be hard to find? 34 Who knows the heart of the Lord and who has made his counselors? 35 Who gave him first and made him pay later? 36 For all things are to him, they trust in him, and they belong to him. May Glory be given to him forever. Amen.

I am going to walk the world now. You know with one mind and heart that there is not a single word that the Lord your God has promised to bless you, and all have been fulfilled on you. (Joshua 23:14)

To seek nothing, seek everything.

But I do not think of my life, nor regard it as precious, but as long as I have finished my journey and accomplished the ministry that I received from the Lord Jesus,

From the destruction of the city of Jerusalem from Nebuchadnezzar to the present day, all nations, people, races, and individuals who curse the Jews were cursed; all who blessed the Jews were blessed.

They have nothing to say and go back quietly.

Therefore, you must set your mind and do not think in advance of how to divide your case; for I will give you wisdom in eloquence, which your enemies cannot and cannot refute. (Luke 21:14-15)

Those who love God will be loved by God.

Proof of the Gospel of God's grace. (Acts 20:24)

It is the will of the Lord, and I will follow; I will not follow you in the Lord's steps; if you permit me to pass, the cold waves of the Dead River I

Do not hide.

On May 28, 1998, I was forced to drive a car from the province, prefecture, and county in the third month of the previous month. I asked: "Do you want to retaliate when we do this?" I said that in Chinese, the prime minister can Boat, but we can fly inside Christians. We only pray for you and say, "Father, forgive them because they don't know what they did. We can only bless you. We do not allow Christians to curse others." They also said that all Christians would listen to you before. No one now will listen to you, because there are a lot of factions in the group. Are you ready to contact that faction? I said, "I only know Jesus Christ and his crucifixion. So I am willing to have friendly relations with all people. I am also happy to maintain a good relationship with the government because the purpose of the Christian faith is to bring happiness to mankind. Bring peace to the world." When I came back, the Lord revealed to me the vision and blueprint of the building of the church. I saw and burdened and made it clear and plain. I took the construction work and gathered the saints who were over the age of 60 with the workers. Give me the vision, entrusted to them, and gave them the burden to build and serve the church and get people, set up a 24-hour watchful blessing and prayer. Because they are more mature people, blessings in their hands, holding up the hand of holiness every day, releasing the blessings of their lives, for the revival of the teachings of God. They do not pray, study, back, or speak. Only focusing on bringing the blessings, light, and revelation of God to the church, it is important to pray for the revival of the church.

We also called together brothers and sisters aged 35 to 59 to teach them how to do things in God's family.

It is the study of the elders and co-workers who serve God and want them to become masters, and to serve as the churches that serve God. Focus is on role models

The love of the Lord and love of our brothers and sisters is not in right and wrong, right or wrong, but is in the flow of life.

Their responsibility is to turn negative things into positive ones. Turn darkness into light and death into life; others can

Negatively, there is no power in the family to be negative, only positive; others can be passive, the leader of the church, does not allow passive, only

Active, active, active, and active.

University graduates to brothers and sisters of 34 years old, the focus is to pray, study, back, talk. Being composed of truth and learning good

Good character, become a soldier of Jesus Christ, and fight the goodness of the good, become precious vessels, and let the Lord use it. Let the Lord

There is a twist on them.

Reading college students and guiding them to pursue God all the time because in China's universities, they have more time to spare and lead them to practice God first and establish a personal, intimate and affectionate relationship with the Lord. And there is a passionate pursuit of truth, life, and the way to pursue God's and God's speaking - the Bible.

For high and junior high school students, in China, the burden of study is heavy, so first of all guide them to longing for God.

God is the only, the highest, the most beautiful, and receiving Him means getting everything. Losing Jesus means losing everything. Everything needs to be To Jesus.

For children, they are taught to know God, fear God, and love God; they are told about biblical stories. They tell that God is omniscient, that our children are thinking, God knows, so they are taught to be holy and to be loved from childhood. The life of God makes God please us...

It is eternal life to know your one true God and to know Jesus Christ whom you have sent. (About 17:3)

The sister-in-law is the main force in the church, and the number of church members is more than two-thirds. Therefore, they must give play to their spiritual initiative, they must not suppress them, they must have correct guidance, their initiative and initiative, and they should love the Lord. Of particularity, if all the sisters are alive. The church is alive. The elders of the churches are not the industries that the Lord has governed, but are the models of the flock. They love and love God, and they provide for the protection and cover of each of us.

At the same time we learn a few things

1. We learn to be completely obedient to the guidance of God and His speaking.

2. Learn to live by faith, live by faith, and act by faith.
3. Learn to be patient in adversity, willing to endure, complain, and pray and praise.
4. Learn to rejoice in suffering.
- 5, learning to rest in fatigue, not work hard, tired and comfortable.
6. Learn to be more attentive, calm, calm, calm and steady.
7. Learn in various situations, full of thanks and great praise.
8. Learn the sweet match of the four living creatures and serve God fast.
9. Everything is for the development of the gospel, and it is the person who gains and obtains the land.

Let our years not be empty, and live according to the will of the Lord. Therefore, our churches have been built healthily and have been moving forward. The number of people has also greatly increased. In 1999, we had a full-time Bible study class for young people and established a service system for students, children's health, and churches.

Concord with the Lord forward.

---

### Thirty-nine, repeated teaching does not change

Since I was especially raised by the Lord on June 25, 1972, the Lord has put the burden of youth on me. Thank God, the Lord gave countless youth and youth to His church. At that time, the number of teenagers reached about 80% of the number of people in the party. Most of the young people are willing to cooperate with the Lord's actions and become the elite soldiers of Christ Jesus to fight for the good of the gospel and the truth. Therefore, when we succeeded in winning the battle in 1983, we really thanked the Lord for his great blessings and great grace. Alleluia! Glory Lord! Amen!

After I was arrested, I had broadcasted for three days and three nights. I said that I was training young people as a corner of socialism and competing with atheism for the next generation in an attempt to peacefully evolve...

When I was released from prison on May 28, 1998, "I can't change my religion", I still have a burden on the young people. I really see that the young people are the future and future of the church. Because if we take the time to get older people, we just love them for the rest of their lives. To spend time on middle-aged people is only to have their half-life to love the Lord; but if we spend time on youth However, it is their lifetime to love the Lord. Therefore, the most valuable thing is to have a variety of accomplishments for the young people. The Bible also tells us that the way children are taught to walk shouldn't be deviated when they are old (P 22:6).

And children are treasures of today's society. At least parents, grandparents, grandparents and 6 adults love her and him. But as long as you give him or her a small gift that he likes, he or she will cry with you for the Lord, read and write the Bible, and sing poetry. Because we have these treasures, these six adults will With this baby are saved. This is the fastest and most valuable way to revive the church today. It is also the way that the Lord is most pleased.

3 I said to you, "I tell you the truth, if you do not turn around, you will become children and you will not enter heaven." 4 Therefore all who are humbly like this little child, he is the greatest in the kingdom of heaven.

15 I tell you the truth, if you don't like the children of God, you can't go in if you don't like children. 16 He took the children, laid them hands, and blessed them.

My heart is calm and quiet, like a broken child in his mother's arms. My heart is like a broken child in me.

To humble yourselves before the Lord, the Lord is better than to raise you.

A child who is only five years old, as long as he receives proper instruction, is able to be saved as an adult. I am convinced that children repent and be the best among us. My comment to them is that they are more sincere, lasting, and more practical than any other kind of person.

Therefore, since 1999, we have been conducting full-time training for young people in truth, ministry, gospel, life, and character. Training can only be done in secret, because serving young people is a great price. The regime has repeatedly reiterated that we will never allow us to preach Jesus to young people, and that the people who preach to the youth are the targets of the government's focus. But we have received such a burden from the Lord and we will not accept intimidation from anyone. Although we were killed all day long, people saw us as sheep to be slaughtered, but through the love of our Lord, we have won more than we have in all these things (Rom. 8:36-37). God's clear revelation to us is "not to be raptured or to be blasphemed." We know that there are opportunities for re-incarceration and martyrdom whenever and wherever possible. It would be better if there is still a little time for the Lord to use. We will never stop our footsteps because we are afraid of martyrdom.

I don't want to be a follower of the Lord. If I do not follow the Lord closely, who will follow closely? If we do not practice God

Too 19:14

Jesus said, Let the children come to me and do not prohibit them. Because it is such a person in heaven.

Too 18:3-4

Who will come to practice? If we do not fight for the truth, who will fight for the truth? If we do not preach the gospel, then who shall call it? If we do not fulfill our youth, who will accomplish it? If we do not cooperate with the Lord's actions, then who is called to cooperate? I hold my determination to die and provoke the heavy burden that the Lord has given me, and began the training of young people's full-time training. We are under pressure from all sides, but we are not trapped, and we have no way out (2 Corinthians 7-18). Under the Lord's protection, I spent a lot of time with my fellow co-workers.

In August 2009, we were taking the students on a hidden hill (we called Change Mountain, which was a youth training base that had been using for nearly 37 years) for summer training. However, on the morning of the 23rd, our yard was surrounded by heavy soldiers. At the time I was in the latrine outside the hospital, I had a chance to leave. But the Lord said, "I am a good shepherd, and the good shepherd lays down his life for the sheep." So I immediately rushed in the past, it blocked the shot of students. I shouted for the name of the Lord in order to give the students courage. The staff of the camera and numerous public security officers did not know what happened until the National Security Team captain arrived. At first sight, I blocked the camera and reprimanded me loudly: "Hu En Yu, it is you...". He ordered police officers to put me on a police car. I said to the student loudly, "We have Jesus and we don't have to be afraid." I said to the captain of the National Security Team: "Please put all the students off. I have to bear anything." He said, "This is you Do I have the final say?" I shouted, "If you arrest students who read the Bible, they will have a bad international influence. By then, you will not be able to get off the hook. You are wise."

After a day's interrogation, the students were released. The captain of the National Security Team and the secretary came to the place where I was detained and said to me, "We have all released the students who are not willing to protect themselves. Do you have any other words to say?" I said, "The two oldest brothers were also released. Because they couldn't stand the torture they suffered, they would kill them." They went out for another few hours and came to me and said, "We have already released the two elderly people. Now what do you think of this? Today, we are mobilizing such a scale." The big public security laws and government workers have already made things too big. Leaders all know." I said, "Behold! I'm in your hands. What should you do if you do it? Do you want to sentence? "There is no problem in killing or killing people." They said, "You must be detained and sentenced first." They saw me righteously and moved the secretary of the National Security Brigade. Because the first hurdle to prison was assault, the

secretary said: "I personally sent you to prison and told you something to tell them not to hit you."

When I was sent to the detention center, it was a little over a bit early in the morning. The prison medical staff helped me to measure the blood pressure. The data showed that it was 130-180 degrees, and the normal person was 70-120 degrees. Therefore, the prison doctor said, "People with such high blood pressure cannot be detained, and the weather in August is so hot that it will be fatal." Secretary of the National Insurance Brigade said: "Things are so big that the superiors will not let go. If no one is in charge of us, we will be difficult to confess. Just ask you not to beat him." The guards led me into the detention center. It was the hottest weather in years and the temperature reached 40 degrees. Twenty-four people have been detained in places where eight people have been detained. Several young people in custody could not stand the heat and heat. So I immediately prayed, "Father, let me go." Suddenly I don't know where the cool wind came from me, which made me so cool and comfortable. I could not find the source of the wind on all sides. This wind has been with me until the day of leaving the prison, and I once again experienced the Lord's wonderful care.

On the next morning in prison, the prison doctor who gave me blood pressure hurriedly came and asked, "Is the old man who believed in Jesus last night still alive?" I replied, "I'm still alive, but also Living well." She asked back: "Do you really have Jesus on your body?" Afterwards, the prison doctor gave me an examination of the body and measured high blood pressure, high blood sugar, and a very abnormal heart. I have many hypoglycemic, blood pressure heart medicines.

The Lord instructed me when the morning of the morning of the Lord's Day was on me. "If they do not send you to the hospital for examination, you will die in prison. When the prison doctor sent the medicine, I said to the prison doctor, "Thank you, don't send me medicine. Because Jesus said to me....."

When she heard it, she said to me, "I don't know why. From the day you come in, I cannot care for you. This medicine you still eat, live for Jesus and those who care about you. I will Your situation is immediately reported to the director."

Two hours later the prison guards called me out of prison, nailed my ankles and nailed the anklets, took the police car and armed me with two submachine guns on my head and chest. I thought I was on the execution ground, so I immediately seized the last opportunity to share the gospel with the armed police and police officers. Slowly they had a good impression on me and asked me what happened to Jesus. I got off at the People's Hospital. Knowing that it is not on the execution ground, but checking the body.

It turned out that the director of the detention center had asked the name of the person who believed in Jesus after hearing the prison doctor's report. She said that she was Juno Yu. When the director of the institute was Hu Enyu, he said that I wanted to see him six years ago. This person is in faith.

The diehards, no matter how we treat him or believe Jesus, never change, but they are absolutely good people. "So he ordered the police to send me to the hospital.

Immediately upon entering the hospital, I immediately cried out for the name of the Lord and told Jesus the gospel to every passing doctor and nurse. When I checked my body, my blood pressure was 150-230 degrees, the normal person was 70-120 degrees, the normal blood sugar was 3.1-6.1, and I was as high as 18 degrees. The ECG display was also intermittent, but I passed it to each doctor. The gospel urged them to believe in Jesus. They were afraid that I would die in the hospital. They said that we believed in our letter and called the police to take me away immediately.

After returning, an inmate released the police. The director and the cadre armed police stood high and the prisoners were in a low place. The director screamed at the stage, "Wu Enyu, are you there?" I looked up and answered, "Yes." He turned to the rest of the prisoner and said, "You see this person, this person is a famous diehard, this person believes Jesus is a Christian who is not afraid of death, but it is definitely a good man. We used to arrest him and beat him. He did not have any regrets. Instead, he prayed loudly for us: "Father, forgive them because they did not know what they did. "We also raised a hand for our blessings and said," Jesus loves you and Jesus saves you. "So no one of you can hit him."

---

#### 40.The family thief does not except forever

At the time when I was in the detention center, Li Lihong was saved by my self-denial, but when he came out of jail, he scolded me and sold me and betrayed me. He said to the United States, Taiwan, and co-workers that I am mentally ill, eat stools, wear crazy clothes, and have only his witnesses... so I have rarely seen a co-worker. He said in the churches that I was imprisoned this time for my own sake. It was an individual's work that was done well, not in the body. So God took him and let him learn the lessons of matching. I also said that I have not witnessed in prison and I am crazy about loading and letting my brothers and sisters pray for me, nor do they allow my brothers and sisters to visit me. In the churches, I said: I am not in the local church. I am in the Eastern Lightning

Teaching. Call all my brothers and sisters to hide from me and get away from me and call the churches to chase me... In this vicious way to attack me and isolate me...

In May 5th, 2014, in Zhaoyuan City, Shandong Province, the "Almighty God cult incident." He also gathered a group of people to sort out the materials and accused me of saying that I was the principal and the first offender of the cry cult organization in the mainland and asked the government to reconsider the death penalty. As their father and son told me in 1983, they asked the government to sentence me again to death. I called for the Lord. The Lord told me that his intrigues cannot be won. On August 23, 2009, Li Lihong put me in jail and did not die. This time the Lord saved me again and left his hand. This is his third attempt to kill people.

Li Lihong returned from the death penalty, and now he has become a serpent on the road, and the road is awkward. For example, on July 29, 2001, the Hangzhou language work was copied and many young people were sentenced. Only Li Lihong, the responsible person, was unscathed and glorious. The government demonstrated him and made great contributions to the government.

Another example: On February 28, 2011, Li Lihong deceived Yu Jiakang (responsible for printing Morningside) of Yongkang and was arrested and sentenced in Dongyang.

Another example: Yang John (Wenzhou). Hu Fukang (Cangzhou people, their descendants can testify to Li Lihong's actions and live madly). ... and so on, until now... Only God knows this.

John 6:70-71 70 Jesus said, Did I not choose your twelve disciples, but one of you is a devil? 71 Jesus said this to Judas, the son of Simon Iscariot. He was one of the 12 disciples and later sold Jesus's.

23 Jesus answered and said to him that it was he who sold his hand on my plate with me. 24 The Son of Man must die, just as the Scripture pointed to what He wrote, but woe to those who sell the Son of Man. The man is not born in the world.

Rev 2:14

However, there are a few things I will blame you for because there are people who are obeying Balaam's teachings. This Balaam had taught Balak to put stumbling blocks before the Israelites and told them to eat things that were idols and commit adultery.

Li Lihong is a politician in the church! Balaam in the Bible!

But God, through the director of this unprofessional detention center, kept me from being harmed in prison. Later, it was this director who made two critical reports for me to the superior department. I was able to seek medical attention. , Execution.

If there is no love for the Lord, my life will no longer exist. If there is no grace for the Lord, where I am looking forward to, I will sit in front of the Lord and you, tears soaking in the clothes, remembering the Lord's grace for my life, my heart. With emotion, I remember the Lord's grace for my life. Lord, your love is infinite.

26:23-24

After we passed through the valley of tears, the Lord called this valley a place of fountainheads, and there was a blessing of autumn rain that filled the valley. They stepped upwards and each went to Zion to see God (Psalm 84:6-7).

Thanks for praising the Lord, no one can stop the church from moving forward. Serving young people nowadays has become a top priority for all churches and has been recognized and practiced everywhere. The churches began to take the path of revival to practice, support, teach and build. May the Lord's churches in various places make the church more knowledgeable and rejuvenated through the work of the gospel. May the Lord's golden lampstands in various places be illuminated more and more!

---

#### 41. When there is the spirit of suffering and the spirit of the martyrs

1 Peter 4:12-14 12 Dear brother, don't think it strange that there is a trial of the fire coming to you. (It seems to be a very special experience.) 13 Rejoice. Because you are suffering with Christ, so that when you are glorified, you can also rejoice.

happy. 14 You are blessed if you are reviled for the name of Christ. Because God's glorious spirit lives on you. Rom 8:17 Now if we suffer with him, we will also be glorified with him.

Christ suffered for us first and left it for us. We must follow His steps, and we must have suffering hearts.

1. We use our suffering mind to arm ourselves, and spiritual warfare can triumph  
Christ has suffered in the flesh. You should also use this heart and mind as weapons.  
Because of suffering in the flesh, it has been cut off from sin. (1 Peter 4:1)

Enjoyment arouses our fleshly passions, but suffering cools our lusts. The purpose of Christ's salvation is to save us from the false life we have suffered. In this purpose, suffering responds to Christ's salvation and keeps us from our sinful life and from the torrents of debauchery. Most of this suffering comes from persecution, which is God's discipline in His administrative response. It is through such physical suffering that God is judged, dealt with, and disciplined in the flesh. Therefore, we must arm ourselves with a clear-minded mind in order to endure such suffering.

2. The suffering heart is to prepare themselves for suffering before God, willing to suffer, and for God's will and rights, at no cost to pay, not even to care for their own lives.

Although the Lord has given you bread as a hardship, and has given you water as hardship, your teacher is no longer hidden, and your eyes will see your teacher.

You will either turn left or right, and you will hear a voice behind you saying that this is the right way to walk in between. ( matches 30:20-21) 128

When we have suffered suffering, the Lord does not necessarily cause us to suffer, but you do not have the ambition to suffer. When God tells you to suffer,

Complaining, complaining about people, not God and people's approval. If you have the spirit of the martyr, the Lord will not let you martyrdom. But you didn't

The spirit of the martyrs will fall to you when you preach the main road, and you will fall so badly and miserably.

As we are more than afflicted by Christ, we have more comfort in Christ. (2 Corinthians 1:5) 3. Suffering is the way to glory. Today our suffering is to make me rewarded, glorified, and crowned in the future. It is a child, a heir, a heir of God, a heir to Christ. If we suffer with him, we must also

Glory with him. I think that the suffering of the present, if it is to be revealed to our glory in the future, is not enough to mind. (Rom. 8:17-18)

4. Suffering is not God's purpose. It is a means of successfully accomplishing God's will. Ultimately, it is for us to benefit and God is glorified.

I have already set up for the Lord. I won't care for the gains and losses.

As long as God's desire is fulfilled, it is willing to follow the theme of "pain."

---

## 42.The blood of the martyrs is the seed of life

There are only one kind of person in this world. You killed him/her and he/she must smile and pray for you because they know what life is and what death is - "Everyone will die, But not everyone really lives.")

The Lord's message of comfort: Blessed are those who are persecuted for righteousness, for the kingdom of the heavens is theirs. If someone is blaming it for my sake. For you will persecute you and make false statements against you, and you will all be blessed.

Rejoice and rejoice, because your reward over the heavens is great; Matthew 5:10-11.

Heavenly Father Uses Martyr's Life:

1. Some people said that the blood of the martyrs was the main material for the construction of the church. The Bible also said that if a seed does not fall to the ground

and it is dead, it is still one grain. If it is dead, it will bear many grains (John 12: twenty four).

2. From the development of the church and the history of the church, we discovered that the development of the church brought about by persecution is very obvious. Believers are not masochists. They are not asking for difficulties. Once difficulties arise, once believers are martyred When the news spread, someone believed in Jesus. Even those who had killed Christians also believed in Christ.

3. According to statistics, from an average of 857 people on Earth, one person was the main martyrdom, and 322 people heard the gospel when each martyr appeared. 203 of them believed in Christ, and only from 1980-1990. In the past 10 years, when an average martyr appears every year, 460 people hear the gospel.

4. A very obvious example - when the church in China was in a decade of catastrophes, it was claimed that the Christian faith had entered the museum. At that time, the church, the Bible, the poetry, and the clergy were all gone, but God not only left "seven" for themselves. Thousands of prophets who did not bow to Baal were more developed and the growth of Chinese churches was hailed by pastors as the fastest growing church.

5. Therefore, the martyrdom can be said to be the living witness of the Christian, the completion of the Christian faith, and the final declaration of the gospel.

On May 31st, 1972, the great scribe Sir Nee-sung made his last bit of hard work for the mainstream and exhaled the testimony of his last witness.

O LORD, let all your enemies be destroyed. Those who love you appear like the sun, and are bright and fierce (Judges 5:31).

The Lord said, The hardships my people suffered in Egypt, I really saw them, and they were mourned for their obedience

I heard it, too. I knew their agony. Therefore, I want to send you to see Pharaoh so that you can use my people.

The Israelites came out of Egypt (Ex 3:7,10). 130

Soon the most lively testimony began. God proclaimed many witnesses of the gospel that were not afraid of death, greatly proclaimed the blessings, and established many churches and churches. I was one of the witnesses who was raised by the Lord at this time.

### 43. The Secrets of Chen Ming's Belief

Purpose: To demonstrate your beliefs in ten minutes: Recite 10 important biblical texts and learn to explain them as the foundation of Chen Ming's beliefs. Application:

1. Demonstrate their beliefs to non-teaching people
2. Precaution to distinguish between different heresies The Bible says that believers must make a good recognition of faith before many witnesses (1 Timothy 6:12), and they say that they must always be accurate.

Prepare to reply to every one who asks their faith (1 Peter 3:15). Every believer must have a clear understanding of what he believes and what he can do. This is the command of the Lord and it is also the responsibility of believers.

The most effective way to implement this order is to memorize Bible-related texts, review them, and apply them at any time. This is the most basic tool that believers need. Each believer must firmly remember these verses as basic information such as their name, address, birthday, etc., and they can repeat the explanation without thinking. God's command is that believers should "put their minds on their hearts", "keep them on their hands," and "wear them on their foreheads" (Deut. 6:6, 8). Today believers apply effective mnemonics to write down the words of the Bible. In the existence of the memory system, it is the execution of the Lord's command.

Experts believe that the most effective method of memory is to set up associative hooks, that is, to remember things in real life in the brain, and then repeatedly review the series of physical things. In this way, ten verses can be rehearsed and applied repeatedly within 30 minutes and effectively repeated. Take this to achieve four goals: 1. Cook back ten verses, 2. Prevent heresy, 3. Communicate believers to evangelize, 4. Learn to use a simple memory system that can be applied to other fields of study.

Ten points of faith declaration

1. I believe in the Bible
2. I believe in the one true God
3. I believe in the Father and Son Holy Spirit Trinity
4. I believe that Christ is God and man
5. I believe that Christ died for sin and was resurrected three days later
6. I believe that Christ has ascended to heaven.
7. My faith is to be saved by grace.
- 8, I believe the church is the body of Christ
9. I believe that Christ will return. 10. I believe in the final judgment.

To help memorize, the above ten points can be represented by the following crosses:

After a master worker, Heaven will return

The Bible... One... God's place... God's three... Father, Son, Holy Spirit. The Lord...

Christ's body – God and man. Work...Christ's work...death and resurrection Day...the ascension of Christ. People ... people are saved. Will... The church is the body of Christ. Back... The return of Christ. Return to ... the end of the universe.

The above ten points of faith originate from the following ten verses. These ten verses cover Christian fundamental beliefs and are the origin of all creeds. Ten Scriptures Briefly

Explain Key Points

One, the Bible

3:16-17

16 The Bible is all inspired by God. It is useful to teach lessons, to reprove people, to convert people, and to teach people how to learn.

17 The people who are God are perfected and prepared to do all kinds of good works.

The Bible not only removes chaos but also gives people divine light and revelation. 1. Our faith is based on the Bible (not based on human beings, nor is it based on tradition, superstition, creed, etc.) 2. Only the Bible is the word of God, God's exhalation (other books are people's words) 3. There is only one Bible (no Other Bibles, Scriptures, etc.)

Second, a god

With regard to eating idol sacrifices, we know that idols are nothing in the world. I also know that there is only one God and there is no other God. (1 Corinthians 8:4)

To know that idol is nothing, and there is only one God. There is no other God. We need to have subjective perceptions in it. This perception comes from our spirits and through our minds. This is much more than just objective knowledge outside the mind.

Third, God's place in the three: Father, Son, Holy Spirit

4. The position of Christ is God and man

The fathers were their ancestors. According to the flesh, Christ also came out of them. He is God above all things and can always be praised. Amen. (Rom. 9:5)

1. Idols are not gods (Idols of wood and stone are not gods. Idols are not gods) 2. God is the master of heaven and earth who is in charge of heaven and earth. (The world is not natural.) 3. God is invisible to the naked eye. Think of God through thought and cannot be a god.

So you are going to make all peoples my disciples and baptize them in the name of the Father and the Son. (Or give them baptism to the name of the Father and Son of the Holy Spirit) (Matt. 28:19)

It is clear here that Christ is God and proves that Christ is a person of the flesh, out of the tribe of Israel's Judas, but He is also God who is always praised above all. He is man and God, and the Son of God is also the Triune God.

1. God became a man and he took the flesh and called Jesus (not an angel, a mirage, but a historical figure) 2. Jesus is a God (not a sub-god) 3. God's people are in one, never confused, forever (not only people, not only God, will not pass)

#### V. The Work of Christ: Death and Resurrection

1 Corinthians 15:3-4 3 I received and gave it to you on that day. First, Christ died according to the Bible as our sin. 4 And it was buried. According to the Bible, the third day was resurrected. The Governor's resurrection brings people to life (today is still alive, not manifested in the flesh, but by the Spirit, the death of Christ is for human sin (not It is a martyrdom, not a sham, so that we can live and live Christ. 1. The death of Christ is a sin for man (not a martyrdom, not a suspended death). 2. Christ's resurrection three days after his death (not a fictional legend. It is a historical fact.) 3. Christ's resurrection brings people to life. (Today is still alive, not in the flesh Appearance is ubiquitous by becoming a spirit

Sixth, the ascension of Christ

Christ as a high priest above the heavens took us into the heavens, from the outer court of the earth into the most holy place of heaven. This holy of holies is connected to our spirit by His ladder.

The first thing that we are talking about is that we have such a high priest who has sat on the right side of heaven and the throne of the Great (Heb. 8:1).

1. Christ lives in heaven today (without the past and is not replaced) 2. Christ intercedes for believers today (no priests, pastors, any religious leaders are intermediaries) 3. Christ rules everything (the world is not a devil, not self-born) Self-extinguishing, no evil will last forever. 7. Human salvation

Eph 2:8-9 8 You were saved by grace, and also by faith. This is not out of self, but of God. 9 It is not because of the act, so that no one boasts. The letter is the quality of things not seen. Through faith, we are authenticating what Christ has accomplished for us. Because of this quality

We are saved by grace. God's grace has saved us by our faithful faith. Our letter is the letter of faith in Christ, that is, Christ is:

1. People are saved by God's grace (not by self-cultivation, morality, and good people, not by burning incense and worshipping Buddha) 2. To be saved only by believing (believing that God has done everything for others, faith means acceptance) 3. Once

saved, forever saved (made The children of God do not rely on good deeds to maintain their children's identity. VIII. The church is the physical body of Christ. His body is full of all beings. (Eph 1:23)

Nine, the return of Christ

In this way, since Christ was offered once and took many people's sins, in the future it will appear to the one who waits for him to appear for the second time, and has nothing to do with sin, but to save them. (Heb 9:28)

Ten, the home of the universe

According to the order, everyone died after death and there was judgment. (Heb 9:27) 1.

Death is not a person's final destination (not death of people like a lamp is destroyed) 2.

The Bible predicts that this generation will end, there will be a large judgment after the millennium 3, and no God will perish forever, and believers can New Jerusalem

1. The church is a living organism (not a chapel, not an artificial organization)

2. The content of the church is the fullness of Christ (not the leader's style, taste)

3. The church includes all believers (irrespective of race, culture, background, practice, truth)

1. Christ came for sin for the first time, for the second time for the rejuvenation of the whole earth.

2. Christ solved personal problems for the first time. The second time came to solve world problems.

3. The believers are eagerly waiting for the return of this person. (not waiting for another Christ)

---

## 44.The victory of the Lord's love

After I was blessed to be saved, God's mercy can be spent with the brethren in the local church to serve God. On May 28, 2014, in Zhaoyuan City, Shandong Province, the Almighty God cult said that many brothers and sisters urged me to write down the life and the Scriptures I received from the Lord. We declare that we are not shouting cults. It is the church established by God's call. So I wrote this autobiography "Love" or "The Victory of the Lord's Love" by remembering.

This book has mainly witnessed that although we have experienced many hardships and obstacles throughout our lives, the Lord's loved ones have brought us over. God has made our spiritual life fulfilled. God really treated our family. May the praise of glory endure to Him. Hallelujah, Amen!

I will praise the name of God in poetry and thank him for being great. (Ps. 69:30) We would come to thank him and cheer him with poetry. (Psalm 95:2) So if you are truly raised with Christ, seek to do the things above. There is Christ sitting at the right hand of God. (oo

3:1) Whatever you do, speak, or act, in the name of the Lord Jesus, thank God the Father through him. (West 3:17)

What are the things that the one hundred and twenty people in the building have seen?

They all became burnt offerings. They are burning, but also burn others!

We also need to be burned, and then we will burn others!

---

## 45.The burden before the Lord

For decades, although the roads of my life have experienced many twists and turns, and the Lord has allowed me to enter trouble again and again, and again and again the Lord has taken me from the furnace of suffering, I am amazed at the wonderful leadership of the Lord. I believe that He has in me The good will is to complete God's eternal plan. So we must train God's willing workers to serve God. This is the six things in Hebrews 13:1-7.

13:1-7

1 You must keep your brethren in love. 2 Don't forget to welcome the traveler with love. The angels were unknowingly received because they once received guests. 3 Remember the people who are bound, as if they are bound with them, and remember those who are suffering, thinking that you are in the flesh. 4 Marriage, everyone should respect, the bed can not be filthy. Because people who engage in adultery must judge. 5 You must not be greedy for money. Take your own footing. Because the Lord once said, I will never leave you nor will I lose you. 6 So we can boldly say that the Lord is helping me, and I will not fear. What can people do to me? 7 Lead you in the past, and give to those of you those who preach the word of God. You must miss them and imitate their faith, and look at them as human ends.

First, to serve God, we must have a love for our brethren. Love is the fundamental, love is the driving force, and love is the exhalation of life.

Love does not serve God well and serve the church. Therefore, the service of love is more important than the service of discourse.

Second, to serve God, there must be suffering hearts and martyr spirits. In our day, when we were serving God, we were bound and we could suffer.... Therefore, we must not only suffer suffering, but also commemorate the suffering and persecution encountered.

Third, we must respect marriage and be careful about the relationship between men and women. We should not meet alone, lest we fall into the temptation and temptation of sin.

Fourth, we must not be greedy and forgive. We must use our own resources as our own. We believe that God will care for us in life because He promises to say, "I will never leave you nor forsake you."

Fifth, there is no need to be afraid of the bad environment. Although there is danger of being bound and suffering, but the Lord is helping me, what can the person do to me? What kind?

The sixth and seventh quarters are necessary in the church life. The deacons of God's Word should have a person who can

Become an example of faith and give to the members of the church the acceptance of the Word of God. In this way, the members of the church are not

Only accept what they have provided, and imitate what they have shown.

These encouragement, promises, and warnings will indeed be a great help on our road of life. Recalling my faithful life for decades, God did indeed care for us.

God longs for all His people who are willing to give Himself to God. This is the people who give their own lives; they are absolutely, completely, and completely God, not anything other than God.

Love God, seek God, live God, and be composed of God, so that God will bless people so that God will be shown.

Only the person who takes the ear with the absolute love of the Lord, who loves the Lord only in his heart, can love Him. Everyone who is used by God to shift the age must be a Nazarite, who is willing, active, willing, and willing to give to the Lord. He who is absolutely and thoroughly sanctified to God can be filled with God. Great use.

Those who cannot serve God: 1. Be a good man. This kind of person will inevitably bring about division difficulties to the church. 2. Greedy people, greed is the root of all evil, such as Judas, sellers sell friends. 3. A lustful person destroys the administration of God, destroys the family, and harms people. 4. A person with two ears, such as a snake, provokes the relationship between God and man, and the result is judged under the lake of fire. 5. Those who say negative things and do negative things are not worthy of following the Lord. He will leave in the end.

My wish:

I wish to bleed the main road and do not want this empty space.

My past path of life has often been through adventures and pains. If we know that everything is of the Lord, I am willing to obey everything. Everything is willing to be left behind by the Lord, not greed for the world to vanish its glory, and the heart only loves the Lord to permanent.

My heart is:

Oh, Lord Jesus, I will now offer myself, and do my best to fulfill your will; plead with the Lord to inspire me with unparalleled love, so that I can rely on you, and I will all go to battle on the battlefield. I wish to use thousands. One hundred wounds will be exchanged for crowns. May I be broken again to supply life. I would like to be refined and made precious vessels. I wish to be poured as a living sacrifice for God. I would like to abandon everything completely. No longer greed for vanity and fame.

Who can separate us from the love of Christ?

Luo 8:35-39

35 Who can separate us from the love of Christ? Is it tribulation? Is it hardship, is it persecution, is it a hungry muscle, is it naked, is it dangerous, is it a sword? 36 As written, we have been killed all day for your sake. We look like we will slaughter sheep. 37

However, with our Lord, in all these things, there have been triumphs. 38 Because I am convinced that no matter who is born, is an angel, is in charge of power, there is ability, it is the present thing, it is the future, 39 is the height, is the low, is the other created thing, all We cannot call us to be separated from the love of God. This love is in our Lord Christ. From a spiritual point of view, the smooth environment will make us more relaxed and more stressful.

Go.

If you make me fall,

If it makes me weak,

Ten even brought pain,

Even if there are difficulties with the Lord,

I don't want to save Egypt's treasure.

I would rather pick trouble and trouble; I would rather take the burdens; I would also be willing to bear the Lord; the Lord would walk with me all the way;

---

## 46.Odd love

2:3-13

1 You should know that there will be dangerous days in the last days. 2 Because at that time people had to care about themselves, they loved money, they boasted, they were arrogant and embarrassed, they violated their parents, they were ungrateful, their hearts were not holy, 3 they had no affection, they didn't comment, they could not speak, they couldn't be covenanted, their temperament was fierce, Do not love good, 4 sellers selling friends, arbitrary behavior, arrogant, love feast does not love God. 5 He has a godly appearance, but he has a godly appearance. You must avoid these people. 6 It was these people who stole people and ignorant women. These women bear sins and are tempted by all kinds of lust. 7 Often study, can not understand the truth for a long time. 8 Formerly, Yanni and Shem-Ping were able to stand against Moses and how such people were against the faith. Their hearts are broken and they are discardable in the faith. 9 Yet they can no longer be such an enemy, because their foolishness will be revealed before the people, like the two men. 10 But you have obeyed my teachings, conduct, ambition, faith, forbearance, love, patience, 11 and the persecutions and sufferings that I encountered in Antioch, Isaiah, and Ruth. What kind of persecution I endure. However, the Lord has saved me from all this suffering. 12 Not only that, but every one who seeks to live godly in Christ Jesus will also be persecuted. 13 The only one who commits wickedness and deceives others, the longer it will be evil, and the deceit of others will be deceived. Psalm 65:1 O God, all the Zion wait to praise you, and the promised ones will be repaid to you.

In those hard times before, the Lord refined us through suffering and persecution, and tried our way through the environment and storms, and tried our faith to be more precious than the gold that was still corrupted by the fire test. . However, although the misery brought us to the mountain of Myrrh, it took us even more power to bring us to Lianxianggang! We experienced the same death with the Lord in the mountains of Myrrh, and witnessed the resurrection of the Lord in Dhammakants! In the furnace, God not only chose us, as in Race 48:10:

I don't like you, but it's not like silver. You are in the furnace of suffering. I choose you. (Isaiah 48:10) Let our lives radiate a rich fragrance. The church also continues to grow and revive in that environment. However, in today's environment, the church often loses its beautiful witness and vitality. The current existence of the church

Crisis: church secularization, politicization of theology, knowledge of the platform, liberalization of life, professionalization of service. The council will disregard people Only knowledge and life are ignored. Only care about information, regardless of the needs of God and people. Although there are religious religious dogma ceremonies, they do not

With the vitality of life, there are no forms but strength. God's people do not understand the laws of God and do not understand God's will.

We cannot distinguish between altars and high places; we cannot tell the truth and the system; we cannot distinguish between obedience and obedience. Can not tell the body, body and body.

Can not distinguish between the same person's heart, with God's heart, or with the ghost's heart. The meaning of a person, the meaning of God, or the meaning of a ghost. know how

Increased, less love. Many people had gone to Saul's path, and even though they had won the victory and had taken Amalek's cattle and sheep, they were taken away.

The throne.

For example, churches in Zhejiang Province and Dongyang City had more than 20,000 saints before 1983. They all agreed to prosper the gospel and love each other to build a church. It is one of the churches in China's special rejuvenation. After the persecution in 1983, nearly 10,000 people did not dare to attend the party. More than 3,000 people were forced to participate in the three self-help conferences. The remaining more than 6,000 saints had been courageously marching forward with the Lord.

After the rebels Li Lihong was released, he relied on atheistic forces to dominate the church leadership. As of today, the result is less than 5,000 saints. Hundreds of co-workers also have little left. The church was torn apart. This is exactly what the Lord does not want to see.

I have seen three filthy spirits come out of the dragon mouth, the beast mouth, and the mouth of the false prophet. (Revelation 16:13) Longkou was a devil Satan who directly intervened (called sick, guilty, and homicide. The root of all these sins came from the devil); the beast mouth was the devil who had to use the power of the government, both hard and soft, and could use puns. However, 8:23). Feelings of intimidation, deception and coercion, and violence punished, to confuse and deceive the children of God. The false prophet, the new theology school today, has not yet been saved but teaches in the church. "It is true that it has gone across land and sea, seduce a man into the church... but he has made him son of hell, even more than they do." The devil used them, and they were false apostles, deceitful, but pretending to be Christ. This is not surprising because of the appearance of a disciple, because Satan also pretends to be a bright angel. (2 Corinthians 11:13-14) The above three forces are all from the devil and Satan's incarnation. Therefore, we must always remember the lesson: "Be always vigilant, and

always pray that you will be able to escape all these coming things and be able to stand before the Son of Man.” Luke 21:26.

Thank the Lord! Since the day the Lord called me, until now the Lord has been with me, and I have stepped up from the wilderness step by step, relying on my beloved. (Sura 8:5)

This is not because I have anything good. It is all the love of the Lord. The grace of the Lord, the mercy of the Lord, and the Lord's exaltation are more than the prayers that the members of the body have paid for me.

My foolish mouth cannot express the Lord's miraculous love! Chinn! The clumsy pen cannot write the glory of the Lord! I can only remember

The wonderful act of the Lord on me. May the Lord cover with the precious blood and let me fall under the blood of the Lord and not let the enemy

The devil has the slightest attack. May the Lord's name be fully glorified forever! May the church on earth be blessed by the Lord!

The God of peace is about to trample Satan at the feet of the church!

"Who is coming from the wilderness, shaped like pillars of smoke, smoked with myrrh and frankincense, and smoked with every kind of merchant's fragrant powder? Behold, it is Solomon's sedan, with sixty warriors around him, all of whom are warriors in Israel." All of them have swords in their hands and are good at fighting; they wear knives on their knives to guard against panic at night. King Solomon made wood for himself by using Lebanon wood.” (Song 3:6-9)

“My beloved! Come! Come on like an antelope or a deer on the vanilla hill.” (Song 8:14)

“Lord Jesus! I wish you to come!” (Rev. 22:20) If anyone loves God, this person is known to God. (1 Corinthians 8:3)

If anyone does not love the Lord, this person may curse. The Lord must come. May the grace of the Lord Jesus Christ be with you all. My love in Christ Jesus is with all of you. Amen. (1 Corinthians 16:22-24)

May the grace of the Lord Jesus Christ, the love of God, the touch of the Holy Spirit, always be with you all. (2 Corinthians 13:14) The love of God is the source, because God is the beginning; the grace of the Lord is the flow of God's love, because the Lord is the manifestation of God; the spiritual traffic

It is the Lord's impartial gift of God's love, because the Spirit is the Lord's transmission with God, giving us experience and enjoyment of the Triune God, Father, Son, and Holy Spirit, together with His divine virtues.

Deep, God's rich wisdom and knowledge. How can his judgment be unpredictable, how can his traces be hard to find, and who knows the heart of the Lord and who has made

his counselors, who has given him first and made him pay later? Because all things are to him, they trust in him, and they belong to him. May Glory be given to him forever. Amen.

(Romans 11:33-36)

Jesus always loved Martha, and his sister, and Lazarus. (John 11:5)

I also want to show my wish: "As for me and my family, we must serve the Lord."

Those who love God will be loved by God.

Jesus has always loved and loved Jesus. He loves and loves him. He will especially love those who especially love Jesus Christ.

Oh, Lord Jesus, I love you! Love is the only one in your heart!! Willing to be your crazy lover!!!

Oh, Lord Jesus! The church needs your living presence.

Make the church a moral church.

Become a shy church to Satan.

Become a church that unites with the desire to prosper, and a church that loves each other.

Become a church that welcomes the Lord and returns, full of God's glorious church.

I am not afraid to lose my life for the sake of maintaining the truth!

---

## 47.Hope that the Lord will come again

Lord, when you come again, it is my only comfort. Lord, when you come again, it is my only hope. Lord, when you come again, you can dry my tears. Lord, when you come again, you can rest on me. Thousands of saints ask you to appear in glory so that we may cast you to see you. Lord, you know that your children are trained in heaven. Lord, you see that we are at risk. Lord, you hear the church cry for thousands of times. Lord, you remember that we waited for many years. Therefore, we pray that you will not delay and pray that you will come today.

From now on, I am not in the world, but they are in the world, and I will go to you. Holy Father, keep them in the name you give me, and let them be one, like us. (John 17:10) Sanctify them with the truth. Your way is truth. (John 17:24) It is true to prove this. I will come soon. Amen. Lord Jesus, I wish you to come. (Rev. 22:20)

## Conclusion

As I remember that my memory was not lost, I wrote these words as a memorial at the age of 76 this year. May the Lord use these reviews to help the people who love the Lord today to make a better witness for Him in the present day according to God's intentions. !

I really don't have much to boast about. All I experience is God's grace and mercy.

Without His grace, how can I?

Can I live to this day? Without His mercy, how can I stand, how can I serve a little?

Therefore I can only admire the greatness of God.

Looking at my life, I experienced many hardships, but this body suffers, on the one hand, it fills up the suffering of Christ for His body.

The lack of one side also makes God's grace more apparent to me!

God is always blessed! I love Him, He loves me more!

Today, almost all of the people I serve with my peers have been called back to Heaven and rested in the Lord. Although I'm still alive,

And there are not many years left, but as long as I live forever, I will live according to His will; as long as the day is still there,

Do my duty to serve Him. The reason why the Lord came to delay is because His decree has not yet been fulfilled. How I look forward to Christ's

The body was built as soon as possible and the bride of Christ was neatly decorated as soon as possible, and we would welcome our lovely host back!

I respectfully offer this biography to God and use it to communion with the brothers and sisters in the Lord in spiritual life. May the Lord love it.

In victory, God's great grace also led all those who love Him to live the hardships and obstacles of life, and called God's name to be glorified.

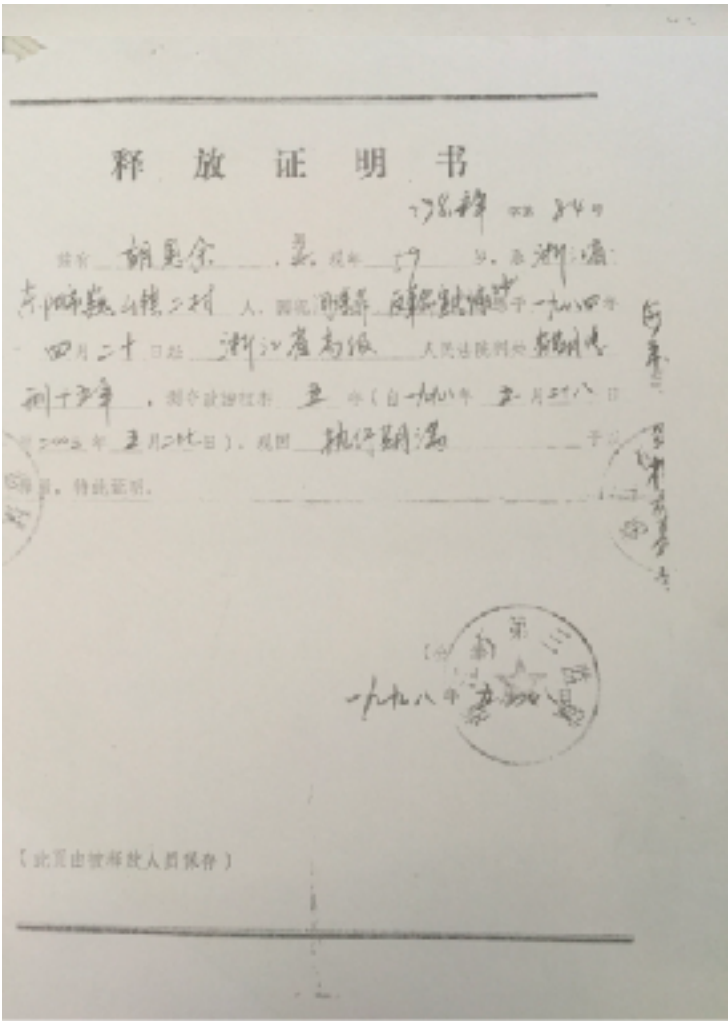

The will of the plan will be realized. Amen!

Feng Shui put incense, there are a variety of new Chen Jiamei fruit in our door. My beloved, this is what I saved for you. (Song 7:13)
